Road To Glory A Screenplay:

William Faulkner in Hollywood Stefan Solomon, 2017-08-01 A scholarly examination of the scripts and fiction Faulkner created during his foray as a Hollywood screenwriter During more than two decades 1932 1954 William Faulkner worked on approximately fifty screenplays for major Hollywood studios and was credited on such classics as *The Big Sleep* and *To Have and Have Not* Faulkner's film scripts and later television scripts constitute an extensive and until now thoroughly underexplored archival source Stefan Solomon analyzes the majority of these scripts and also compares them to the fiction Faulkner was writing concurrently His aim to reconcile two aspects of a career that were not as distinct as they first might seem Faulkner the screenwriter and Faulkner the modernist Nobel Prize winning author As Solomon shows Faulkner adjusting to the idiosyncrasies of the screen writing process a craft he never favored or admired he offers insights into Faulkner's compositional practice thematic preoccupations and understanding of both cinema and television In the midst of this complex exchange of media and genres much of Faulkner's fiction of the 1930s and 1940s was directly influenced by his protracted engagement with the film industry Solomon helps us to see a corpus integrating two vastly different modes of writing and a restless author Faulkner was never only the southern novelist or the West Coast hack writer but always both at once Solomon's study shows that Faulkner's screenplays are crucial in any consideration of his far more esteemed fiction and that the two forms of writing are more porous and intertwined than the author himself would have us believe Here is a major American writer seen in a remarkably new way

Cinematic Fictions David Seed, 2012-01-01 The phrase cinematic fiction has now been generally accepted into critical discourse but is usually applied to post war novels This book asks a simple question given their fascination with the new medium of film did American novelists attempt to apply cinematic methods in their own writings From its very beginnings the cinema has played a special role in defining American culture Covering the period from the 1910s up to the Second World

War Cinematic Fictions offers new insights into classics like *The Great Gatsby* and *The Grapes of Wrath* discussing major writers critical writings on film and active participation in film making Cinematic Fictions is also careful not to portray cinema as a single or stable entity Some novelists drew on silent film others looked to the Russian theorists for inspiration and yet others turned to continental film makers rather than to Hollywood Film itself was constantly evolving during the first decades of the twentieth century and the writers discussed here engaged in a kind of dialogue with the new medium selectively pursuing strategies of montage limited point of view and scenic composition towards their different ends Contrasting a diverse range of cinematic and literary movements this will be compulsory reading for scholars of American literature and film

Faulkner's Hollywood Novels Ben Robbins, 2024-08-12 Tracing the influence of Faulkner's screenwriting on his literary craft and depictions of women William Faulkner's time as a Hollywood screenwriter has often been dismissed as little more than an intriguing interlude in the career of one of America's greatest novelists Consequently it has not received the wide ranging critical examination it deserves In *Faulkner's Hollywood Novels* Ben Robbins provides an overdue thematic analysis by systematically tracing a dialogue of influence between Faulkner's literary fiction and screenwriting over a period of two decades Among numerous insights Robbins's work sheds valuable new light on Faulkner's treatment of female characters both in his novels and in the films to which he contributed Drawing on extensive archival research Robbins finds that Hollywood genre conventions and archetypes significantly influenced and reshaped Faulkner's craft after his involvement in the studio system His work in the film industry also produced a deep exploration of the gendered dynamics of collaborative labor genre formulae and cultural hierarchies that materialized in both his Hollywood screenplays and his experimental fiction

William Faulkner and the Faces of Modernity Jay Watson, 2019-11-26 Winner of the 2020 C. Hugh Holman Award William Faulkner has enjoyed a secure reputation as American modernism's foremost fiction writer and as a landmark figure in international literary modernism for well over half a century Less secure however has been any scholarly consensus about what those modernist credentials actually entail Over recent decades there have been lively debates in modernist studies over the who what where when and how of the surprisingly elusive phenomena of modernism and modernity This book broadens and deepens an understanding of Faulkner's oeuvre by following some of the guiding questions and insights of new modernism studies scholarship into understudied aspects of Faulkner's literary modernism and his cultural modernity William Faulkner and the Faces of Modernity explores Faulkner's rural Mississippians as modernizing subjects in their own right rather than mere objects of modernization traces the new speed gradients media formations and intensifications of sensory and affective experience that the twentieth century brought to the cities and countryside of the US South maps the fault lines in whiteness as a racial modernity under construction and contestation

during the Jim Crow period resituates Faulkner's fictional Yoknapatawpha County within the transnational counter modernities of the Black Atlantic and follows the author's imaginative engagement with modern biopolitics through his late work *A Fable*, a novel Faulkner hoped to make his magnum opus. By returning to the utterly uncontroversial fact of Faulkner's modernism with a critical sensibility sharpened by new modernism studies, William Faulkner and the Faces of Modernity aims to spark further reappraisal of a distinguished and quite dazzling body of fiction. Perhaps even make it new.
