Coast Guard, 1982 *National Union Catalog*, 1983 Includes entries for maps and atlases *National Union Catalog*, 1982, 1983 The Coast Guard Under Sail Irving H. King, 1989 The first comprehensive account of the US Coast Guard from its birth to its emergence from the Civil War It shows how the service combined a spirit of enterprise with acknowledgment of individual freedoms to establish respect for the new constitution and the rule of law **Stoddert's War** Michael A. Palmer, 2000 An award winning study of the Franco American undeclared naval war at the turn of the nineteenth century this history of the nearly forgotten struggle is filled with the dramatic actions of such frigates as the *Constellation* and her capture of *l'Insurgente* as well as the sundry operations that protected American commerce from the depredations of the French corsairs in the Caribbean First published in 1987 the book avoids the parochialism of earlier studies by placing the American war within a European context It takes a critical look at the command and operations of the first secretary of the Navy Benjamin Stoddert and how under his direction the Navy proved itself ship for ship as if not more effective against French privateers than the Royal Navy The book also examines how the Navy served the nation's commercial and diplomatic interests a pattern of activity that would become known as gunboat diplomacy and how the Navy's successes assured it a permanency that had eluded the Continental Navy Awarded prizes from the American Revolution Round Table of New York and other organizations the respected work answers penetrating questions about what happened and why and the author's judicious evaluations of participants and their policies make an important contribution to the literature This new Classics edition is introduced by the author chair of the maritime history department at East Carolina University and author of three other books including *Origins of Maritime Strategy* **Books in Print**, 1977 **Florida Marine Education Resources Bibliography** Marjorie R. Gordon, 1983 Sailing Warships of the US Navy Donald L. Canney, 2001 Although a relatively small force during the Age of Sail the US Navy was nevertheless closely watched by larger maritime powers impressed by the radical thinking and innovative design manifest in so many of its warships This gives the subject an interest that stretches far beyond the shores of America itself For over fifty years knowledge of these ships has relied heavily on the works of Howard Chapelle a practical naval architect with a fine understanding of design but an amateur historian who was less than professional in his use of sources *Scientific and Technical Books and Serials in Print*, 1989 **Subject Guide to Books in Print**, 1993 **A Descriptive Catalogue of the Government Publications of the United States, September 5, 1774-March 4, 1881** Benjamin Perley Poore, 1885 Engineering and Mining Journal, 1902 *Niles' National Register*, 1845 Engineering and Mining Journal, 1903-07 Steam Revenue Cutter for Service on Albemarle and Pamlico Sounds, North Carolina.
