The Cinema of Robert Altman Robert Niemi, 2016-03-01 In a controversial and tumultuous filmmaking career that spanned nearly fifty years Robert Altman mocked subverted or otherwise refashioned Hollywood narrative and genre conventions Altman's idiosyncratic vision and propensity for formal experimentation resulted in an uneven body of work some rank failures and intriguing near misses as well as a number of great films that are among the most influential works of New American Cinema While Altman always professed to have nothing authoritative to say about the state of contemporary society this volume surveys all of his major films in their sociohistorical context to reposition the director as a trenchant satirist and social critic of postmodern America depicted as a lonely wasteland of fraudulent spectacle exploitative social relations and unfulfilled solitaires in search of elusive community

Robert Altman's Subliminal Reality Robert T. Self, 2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers' expectations of straightforward narratives and easily understood endings In *Robert Altman's Subliminal Reality* Robert T. Self sheds light on Altman's work and provides the most comprehensive analysis of his films to date With close readings of classics like *MASH* *McCabe Mrs Miller* and *Nashville* as well as the more recent films *The Player* *Short Cuts* and *Cookie's Fortune* Self asserts the value of Altman's work not only to film theory and the entertainment industry but to American culture

Book jacket *Robert Altman's Soundtracks* Gayle Sherwood Magee, 2014-10-01 American director Robert Altman 1925-2006 first came to national attention with the surprise blockbuster *M A S H* 1970 and he directed more than thirty feature films in the subsequent decades Critics and scholars have noted that music is central to Altman's films and in addition to his feature films Altman worked in theater opera and the emerging field of cable television His treatment of sound is a hallmark of his films alongside overlapping dialogue improvisation and large ensemble casts Several of his best known films integrate musical performances into the central plot including *Nashville* 1975 *Popeye* 1980 *Short Cuts* 1993 *Kansas City* 1996 *The Company* 2003 and *A Prairie Home Companion* 2006 his final film Even such non-musicals as *McCabe and Mrs Miller* 1971 have been described as in fellow director and protégé Paul Thomas Anderson's evocative phrase as musicals without people singing Robert Altman's *Soundtracks* considers Altman's celebrated innovative uses of music and sound in several of his most acclaimed and lesser known works In so doing these case studies serve as a window not only into Altman's considerable and varied output but also the changing film industry over nearly four decades from the heyday of the New Hollywood in the late 1960s through the Indiewood boom of the 1990s and its bust in the early 2000s As its frame the book considers the continuing attractions of auteurism inside and outside of scholarly discourse by considering Altman's career in terms of the director's own self-promotion as a visionary and artist the film industry's promotion of Altman the auteur the emphasis on Altman's individual

style including his use of music by the director critics scholars and within the industry and the processes tensions and boundaries of collaboration

Transitional Justice and the Politics of Inscription Joseph Robinson, 2017-08-04 Taking Northern Ireland as its primary case study this book applies the burgeoning literature in memory studies to the primary question of transitional justice how shall societies and individuals reckon with a traumatic past Joseph Robinson argues that without understanding how memory shapes moulds and frames narratives of the past in the minds of communities and individuals theorists and practitioners may not be able to fully appreciate the complex emotive realities of transitional political landscapes Drawing on interviews with what the author terms memory curators coupled with a robust analysis of secondary literature from a range of transitional cases the book analyses how the bodies of the dead the injured and the traumatised are written into or written out of transitional justice The author argues that scholars cannot appreciate the dynamism of transitional memory space unless they first engage with the often silenced or marginalised voices whose memories remain trapped behind the antagonistic politics of fear and division Ultimately challenging the imperative of national reconciliation the author argues for a politics of public memory that incubates at multiple nodes of social production and can facilitate a vibrant democratic debate over the ways in which a traumatic past can or should be remembered

The Rebirth of Suspense Rick Warner, 2024-09-17 Typically films are suspenseful when they keep us on the edge of our seats when glimpses of a turning doorknob a ticking clock or a looming silhouette quicken our pulses Exemplified by Alfred Hitchcock's masterworks and the countless thrillers they influenced such films captivate viewers with propulsive plots that spur emotional investment in the fates of protagonists Suspense might therefore seem to be a curious concept to associate with art films featuring muted characters serene landscapes and unrushed rhythms in which plot is secondary to mood and tone This ambitious and wide ranging book offers a redefinition of suspense by considering its unlikely incarnations in the contemporary films that have been called slow cinema Rick Warner shows how slowness builds suspense through atmospheric immersion narrative sparseness and the withholding of information causing viewers to oscillate among boredom curiosity and dread He focuses on works in which suspense arises where the boundaries between art cinema and popular genres such as horror thriller science fiction and gothic melodrama become indefinite including Chantal Akerman's *La captive* Apichatpong Weerasethakul's *Memoria* Jonathan Glazer's *Under the Skin* Kelly Reichardt's *Night Moves* Lucrecia Martel's *Zama* Kiyoshi Kurosawa's *Creepy* and David Lynch's *Twin Peaks: The Return* Warner investigates the pivotal role of sound in generating suspense and traces how the experience of suspense has changed in the era of digital streaming *The Rebirth of Suspense* develops a fresh theory history typology and analysis of suspense that casts new light on the workings of films across global cinema *Sonatas, Screams, and Silence* Alexis Luko, 2015-08-11 *Sonatas Screams and Silence Music and Sound in the Films of Ingmar Bergman* is the first musical examination of Bergman's style as an auteur filmmaker It

provides a comprehensive examination of all three aspects music sound effects and voice of Bergman s signature soundtrack style Through examinations of Bergman s biographical links to music the role of music sound effects silence and voice and Bergman s working methods with sound technicians mixers and editors this book argues that Bergman s soundtracks are as superbly developed as his psychological narratives and breathtaking cinematography Interdisciplinary in nature this book bridges the fields of music sound and film
