Radicalizing Lawrence Robert Burden,2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and

significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence s texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence s fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence s writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results Romeo and Juliet (First International Student Edition) (Norton Critical Editions) William Shakespeare,2016-10-15 This much anticipated Norton Critical Edition of Shakespeare s best known play is based on the Second Quarto widely agreed to be the most authoritative early text By carefully selecting extracts from sources scholars and scriptwriters Gordon McMullan tells a series of stories about Romeo and Juliet globally and from their legend s origins to the present day The Norton Critical Edition includes Introductory materials and explanatory annotations by Gordon McMullan as well as numerous images Sources and early rewritings by Luigi Da Porto Matteo Bandello Pierre Boaistuau Kareen Seidler and Thomas Otway among others Critical readings and later rewritings spanning four centuries and including those by Stanley Wells Wendy Wall Dymphna C Callaghan Jill L Levenson Nia h Cusack David Tennant and Courtney Lehmann A Selected Bibliography

design yet the dominant narrative continues to construe a maverick white male auteurs such as Quentin Tarantino or Wes Anderson as the face of indie discourse Defying the formulaic myths of the mainstream a chick flick and the ideological and experimental radicalism of feminist counter cinema alike women's indie filmmaking is neither ironic popular nor political enough to be readily absorbed into pre-existing categories This ground-breaking collection the first sustained examination of the work of female practitioners within American independent cinema reclaims the difference of female indie filmmaking Through a variety of case studies of directors writers and producers such as Ava DuVernay Lena Dunham and Christine Vachon contributors explore the innovation of a range of female practitioners by attending to the sensibilities ideologies and industrial practices that distinguish their work while embracing the aim between space in which the narratives they represent and embody can be revealed

illuminating book explores the attenuated relationship between history and cultural studies reappraising some of the issues and positions which have led to the impasse between them and highlighting the contribution to be made by a new engagement between cultural and historical theory Focusing on the contested concept of experience as a central part of his argument Pickering advances new ways of attending to the myriad voices of everyday cultures past and present

Contemporary Women's Writing Maroula Joannou,2000 This wide ranging study provides a historically grounded account of women s fiction in the 1960s and the 1970s relating changes in the social structure of Britain and the United States to the literary representations of women s experience **This Is Her Century** Doaa Abdelhafez Hamada,2014-07-24 This book is a study of the works of Margaret Walker 1915 1998 in chronological order in the social and intellectual context of twentieth century America Walker is a writer who is known by name for her works however very little criticism is written on her literary contributions This is the first monograph on Walker s work by a single author and is an attempt to establish the importance of Walker s representation of twentieth century America against its critical obscurity This book shows that Walker is a woman writer who slipped to the margins of the African American literary canon for improper reasons Material presented in this study is based on research on available criticism published on Walker s work It is also based on research on the social intellectual and political aspects of twentieth century America This text also incorporates information derived from the researcher s close reading of Walker s work It argues that issues of race gender and class are always connected in twentieth century America and in Walker s work as reflective of this century in America It also argues that Walker s feminist consciousness develops from one work to another until it reaches its peak in her later poetry *Teaching the Gothic* A.
