**Interpreting Florida's Constitution** Patrick John McGinley,2017-12-21 This law school casebook analyzes the Constitution of the State of Florida It begins with the idea of a state being a laboratory of democracy where rights may be expanded or invented within the minimum requirements of the federal constitution It explores the question of how a state constitution can produce its own jurisprudence in light of the supremacy of the United States Constitution It outlines the canons of construction for the Florida Constitution It introduces the concept that a state constitution can be a source of heightened civil liberties and fundamental rights It explores this issue in greater detail by using the Florida Constitution as an example It identifies Florida Constitutional rights without an exact parallel to those in the text of the US Constitution and asks whether Florida has taken its own path in interpreting or implementing the identified constitutional rights It introduces rights enumerated in the text of the Florida Constitution that are not embodied in the text of the US Constitution In so doing it compares Florida s approach to those of other state constitutions It addresses the familiar refrain that unlike the federal constitution a state s constitution is a restriction upon power not a grant of power It looks at state constitutional criminal procedure by examining the ancient origin of the jury and the recent origin of Florida criminal procedure Finally it examines the US Supreme Court s acceptance of a state s inherent police power and state by state differences in zoning and nuisance law so as to better understand how eminent domain and inverse condemnation may differ under state constitutions such as Florida s      Historic Railroad Stations National Register of Historic Places,1974      *Beaver St, FL-10 to US-90, Jacksonville* ,1979      **Water Resources Data for Florida** ,1969      **West's Florida Digest 2d** ,1984      **North Suncoast Corridor, Northwest Hillsborough Expressway to US-98, to FL-52, Hillsborough County, Pasco County, and Hernando County** ,1994      Water Resources Data ,1984 This is a series of annual reports that document Florida hydrologic data gathered by the U S Geological Survey Individual volumes cover particular areas of the state such as northwest Florida Topics covered include surface water and ground water      Congressional Record United States.
