Road Back By A Liberal In Opposition:

The Nuclear North Susan Colbourn, Timothy Andrews Sayle, 2020-10-01 Since the first atomic weapon was detonated in 1945 Canadians have debated not only the role of nuclear power in their uranium rich land but also their country's role in a nuclear world. The Nuclear North investigates critical questions in these ongoing debates: Should Canada belong to international alliances that depend on the threat of using nuclear weapons for their own security? Should Canadian produced nuclear technologies be exported to potential proliferators? Does the country's championing of arms control and disarmament on the global stage matter? What about the domestic costs of nuclear technologies and atomic research including their impact on local communities and the environment? The contributors to this important collection consider how the atomic age has shaped Canadian policies at home and abroad. Their incisive assessment of the country's nuclear history engages with much larger debates about national identity, Canadian foreign policy contradictions during the Cold War and Canada's place in the international order.

The Worldly Years John English, 2011-09-14 His life changed that of his nation. John English illuminates the years of Lester Pearson's greatest eminence and vividly explores his life and times. His period as prime minister was to prove one of the most decisive in our history and his policies helped shape Canada's foremost international statesman. The Lester Pearson who emerges from the account of these momentous years from the Korean War through the tumultuous sixties to his death in 1972 is a complex paradoxical figure. A man uneasy with ambition who shunned the flamboyance of his arch rival Diefenbaker, Pearson nevertheless competed for the most glittering prize in Canadian political life. World recognition brought him the Nobel Peace Prize yet in his battle to maintain independence for his country he deliberately incurred the wrath of its powerful traditional allies, particularly Lyndon Johnson whom he heartily disliked. He was oddly unprepared personally to take on Canada's highest political office and led the Liberal Party to the worst defeat in its history yet went on to sponsor astonishing far reaching changes in Canadian society: bilingualism, biculturalism, medicare, modern Canadian nationalism and co-operative federalism, all innovations of the Pearson years. And while he has been called our greatest prime minister, others see him as the leader of a government that created many of Canada's discontents and crises and scandals that swirled about him. Most paradoxically of all, perhaps this unassuming man became a national icon, winning a lasting place in the hearts and minds of a generation of Canadians. In this second volume of his award winning biography, John English has had remarkable access to Pearson's personal and political papers, drawing on the letters and diaries and private papers of a host of his contemporaries and on personal interviews with his family and friends, rivals and foes alike. The result is a compellingly readable, a richly detailed portrait of Canada and of a remarkable Canadian whose impact was immense.

Challenges of Minority Governments in Canada Marc Gervais, 2022-08-10 There have been few studies of Canadian minority governments despite the fact that between 1957 and 2008 9 of the 18 general federal elections produced minority governments. How such governments manage to remain in power, viability and gain support for their

legislative proposals effectiveness has not been investigated thoroughly Three theoretical perspectives the rational choice tradition new institutionalism and the party politics and party systems approach are used to examine the dynamics at play Data for four minority governments Diefenbaker 1957 58 Pearson 1963 65 Clark 1979 80 and Harper 2006 08 have been gathered from archival records debates and votes in the House of Commons autobiographies third party accounts and earlier studies on minority governments Viability and effectiveness would appear to depend on 1 bargaining power interparty dynamics and intra party cohesion and 2 agenda control House business confidence tests and other institutional features The study also stresses the importance of government concessions and the capacity and skill of parliamentary actors in using the institutional and party system levers

Revival and Change John C. Courtney, 2022-11-01 Revival and Change is a compelling account of the elections accomplishments challenges failures and ultimate end of the Diefenbaker era The Liberals had been in office for two decades when the 1957 election was called and were widely expected to win another majority government But new Conservative leader John Diefenbaker completely overshadowed his opponents Highlighting Liberal arrogance Diefenbaker seized the opportunity that television and boisterous supportive rallies offered to present his vision of a new Canada He was ultimately victorious A second election in 1958 resulted in a landslide victory with the Liberals reduced to their smallest number of seats since Confederation the CCF reduced to eight seats and losing its leader and Social Credit wiped out completely It was a rout never before seen in Canadian history Revival and Change is the story of those elections the government and opposition they produced the issues that defined the government and the era s legacy in Canadian politics and society

Mike Starr of Oshawa Myron Momryk, 2018-01-23 Mike Starr had a remarkable career in Canadian politics In June 1957 he was appointed Minister of Labour in John Diefenbaker s cabinet and created a sensation especially among Canadian ethnocultural groups He made political history as the first Ukrainian Canadian appointed to federal cabinet As Minister of Labour Starr was faced with numerous national problems including seasonal unemployment regional disparities union negotiations and emerging militant nationalism in Quebec When the Diefenbaker government was defeated in the 1963 federal election Starr returned to his earlier role as Member of Parliament With the changing Canadian political environment he was defeated by a tiny margin in the 1968 federal election Starr continued his distinguished career of public service from 1968 to 1980 He promoted the increasing involvement of ethnocultural groups in Canada political life In recent decades it has become a political norm to have members of various ethnocultural and visible minority groups elected to the House of Commons and appointed to Cabinet and other senior government positions For breaking this barrier Mike Starr was indeed a pioneer in Canadian politics Published in English

Becoming Multicultural Triadafilos Triadafilopoulos, 2012-04-25 In a world of nation states international migration raises questions of membership Should foreigners be admitted to the national space And should they and their children be granted citizenship Canada and Germany s responses to these questions during the first half of the twentieth century consisted of discriminatory immigration and

citizenship policies aimed at harnessing migration for economic ends while minimizing its costs Yet by the end of the century the admission settlement and incorporation of previously excluded groups had transformed both countries into highly diverse multicultural societies Becoming Multicultural explains how this remarkable shift came about Triadafilopoulos argues that dramatic changes in global norms after the Second World War made the maintenance of established membership regimes difficult to defend opening the way for the liberalization of immigration and citizenship policies It is a thought provoking analysis that sheds light on the dynamics of membership politics and policy making in contemporary liberal democratic countries

Diefenbaker and Latin America Jason Gregory Zorbas, 2011-07-13 John Diefenbaker's Latin American policy was based on his vision of Canada's national interest which placed a strong emphasis on the achievement of greater autonomy in foreign policy for Canada vis vis the US and the expansion of Canadian exports to the region Though Diefenbaker was often accused of being driven by anti Americanism instead his Latin American policy was based on his vision of Canada's national interest For Diefenbaker an enhanced relationship with Latin America had the potential to lessen Canada's dependency on the US while giving Latin American countries an outlet for their trade commercial and financial relations other than the US This new approach implied that Canada would formulate and implement policy that focused more on Canadian political interests and goals It was not a matter of charting a totally independent policy from the US in Latin America true policy independence was impossible to achieve Nor was it the case that Canada would necessarily set itself in opposition to the US when it disagreed with its policies For Diefenbaker the goal was to pursue a foreign policy that was aligned with but not subservient to the US
