The European Union , Romania and the Quest for European Identity Cristian Cercel, 2019-03-15

Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European. The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future that Iohannis belonged to. Romania's tiny German minority was also considered to have played a part in his success. Cercel argues that representations of Germans in Romania descendants of twelfth century and eighteenth century colonists become actually a symbolic resource for asserting but also questioning Romania's European identity. Such representations link Romania's much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe. Investigating this case of discursive self colonization and this apparent symbolic embrace of the German Other in Romania the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West East relationships in the European context. This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany. It should also appeal to scholars of memory studies and those interested in the study of otherness in general. *Eastern Europe Since 1970* Bulent Gokay, 2015-12-22 From the hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century. The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe. In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades. Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region. *The Balkans: Nationalism, War, and the Great Powers, 1804-2012* Misha Glenny, 2012-09-05 From the bestselling author of *McMafia* and *DarkMarket* comes this unique and lively history of Balkan geopolitics since the early nineteenth century which gives readers the essential historical background to more than one hundred years of events in this war torn area. No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria Romania and Albania. Now updated to include the fall of Slobodan Milosevic the capture of all indicted war criminals from the Yugoslav wars and each state's quest for legitimacy in the European Union *The Balkans* explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention. **Albania at War, 1939-1945** Bernd Jürgen Fischer, 1999 The Second World War in Europe has generated more literature than perhaps any other event in modern history. Much of the interest has focused on military history.

occupation policy puppet governments and resistance movements in Europe's principal states. Often ignored in this flood of material, however, are the small nations of southeastern Europe. Yet in the small states the human suffering was no less profound, the destruction no less devastating, the heroism no less laudable, the treachery no less despicable, and the impact no less profound. **Albania at War** reviews the most important developments in Albania from the Italian invasion of the country in 1939 to the accession to power of the Albanian Communist Party and the establishment of a people's democracy in 1946. Fischer analyzes in great detail Italian goals and objectives in Albania and explains the eventual failure of Rome's policy, the subsequent German invasion of the country against the Axis Powers. This unique path-breaking book provides a vigorous and thought-provoking analysis of competing external interests in Albania and explores the great obstacles that the Albanians faced in regaining their independence at the end of the war. **Albania at War 1939-1945** thoroughly covers the developments in Albania during that turbulent period. It is essential reading for all students of Albanian history. Moses Montefiore Abigail Green, 2012-05-07. A rich gift to history and not just Jewish history for its account, not just of what Moses Montefiore did or did not do, but also of what he was. New Republic. Humanitarian philanthropist and campaigner for Jewish emancipation on a grand scale. Sir Moses Montefiore 1784-1885 was the preeminent Jewish figure of the nineteenth century. His story, told here in full for the first time, is a remarkable and illuminating tale of diplomacy and adventure. Abigail Green's sweeping biography follows Montefiore through the realms of court and ghetto, tsar and sultan, synagogue and stock exchange. Interweaving the public triumph of Montefiore's foreign missions with the private tragedy of his childless marriage, this book brings the diversity of nineteenth-century Jewry brilliantly to life. Here we see the origins of Zionism and the rise of international Jewish consciousness, the faltering birth of international human rights and the making of the modern Middle East. Mining materials from eleven countries in nine languages, Green's masterly biography bridges the East-West divide in modern Jewish history, presenting the transformation of Jewish life in Europe, the Middle East, and the New World as part of a single global phenomenon. As it reestablishes Montefiore's status as a major historical player, it also restores a significant chapter to the history of our modern world. A masterpiece of scholarship and historical imagination. Niall Ferguson, *New York Times*. bestselling author of *The Square* and *The Tower*. Entertaining. *The Economist*. A perceptive, solidly researched biography with expressive period illustrations attesting to Montefiore's global celebrity. Publishers Weekly starred review. Deeply impressive. One of the essential works on modern Jewish history. *Tablet Magazine*. Fair and illuminating. *The Wall Street Journal*. **The Balkans** D. Hupchick, 2002-01-11. The tragedies of Bosnia and Kosovo are often explained away as the unchangeable legacy of centuries-old hatreds. In this richly detailed, expertly balanced chronicle of the Balkans across fifteen centuries, Hupchick sets a complicated record straight. Organized around the three great civilizations of the region—Western European, Orthodox Christian, and Muslim—this is a much-needed guide to the political, social, cultural, and religious threads of Balkan history, with a clear, convincing account of the reasons for nationalist violence and terror.
