Robert Browning His Poetry And His Audiences:

Robert Browning Lee Erickson,1984 *Robert Browning: His Poetry and His Audiences* Lee Erickson,1980 The Poetry of Robert Browning Britta Martens,2016-01-01 Robert Browning's pre eminent status amongst Victorian poets has endured despite the recent broadening of the literary canon He is the main practitioner of the period's most important poetic genre the dramatic monologue while his engagement with many aspects of nineteenth century culture makes him a key figure in the wider field of Victorian studies This stimulating introduction to Browning criticism provides an overview of the major responses to the poet's work over the last two hundred years It offers an insightful guide to criticism from various theoretical perspectives elucidating Browning's participation in Victorian debates about aesthetics history politics religion gender and psychology **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens,2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference **The Plays of Robert Browning** Thomas J. Collins,Richard J. Shroyer,2019-06-04 Published in 1988 and including all seven of Robert Browning's dramas Collins and Shroyer introduce this convenient and reliable reading text by discussing the plays with a history of criticism and giving insightful notes on each individual play in the book **Elizabeth Barrett and Robert Browning** Mary Sanders Pollock,2016-04-28 First published in 2003 this book examines the creative partnership of Elizabeth Barrett and Robert Browning and provides a critical analysis of the poems written by this famous couple during the 16 year period of their friendship courtship and marriage Even quite early in their relationship the Brownings shared a frame of reference similar themes narrative structures and details of phrasing resonate in their works and suggest dialogue rather than merely mutual influence Pollock traces parallels between the Brownings lives and works even before they met and then throughout their

courtship and married life suggesting that their creative dialogue continued after Barrett Browning died in 1861 as her presence and themes continued to inform Browning's poetry for at least a decade afterward **Poetry in the Making** Daniel Tyler, 2021 An edited collection on poetic creation in the Victorian period that studies nine major Victorian poets Wordsworth Tennyson Robert and Elizabeth Barrett Browning Clough Christina Rossetti Hopkins Swinburne and Yeats **Robert Browning's Romantic Irony in *The Ring and the Book*** Patricia Diane Rigg, 1999-06 This study is a reading of Robert Browning as an ironist in the tradition of the German Romanticist Friedrich Schlegel who coined the term Romantic irony Specifically Patricia Diane Rigg considers historicity or historical truth in Browning's *The Ring and the Book* by distinguishing between the processes of representation and re presentation within the context of Romantic irony **Robert Browning** Stefan Hawlin, 2012-09-10 Accessibly written throughout this guidebook covers biographical details information on the historical and social contexts of Browning's work an overview of the full range of his work and a survey of the major critical debates surrounding him and his work **Robert Browning** John Woolford, Daniel Karlin, 2014-09-11 Robert Browning 1812-89 rivals Tennyson as the major Victorian poet with such important works as *Dramatic Lyrics* *Dramatic Romances* and *Lyrics Men and Women* *Dramatic Personae* and the monumental *The Ring and the Book* He is known for his development of the dramatic monologue in which he recreated the world of Renaissance Italy and provided subtle and complex explorations of character Here Daniel Karlin and John Woolford provide a thematic survey of Browning's often difficult work using key poems as a common point of reference The themes covered include styles genres the mind the world interaction and criticism This excellent survey will be of value to students of Victorian literature and modernism **The Female Sublime from Milton to Swinburne** Catherine Maxwell, 2001 This innovative study of vision gender and poetry traces Milton's mark on Shelley Tennyson Browning and Swinburne to show how the lyric male poet achieves vision at the cost of symbolic blindness and feminisation Drawing together a wide range of concerns including the use of myth the gender of the sublime the lyric fragment and the relation of pain to creativity this book is a major re evaluation of the male poet and the making of the English poetic tradition The female sublime from Milton to Swinburne examines the feminisation of the post-Miltonic male poet not through cultural history but through a series of mythic or classical figures which include Philomela Orpheus and Sappho It recovers a disfiguring sublime imagined as an aggressive female force which feminises the male poet in an act that simultaneously deprives and energises him This book will be required reading for anyone with a serious interest in the English poetic tradition and Victorian poetry **Epic** Herbert F. Tucker, 2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I **Browningmania, America's Love for Robert Browning** Hédi Jaouad, 2014-11-28 In the 1880s and 1890s the Victorian poet Robert Browning was the lion of the day in the United States particularly in Rochester Browning's work was widely read and discussed Even today there are still

many in America who consider themselves Browningites and many of them belong to Browning clubs and societies This book the fruit of thorough and patient archival digging brings together various fragmentary local sources and quaint memorabilia hitherto unknown to scholars It vividly recovers the spirit of the fascination with Browningmania and more broadly Victoriana that Rochesterians and Americans in general evinced in the last two decades of the nineteenth century and early part of the twentieth century Browning's popularity undeserved many thought remains nonetheless a unique phenomenon in literary and cultural history well worthy of study and comprehension Although several books and articles were devoted to this subject none offers a sustained explanation of how and why Browning became such an iconic figure This book fills a gap in the scholarship and critical reception of Browning This study offers Browning scholars and Victorianists in general a new perspective on some long neglected but crucial material It will be of particular interest to students and scholars in Reception and American studies as well as cultural and literary historians Because it brings together many local anecdotes and memorabilia this book will also find appreciative readers among the general public especially in upstate New York region particularly Rochester

Keats, Narrative and Audience Andrew Bennett, 1994-03-24 Andrew Bennett's original study of Keats focuses on questions of narrative and audience as a means to offer new readings of the major poems It discusses ways in which reading is figured in Keats's poetry and suggests that such figures of reading have themselves determined certain modes of response to Keats's texts Together with important new readings of Keats's poetry the study presents a significant rethinking of the relationship between Romantic poetry and its audience Developing recent discussions in literary theory concerning narrative readers and reading the nature of the audience for poetry and the Romantic invention of posterity Bennett elaborates a sophisticated and historically specific reconceptualization of Romantic writing

The Artistry of Exile Jane Stabler, 2013-10-24 The Artistry of Exile is a new reading of one of the most important themes of nineteenth century literature Exile represents a crisis in the always present tension between self and culture the disturbance of memory the quest for home and the survival or not of life's heart quakes all of which became identifying features of canonical Romanticism Focusing on two interlinked groups of writers who for various reasons felt cast out of England and sought refuge in Italy this book traces the material and metaphoric dynamics of distance in poems novels and epistolary conversations The book brings into dialogue the self alienation and existential antagonism of the Cain figure with the contingencies of real travel conversations about writing desks lost parcels of books missing pans and stray camels Domestic and cosmic perspectives mingle as the book reveals how writers realize the full resonance of Dante's vivid summation of exile in the taste of different bread and the difficulty of another man's stairs As a

country that only exists in the early nineteenth century as a memory Italy both embodies and energises formal attempts to bridge the distance created by exile in the work of the Byron Shelley circle and the later Barrett Browning Browning collaboration Examining these writers in relation to Italian art sound religion narrative art and history the book presents a new perspective on Romantic canonicity and relocates contemporary ideas of cosmopolitanism in the aesthetic ethical and political debates of the late Romantic and early Victorian world

Voice and the Victorian Storyteller

Ivan Kreilkamp, 2005-11-03 The nineteenth century novel has always been regarded as a literary form pre eminently occupied with the written word but Ivan Kreilkamp shows it was deeply marked by and engaged with vocal performances and the preservation and representation of speech He offers a detailed account of the many ways Victorian literature and culture represented the human voice from political speeches governesses tales shorthand manuals and staged authorial performances in the early and mid century to mechanically reproducible voice at the end of the century Through readings of Charlotte Brontë Browning Carlyle Conrad Dickens Disraeli and Gaskell Kreilkamp re evaluates critical assumptions about the cultural meanings of storytelling and shows that the figure of the oral storyteller rather than disappearing among readers preference for printed texts persisted as a character and a function within the novel This 2005 study will change the way readers consider the Victorian novel and its many ways of telling stories
