Safety Net Programs And Poverty Reduction Lessons From Cross Country Experience:

Safety Net Programs and Poverty Reduction K. Subbarao,1997 The need for social safety nets has become a key component of poverty reduction strategies Over the past three decades several developing countries have launched a variety of programs including cash transfers subsidies in kind public works and income generation programs However there is little guidance on appropriate program design and few studies have synthesized the lessons from widely differing country experiences This report fills that gap It reviews the conceptual issues in the choice of programs synthesizes cross country experience and analyzes how country and region specific constraints can explain why different approaches are successful in different countries Public Works as a Safety Net Kalanidhi Subbarao,Carlo del Ninno,Colin Andrews,Claudia Rodríguez-Alas,2012-12-11 A review of the conceptual underpinnings and operational elements of public works programs around the world drawing from a rich evidence base and analyzing previously unassimilated data to fill a gap in knowledge related to public works programs now so popular *Rural Development Strategies for Poverty Reduction and Environmental Protection in Sub-Saharan Africa* Kevin M. Policy in a Development Context T. Mkandawire,2004-11-10 Drawing upon both conceptual and empirical evidence this volume argues the case for the centrality of social policy in development focusing particularly on the message that social policy needs to be closely intertwined with economic policy It is argued that social policy can provide the crucial link between economic development poverty eradication and equity This volume is a significant contribution to thinking about social policy in a development context **Transforming the Rural Nonfarm Economy** Steven Haggblade,Peter B. R. Hazell,Thomas

Reardon,2007-11-16 Contrary to conventional wisdom that equates rural economies with agriculture rural residents in developing countries often rely heavily on activities other than farming for their income Indeed nonfarm work accounts for between one third and one half of rural incomes in the developing world In recent years accelerating globalization increasing competition from large businesses expanding urban markets for rural goods and services and greater availability of information and communication technology have combined to expose rural nonfarm businesses to new opportunities as well as new risks By examining these rapid changes in the rural nonfarm economy international experts explore how the rural nonfarm economy can contribute to overall economic growth in developing countries and how the poor can participate in this rapidly evolving segment of the economy The authors review an array of recent studies of the rural nonfarm economy in order to summarize existing empirical evidence explore policy implications and identify future research priorities They examine the varied scale structure and composition of the rural nonfarm economy as well as its relationship with agricultural and urban enterprises And they address key questions about the role of public intervention in the rural nonfarm economy and how the rural poor can participate in and navigate the rapid transition underway in rural areas The contributors offer new insights to specialists in rural development and to others interested in overall economic development **Employment**
