## **Robert Jacks Past Unfolded:**

Robert Jacks Ken McGregor, Robert Jacks, 2001 Jacks is one of Australia's most significant abstract artists. This is the first major publication on Jacks' art surveying his work from the 1950s to date. It traces the influences that inspired him to create his grid works, Texas landscapes and his disposable art. Foreword by David Thomas. 100 colour plates. **Robert Jacks** Robert Jacks, 2001 **Robert Jacks** Kirsty Grant, Beckett Rozentals, Peter Anderson, 2014 The sixty year career of Robert Jacks, one of Australia's most significant abstract artists, reveals continued development and change as well as a remarkable consistency of language and form. Jacks charted a distinctive and influential path through late twentieth and early twenty-first century Australian art and through his commitment to abstraction established himself as a unique figure in the history and development of art in this country. **Robert Jacks: Order and Variation** is a handsomely illustrated publication that surveys the artist's work from his student years in the 1950s and 1960s to his monumental late paintings and sculptures. Featuring insightful essays by National Gallery of Victoria curators Kirsty Grant and Beckett Rozentals and art historian Peter Anderson, it conveys a new understanding of Jacks' exploration of abstraction in painting, sculpture, drawing and printmaking.

**Unfinished Journeys** Ken McGregor, 2006 Selected artists and their families were asked to travel to destinations of their choice and to create new artworks as a result of their experiences. Muse Janet Holmes à Court, 2017 Muse offers an inside view of the development of a contemporary Australia art collection. Janet Holmes à Court, in conversation about art and the intense interest she shared with her late husband Robert from the 1960s, offers a rationale along with an emotional soundtrack for the 146 works she singles out from a collection of more than 5000 artworks. Janet discusses these selections with Terri Ann White in the racks where they are stored and in domestic spaces where they hang. This is an illuminating book about a passion for art and expression, a deep affinity and curiosity about artists and how they make things. Fred Cress: Whispers Ken McGregor, 2007 Fred Cress is a Sydney artist who divides his time between Australia and rural France where he maintains a second studio. He is a keen student of human nature. While his quizzical gaze detects the subjects those who flirt, chase, dance, banquet and otherwise engage in the whole gamut of human affairs, his drawing skills honed over five decades provide the means of recording them on paper or canvas. This book is about drawing and about the artist's use of drawing to capture multiple nuances of human behaviour. Cress is an Australian artist who subscribes to the tradition of artists like Rembrandt and Goya who sought to express aspects of the human condition as they saw it in their times. The more than 900 drawings reproduced in this book are arranged in series which date from the 1950s to the present. Teeming with Life Ken McGregor, John Olsen, 2005 An invaluable reference for researchers, collectors and everyone interested in the artist's work, this book identifies more than 400 editions of etchings or lithographs produced by him between 1957 and now and is a complete catalogue raisonné with a reproduction from each edition. **The New McCulloch's Encyclopedia of Australian Art** Alan McCulloch, Susan McCulloch, Emily McCulloch Childs, 2006 Widely regarded as the authoritative

Robert Jacks,1996 Over the years I ve heard some wonderful sermons writes G Robert Jacks I ve also heard some duds Some have been so extemporaneous they sounded as if the preacher hadn t prepared anything Some have been such wondrously crafted literary pieces they sounded as if the preacher wanted to sound wondrously crafted and literary Some have sounded as though the preacher were giving a lecture or reading a term paper That s because the preacher had written a lecture or term paper And some have captured the attention and the imagination and set the spark to ignite faith in the hearer That s

because they were written to be listened to and to appeal to the sense world of the hearers Drawing on nearly thirty years of experience in critiquing sermon delivery Jacks here offers a practical hands on approach to writing sermons that consider listeners first Jacks gives samples and examples of writing that effectively captures and holds an audience s attention and he offers practical tips and suggestions intended to help each of us find a preaching style and voice of our own He also shows how to translate the jargon of theological textbooks into everyday language suggests methods for rewriting sermons to avoid some of the pomposity of sermonic proclamation and demonstrates ways to retell biblical narratives in fresh and imaginative ways Just Say the Word Writing for the Ear is a valuable resource that will help pastors and lay leaders communicate as effectively as possible the faith that is ours to share

*Hollywood's Last Golden Age* Jonathan Kirshner,2012-11-15 Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film The end of censorship the decline of the studio system economic changes in the industry and demographic shifts among audiences filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie one that Jonathan Kirshner identifies as the seventies film In Hollywood s Last Golden Age Kirshner shows the ways in which key films from this period including Chinatown Five Easy Pieces The Graduate and Nashville as well as underappreciated films such as The Friends of Eddie Coyle Kluge and Night Moves were important works of art in continuous dialogue with the political social personal and philosophical issues of their times These seventies films reflected the era s social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women s liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief

exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood s embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives
