Rain's Theory KC Mills, 2015-11-29 Rain had only been in love once in her life and it was the kind of love that held onto you so tight that nothing could erase it from your life, not even time or distance. Back in Atlanta, after six years, Rain was focused on one thing and that was finding the one person who ever truly owned her heart. Theory. Never mind the fact that she moved there with her current situation, Jamel, because honestly, that was all he would ever be. Theory knew from the first time he laid eyes on Rain that she owned his heart. She was the only thing he loved more than the streets that controlled him, so when Rain disappeared from his life, he did the only thing he could and just survived. The streets became his priority, and women became his past time. Now she's back and things are as they should be, but will the choices that Theory made affect their chance to finally get it right? **...just till over there!**
