SEALs T. L. Bosiljevac, 1991-01-28 For the most detailed account we've seen of SEAL involvement in Vietnam check out **SEALs SOLDIER OF FORTUNE** In January 1962 two Sea Air and Land Teams were formed Commissioned to operate up to twenty miles inland in enemy territory they would act as naval commandos whose functions were to gather intelligence raid ambush capture prisoners and create havoc in enemy territory This book recounts the many daring missions that the SEALs undertook to serve their country It was during the Vietnam War years that their Special Warfare reputation was built and the heroism of the few brave men detailed here shows why **US Navy Special Warfare Units in Korea and Vietnam**

Eugene Liptak, 2021-11-25 During the Korean War and the Vietnam War US Navy Special Warfare units played a variety of vital combat roles amid two of the deadliest conflicts of the Cold War In Korea underwater demolition teams UDTs surveyed beaches for amphibious operations cleared sea mines from harbors conducted seaborne raids against inshore targets and served as scouts for the infiltration of Korean guerrillas and British Royal Marine Commando raids along the North Korean coast In South Vietnam UDTs surveyed beaches and demolished Viet Cong bunkers supply caches and river obstacles in the Mekong Delta The SEALs Sea Air Land teams deployed entire platoons into the Mekong Delta and the Rung Sat Special Zone to conduct guerrilla warfare against the Viet Cong that included ambushes reconnaissance and capturing leaders and supply caches In addition the SEALs also played important roles in the Phoenix Program and in rescuing prisoners of war Fully illustrated throughout this study explores how the US Navy's specially trained naval commandos accomplished their missions in Korea and Vietnam *The Encyclopedia of the Vietnam War* Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in US history The Vietnam War lasted more than a decade was the longest war in US history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today's world Now in its second edition *The Encyclopedia of the Vietnam War A Political Social and Military History* adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in US history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO *Historical Dictionary of the War in Vietnam* Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam

DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

Special Operations and Strategy James D. Kiras, 2006-07-29 This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition this is achieved by examining both strategic theory and real life case studies

Operation SEALORDS: A Study In The Effectiveness Of The Allied Naval Campaign Of Interdiction LCDR Eugene F. Paluso USN,2015-11-06 The United States Navy involvement in the Vietnam War prior to 1964 was primarily blue water operations In 1964 the Vietnam Delta Infiltration Study Group was tasked to conduct a comprehensive study of the problem of enemy infiltration of men and supplies into South Vietnam Mekong Delta region across the Cambodia and Laos borders The findings of the group were published in the Bucklew Report and concluded that the border infiltration problem was significant and needed to be stopped in order to ensure victory in the Vietnam War The recommendations were for the U S to develop an extensive riverine operations capability to assist the South Vietnamese military in conducting counter insurgency operations to stop the infiltration problem The U S Navy moved from deep blue water operations to near shore blue water operations with the Operation MARKET TIME patrols which encompassed larger seagoing craft patrolling the coast to forty miles out to sea These operations led to the first brown water operations during Operation GAME WARDEN which patrolled the major river systems in the Mekong Delta region in order to interdict enemy movements along the rivers Soon these patrols revealed the need to ground troops to control the riverbanks in order for the patrols to be effective The Tet offensive of 1968 revealed that the MARKET TIME and GAME WARDEN patrols were not totally containing the infiltration problem Operation SEALORDS established patrol barriers that were designed specifically to stop the influx of men and supplies crossing the Cambodian border and sustaining enemy forces operating in the Mekong Delta and Saigon areas SEALORDS barriers were systematically set up to take control of the Mekong Delta region and deny the enemy the freedom of movement enjoyed for years prior **Communist Indochina** R. consider key episodes of the Vietnam War which followed partition in 1954 including the Tet Offensive of 1967-68 a crucial turning point in the course of the conflict and the Cambodia Crisis of 1969-70 Throughout it considers events within Indochina in the context of wider regional and international developments focusing in particular on the role played by the Chinese including their support to the Viet Minh in their struggle against the French from 1947 and the issue of Cambodia which eventually precipitated the Sino-Vietnamese War of 1979 The book also explores the main trends in social economic and institutional development which characterised this period including village and clan networks economic and monetary developments the contrasting systems of North and South after partition and the consequences of choosing a Soviet economic alignment in preference to links with Japan and capitalist Asia Written by the late Ralph Smith a highly respected historian of Asia this book is essential reading for anyone seeking to understand the history of Indochina

legacy **America's Last Vietnam Battle** Dale Andrade, 2000-12-31 In the spring of 1972 North Vietnam launched a massive military offensive designed to deliver the coup de grace to South Vietnam and its rapidly disengaging American ally. But an overconfident Hanoi misjudged its opponents who led by American military advisers and backed by American airpower were able to hold off the North's onslaught in what became the biggest battle of a very long war. Dale Andrade rescues this epic engagement from its previous neglect to tell a riveting tale of heroism against great odds. Originally published in cloth in 1995 as *Trial by Fire* and drawing upon recent Vietnamese language sources this new paperback edition will finally allow a true classic on the war to reach the wide readership it deserves.
