Put 'em Across ,1988 **War at the End of the World** James P. Duffy,2023-12-05 A harrowing account of an epic yet nearly forgotten battle of World War II General Douglas MacArthur s four year assault on the Pacific War s most hostile battleground the mountainous jungle cloaked island of New Guinea A meaty engrossing narrative history This will likely stand as the definitive account of the New Guinea campaign The Christian Science Monitor One American soldier called it a green hell on earth Monsoon soaked wilderness debilitating heat impassable mountains torrential rivers and disease infested swamps New Guinea was a battleground far more deadly than the most fanatical of enemy troops Japanese forces numbering some 600 000 men began landing in January 1942 determined to seize the island as a cornerstone of the Empire s strategy to knock Australia out of the war Allied Commander in Chief General Douglas MacArthur committed 340 000 Americans as well as tens of thousands of Australian Dutch and New Guinea troops to retake New Guinea at all costs What followed was a four year campaign that involved some of the most horrific warfare in history At first emboldened by easy victories throughout the Pacific the Japanese soon encountered in New Guinea a roadblock akin to the Germans disastrous attempt to take Moscow a catastrophic setback to their war machine For the Americans victory in New Guinea was the first essential step in the long march towards the Japanese home islands and the ultimate destruction of Hirohito s empire Winning the war in New Guinea was of critical importance to MacArthur His avowed I shall return to the Philippines could only be accomplished after taking the island In this gripping narrative historian James P Duffy chronicles the most ruthless combat of the Pacific War a fight complicated by rampant tropical disease violent rainstorms and unforgiving terrain that punished both Axis and Allied forces alike Drawing on primary sources *War at the End of the World* fills in a crucial gap in the history of World War II while offering readers a narrative of the first rank History of the Second Engineer Special Brigade United States. We Shall Return! William M. Leary,2014-07-11 They were the forgotten commanders of World War II While the names of Bradley and Patton became household words for Americans few could identify Krueger or Eichelberger They served under General Douglas MacArthur a military genius with an enormous ego who dominated publicity from the Southwest Pacific during the American advance from Australia through New Guinea to the Philippines While people at home read about the great victories that were won by MacArthur s navy and MacArthur s air force his subordinates labored in obscurity fearful lest attention from the press lead to their replacement Historians too have paid little attention to the men who fought so well in the far reaches of the Pacific and not a single biography has appeared in the decades since V J Day Yet General Blamey played a key role in the early battles of New Guinea Generals Krueger and Eichelberger led American armies to major victories over the Japanese General Kenney was one of the foremost air strategists of the war while few airmen could match General Whitehead s tactical brilliance Admiral Kinkaid took a crucial part in one of the greatest naval engagements in history Admiral Barbey was an acknowledged master of amphibious warfare We Shall Return addresses a serious shortcoming in the literature of World War II Revealed for the first time is the full extent of the contributions made by MacArthur s commanders to the defeat of the Japanese As the authors of these essays so ably demonstrate many of MacArthur s bold decisions and innovative tactics were urged upon him by his subordinates Clearly these men deserve more credit for his successes than they have received
