Personal Experience and the Media Klaus Ulrich Miltz, 2006 The work of the West German artist Rainer Werner Fassbinder is as versatile as it is extensive During the 16 years of his artistic career Fassbinder produced more than 40 films and staged 29 plays half of which he had written himself In doing so he not only drew on aesthetic traditions as diverse as the German folk play the American gangster film Hollywood melodrama the Theatre of Cruelty and the French Nouvelle Vague but also worked in three media simultaneously theatre cinema and television It has often been pointed out that this versatility appears to forestall any conceptualisation of Fassbinder's work from the vantage point of its production The present work aims at exactly such a conceptualisation by exploring the interplay between his work for the different media

The directors represented include Jean Renoir, Orson Welles, Akira Kurosawa, Federico Fellini, Woody Allen, Aki Kaurismäki, Ken Loach, Tomás Gutiérrez Alea, Abbas Kiarostami, Michael Haneke, and Hong Sang-soo. Written with university students and possibly also advanced high school students in mind, the essays in *Teaching Sound Film: A Reader* cover some of the central films treated and central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills. These essays are clear and readable, that is, sophisticated and meaty yet not overly technical or jargon-heavy. This makes them perfect introductions to their respective films as well as important contributions to the field of film studies in general. Moreover, this book's scholarly apparatus features credits, images, bibliographies for all films discussed, filmographies for all the directors, a list of topics for writing and discussion, a glossary of film terms, and an appendix containing three essays respectively on film acting, avant-garde cinema, and theater vs. film.

The Cambridge Companion to Günter Grass Stuart Taberner, 2009-07-16. Günter Grass is Germany's best-known and internationally most successful living author, from his first novel *The Tin Drum* to his recent controversial autobiography. He is known for his tireless social and political engagement with the issues that have shaped post-war Germany: the difficult legacy of the Nazi past, the Cold War, and the arms race, environmentalism, unification, and racism. He was awarded the Nobel Prize for literature in 1999. This Companion offers the widest coverage of Grass's oeuvre across the range of media in which he works, including literature, television, and visual arts. Throughout, there is particular emphasis on Grass's literary style, the creative personality which inhabits all his work, and the impact on his reputation of revelations about his early involvement with Nazism. The volume sets out in a fresh and lively fashion the fundamentals that students and readers need in order to understand Grass and his individual works.
