Canadian Magazine of Politics, Science, Art and Literature ,1922 *Debates of the Senate* Canada. Parliament. Senate,1920 **No Free Man** Bohdan S. Kordan,2016-09-01 Approximately 8 000 Canadian civilians were imprisoned during the First World War because of their ethnic ties to Germany Austria Hungary and other enemy nations Although not as well known as the later internments of Japanese Canadians during the Second World War these incarcerations played a crucial role in shaping debates about Canadian citizenship diversity and loyalty Tracing the evolution and consequences of Canadian government policy towards immigrants of enemy nationality No Free Man is a nuanced work that acknowledges both the challenges faced by the Government of Canada as well as the experiences of internees and their families Bohdan Kordan gives particular attention to the ways in which the political and legal status of enemy subjects configured the policy and practice of internment and how this process magnified by the challenges of the war affected the broader concerns of public order and national security Placing the issue of internment within the wider context of community and belonging Kordan further delves into the ways that wartime turbulence and anxieties shaped public attitudes towards the treatment of enemy aliens He concludes that Canada s leadership failed to protect immigrants of enemy origin during a period of intense suspicion conflict and crisis Framed by questions about government rights responsibilities and obligations and based on extensive archival research No Free Man provides a systematic and thoughtful account of Canadian government policy towards enemy aliens during the First World War *The Order of Canada* Christopher McCreery,2005-01-01 In 1966 a project to create a national honour for Canadians was begun The first recipients of the Order of Canada were announced a year later and in the nearly forty years since the Order has become a symbol familiar to and respected by people from across the country The spirit that motivates the Order of Canada celebration inclusion and democracy was born of the memories of Canada s earlier experience with honours From initial distrust and misunderstanding to the awakening of a national identity the development of the Order reflects the relationship Canadians have with their country their government their culture and their heroes The Order itself is a product of national identity politics and history reflected by the significance of its recipients

accomplishments Indeed the Order s history is as fascinating as the more than 4000 Canadians who have received it This first book length history of the Order of Canada and first major work on Canadian honours by Christopher McCreery is a celebration of the Order and a close examination of its unique design and various early incarnations McCreery provides both a history of the Order s beginnings and a more general overview of trends in Canadian honours Extensively illustrated with never before published photographs The Order of Canada Its Origins History and Developments pays tribute to the individuals who felt the need for a system of recognition for Canadians

Let the Eastern Bastards Freeze in the Dark Mary Janigan,2013-08-27 The first big book on one of the most overlooked episodes in Canadian history and the origin of today s greatest national debate Let the Eastern Bastards Freeze in the Dark relives the 1918 attempt by 3 premiers to wrest control of their natural resources away from Ottawa and end their role as second class provinces The oil sands Global warming The National Energy Program Though these seem like modern Canadian subjects Mary Janigan reveals them to be a legacy of longstanding regional rivalry Something of a Third Solitude since entering Confederation the West has long been overshadowed by Canada s other great national debate But as the conflict over natural resources and their effect on climate change heats up 150 years of antipathy are coming to a head Janigan takes readers back to a pivotal moment in 1918 when Canada s western premiers descended on Ottawa determined to control their own future and as Margaret MacMillan did in Paris 1919 she deftly illustrates how the results reverberate to this day House of Commons Debates, Official Report Canada.
