American Folk Songs Norman Cohen, 2008-09-30 This state by state collection of folksongs describes the history society culture and events characteristic of all fifty states Unlike all other state folksong collections this one does not focus on songs collected in the particular states but rather on songs concerning the life and times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on Fort Sumter and the California Gold Rush to regionally important events such as disasters and murders labor problems occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching

Through Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to be studied because of what they tell about the people of these United States their loves labors and losses and their responses to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to available recordings and other versions are given Folksongs such as those discussed here are an important tool for historians and cultural historians because they sample experiences of the past at a different level from that of contemporary newspaper accounts and academic histories These songs in a sense are history writ small Includes Away Down East The Old Granite State Connecticut The Virginian Maid s Lament Carry Me Back to Old Virginny I m Going Back to North Carolina Shut up in Cold Creek Mine Ain t God Good to Iowa Dakota Land Dear Prairie Home Cheyenne Boys I m off for California and others *Alan Lomax, Assistant in Charge* Ronald D. Cohen, 2010-12-08 Alan Lomax 1915 2002 began working for the Archive of American Folk Song at the Library of Congress in 1936 first as a special and temporary assistant then as the permanent Assistant in Charge starting in June 1937 until he left in late 1942 He recorded such important musicians as Woody Guthrie Muddy Waters Aunt Molly Jackson and Jelly Roll Morton A reading and examination of his letters from 1935 to 1945 reveal someone who led an extremely complex fascinating and creative life mostly as a public employee While Lomax is noted for his field recordings these collected letters many signed Alan Lomax Assistant in Charge are a trove of information until now available only at the Library of Congress They make it clear that Lomax was very interested in the commercial hillbilly race and even popular recordings of the 1920s and after These letters serve as a way of understanding Lomax s public and private life during some of his most productive and significant years Lomax was one of the most stimulating and influential cultural workers of the twentieth century Here he speaks for himself through his voluminous correspondence Billboard , 1971-04-03 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Dixie Limited** Joseph R. Millichap, 2014-10-17 In the South railroads have two meanings they are an economic force that can sustain a town and they are a metaphor for the process of southern industrialization Recognizing this duality Joseph Millichap s Dixie Limited is a detailed reading of the complex and often ambivalent relationships among technology culture and literature that railroads represent in selected writers and works of the Southern Renaissance Tackling such Southern Renaissance giants as Thomas Wolfe Eudora Welty Robert Penn Warren and William Faulkner Millichap mingles traditional American and Southern studies in their emphases on literary appreciation and evaluation in terms of national and regional concerns with contemporary cultural meaning in terms of gender race and class Millichap juxtaposes Faulkner s semi

autobiographical families with Wolfe's fiction which represents changing attitudes toward the Southern Other Faulkner's later fiction is compared to that of Warren Welty and Ellison and Warren's later poetry moves toward the contemporary post Southernism of Dave Smith These disparate examples suggest the subject of the final chapter the continuing search for post Southern patterns of persistence and change that reiterate reject and perhaps reconfigure the Southern Renaissance As we enter the twenty first century that we recall how much the twentieth century South was shaped by railroads built in the nineteenth century It is also important that we recognize how much our future will be determined by the technological and cultural tracks we lay
