Licensed to Practice James C. Mohr, 2013-11-15 How did American doctors come to be licensed on the terms we now take for granted *Licensed to Practice* begins with an 1891 shooting in Wheeling West Virginia that left one doctor dead and another on trial for his life Formerly close friends the doctors had fallen out over the issue of medical licensing Historian James C Mohr calls the murder a sorry personal consequence of the far larger and historically significant battle among West Virginia s physicians over the future of their profession Through most of the nineteenth century anyone could call themselves a doctor and could practice medicine on whatever basis they wished But an 1889 U S Supreme Court case *Dent v West Virginia* effectively transformed medical practice from an unregulated occupation to a legally recognized profession The political and legal battles that led up to the decision were unusually bitter especially among physicians themselves and the outcome was far from a foregone conclusion So called Regular physicians wanted to impose their own standards on the wide open medical marketplace in which they and such non Regulars as Thomsonians Botanics Hydropaths Homeopaths and Eclectics competed The Regulars achieved their goal by persuading the state legislature to make it a crime for anyone to practice without a license from the Board of Health which they controlled When the high court approved that arrangement despite constitutional challenges the licensing precedents established in West Virginia became the bedrock on which the modern American medical structure was built And those precedents would have profound implications Thus does *Dent* a little known Supreme Court case influence how Americans receive health care more than a hundred years after the fact **The**

Revenue Management Theory And Practice: Theoretical And Empirical Research Hiroshi Obata, Fumiko Hiki, 2025-07-02 This book provides a broad overview of revenue management and examines this topic from different perspectives It is divided into three major parts The first part deals with issues related to business model changes the second part deals with customer market and marketing issues and the third part examines revenue management and related issues from various other perspectives The book is dedicated to the theory and practice of revenue

management Although cost management tends to focus on expenditure it is important to pay attention to revenue as well If a company is unable to generate sufficient revenues it will not be able to generate a profit no matter how hard it tries to reduce the costs thereby threatening its long term existence For this reason revenue management along with cost management is essential In addition to costs research on cost drivers has made progress in recent years However systematic research on revenue is still incomplete There is thus a need for theoretical and empirical research on various issues related to revenue management and to systematize them

Leading for the Future: Alignment of AACC Competencies with Practice
Pamela L. Eddy, 2012-11-15 The AACC competencies were initially developed to help provide guidance in developing community college leaders because of predictions of a leadership crisis in the two year college sector Since their creation the competencies have been used to direct topics in leadership development programs and to guide future leaders about what skills are critical to master Yet scant research exists on the use of the competencies in practice or on analysis of the competencies within the changing higher education climate This issue provides a review of the research on the competencies in the field and posits several strategies for the future use of the competencies and potential changes to the competencies This is the 159th volume of this Jossey Bass quarterly report series Essential to the professional libraries of presidents vice presidents deans and other leaders in today's open door institutions New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission
