Saltwater Salmon Angling Bob Mottram, 1989 Everything you need to know to boat fish coho and Chinook salmon from Northern California to Puget Sound such as fishing equipment selection boat and motor selection mooching trolling downriggers knots cutting and rigging herring filleting the catch etc 16 pages of detailed maps showing best areas to fish salmon from Northern California to northern Puget Sound *Saltwater Fly Fishing* Barry M. Thornton, 1995-04 A Guide to Saltwater Flyfishing for the Pacific Coast's Salmon presented by award winning author and avid fisherman Barry M Thornton Until recently little has been written about saltwater fly fishing for Pacific salmon It is unquestionably a sophisticated fly angling choice for the fly fisherman that comes after many successful conventional salmon fishing experiences It is not new but an angling practice many pioneers attempted some very successfully however it has not been followed up as it should It is probably a symptom of our times our pioneering spirit that now that we have resolved the skills and techniques needed for consistently successful river and lake fishing we are now searching for new waters in which to test our mettle Fortunately lying at our doorstep is the open water of the vast Pacific Ocean Improvements in boats and motors and the evolution of fly fishing lines rods and fly tying materials have given the fly fisherman the tools and the access to the fish How fortunate we are to have such a family of fish the genus *Oncorhynchus* the Pacific salmon inhabiting these waters These various species of Pacific salmon inhabit the infinite fjords inlets islands and estuaries of the north Pacific coast waiting just waiting for the inevitable rush of fly fishermen who have mastered challenging and pleasurable trout experiences in freshwater lakes and streams and now satiated search for new waters and experiences *Saltwater Salmon Angling ...* Washington (State). Department of Fisheries, 1977 **Fly-Fishing Inshore Saltwaters for Pacific Salmon** Richard K. Stoll, 2012-05 Inside Richard Stoll challenges conventional salmon fishing wisdom and the basic tenets of fly fishing as purveyed by the masters of the sport One of the great misconceptions among fly anglers and writers is that fish see the way humans see Not only are fish eyes constructed different than human eyes and for different intended purposes but fish eyes are wired to fish brains differently Further how light acts in water is substantially different from the way it acts in air There are also other key senses through which fish perceive their food and environment in very different ways from us And at times these other senses may be even more important in fish feeding behaviors than sight As an aquatic biologist environmental engineer and avid fly angler Stoll combines the above observations with the major environmental factors that affect the aquatic environments in which fish live From this he creates truly unique fly fishing perspectives and approaches not only for salmon but for types of fly fishing *The Greatest Fly Fishing Around the World* , 2003-09 Experience many favored angling spots the world over through the lens and prose of the sport's well known enthusiasts **Complete Guide to Saltwater Fishing** Al Ristori, 2002 The Complete Guide to Saltwater Fishing is the most authoritative handbook compiled on North America's most popular saltwater game fish Over 125 species are included Details on each fish include its range average weight current IGFA record
