Road To Virginia City:

Virginia City and Lewiston Wagon Road: Microfilm Records 1865-1870, 2001-11-11 **A Short History of Virginia City** Ronald M. James, Susan A. James, 2014-09-15 Founded in 1859 Virginia City quickly became world famous for its extraordinary prosperity Over the next two decades the mines of the Richest City on Earth yielded millions in gold and silver The newly wealthy built mansions and churches opera houses and schools with furniture fashions and entertainment imported from Europe and the Far East Here young Samuel Clemens reporting for the Territorial Enterprise in 1863 first called himself Mark Twain At its height Virginia City was a magnet for immigrants and the world leader in technological innovations in mining The city's story did not end when the Comstock Lode played out Beginning in the 1930s bohemian artists literati and tourists were intrigued by this remnant of the Old West The leader of Manhattan's caf society Lucius Beebe moved here and relaunched the Territorial Enterprise in 1950 Television's most popular western from 1959 to 1973 Bonanza located its fictional Ponderosa Ranch nearby In the summer of 1965 a handful of Bay Area musicians including Big Brother and the Holding Company performed at the Red Dog Saloon and launched psychedelic rock part of the inspiration for a defining decade of youth culture Today it is both a National Historic Landmark District and a living community Visitors come to enjoy its saloons and restaurants admire its architecture and learn from its museums and exhibits A Short History of Virginia City will enhance their experience and will also be enjoyed by anyone interested in the history of Nevada mining and the Old West Includes an illustrated walking tour describing more than thirty buildings and sites **Virginia City and the Big Bonanza** Ronald M. James, Susan A. James, 2009 In Virginia City and its Comstock Lode miners worked one of the richest deposits of gold and silver ever found Many places claim that title but the precious metals retrieved between 1859 and 1880 with an equivalent value today in the billions of dollars played an unprecedented role in industrial history With cutting edge technology Comstock engineers shaped mining throughout the world for the next 50 years Virginia City's wealth propelled several people to Congress and others into the nation's highest society At the same time those who settled in the mining district built a civilized sophisticated place Drawing on former glories the popular television series Bonanza perpetuated the legend capturing international audiences with 14 seasons of programs As one of the nation's largest historic landmarks the Comstock continues to welcome millions of visitors *Virginia City vs Bonanza* Monette Bebow-Reinhard, 2024-05-21 A fun and informative exploration of how the classic television series Bonanza differs from the reality of Virginia City Nevada In 1959 one hundred years after the big bonanza silver strike in Virginia City the classic television series Bonanza made its debut and brought the small Nevada city to the forefront of households around the country and into many parts of the world The richest city in the world at the time of the Comstock Lode Virginia City today might well be a ghost town if not for the fame spurred by Bonanza The show was so popular that it went on to air for thirteen years and even spawned a theme park Historical accuracy was of great import to Bonanza's creator but as the series evolved it took on a life of its own beyond the

boundaries of real life Virginia City In Virginia City vs Bonanza A Tale of Merging Histories Monette Bebow Reinhard explores select history from the show s legendary storylines and compares it to the real history of nineteenth century Virginia City Readers will learn why gambling is so prominent in Nevada how Virginia City was not necessarily developed as a cattle town and much more ultimately understanding how and where Bonanza got its history right Through her analysis of history versus fiction Bebow Reinhard emphasizes the impact television had on shaping how we remember the Old West From the beginnings on Sun Mountain to the new technology created for Virginia City s mines to keep up with the demands of the labor force hungry for more wealth Virginia City vs Bonanza examines the politics the environmental damage and the social and cultural settings that made Virginia City unique Readers will witness it all silver s inevitable collapse the advent of tourism the natives the diversity the violence and today the fun A must read for fans of television and history alike

B. Mires, 2020-10-05 Perched on the side of a mountain in the Nevada desert Virginia City existed for one reason only to make money The mining frenzy of the mid nineteenth century uncovered veins of precious metals that would be expressed in billions today attracting the enterprising madam Cad Thompson the charismatic highwayman Nickanora and a plethora of swindlers Miners flush with their wages supported a healthy economy of gambling drinking and prostitution and even launched a few political careers Sam Clemens who became Mark Twain while reporting for the Virginia City Territorial Enterprise called it the liveliest town that America had ever produced Join author Peter B Mires as he explores the seamy side of this quintessential mining boomtown *OF1987-04: Geologic roadlogs: Reno-Steamboat Springs; Steamboat-Virginia*

purchased by the State of Montana to preserve for posterity makes a fitting first subject for the Montana Mainstreet series Once it was Montana s acting territorial capital and the center of trade for Alder Gulch the site of the richest placer mines in the world but Virginia City became a town almost frozen in time once gold deposits played out and the state capital moved to Helena in 1889 Today Virginia City attracts visitors from all over the world who marvel at its intact architecture If walking down Virginia City s streets is like a trip backwards in time the road map for that journey is Guide to Historic Virginia City

Haunted Places Dennis William Hauck, 2002. Describes over 2 000 sites of supernatural occurrences in the United States including places visited by ghosts UFOs and unusual creatures.

History of the Big Bonanza Mark Twain, One easily gets a surface knowledge of any remote country through the writings of travelers. The inner life of such a country is not very often presented to the reader. The outside of a strange house is interesting but the people the life and the furniture inside are far more so. Nevada is peculiarly a surface known country for no one has written of that land who had lived long there and made himself competent to furnish an inside view to the public. I think the present volume supplies this defect in an eminently satisfactory way. The writer of it has spent sixteen years in the heart of the silver mining region as one

of the editors of the principal daily newspaper of Nevada he is thoroughly acquainted with his subject and wields a practiced pen He is a gentleman of character and reliability
