

# ARMAGEDDON PROJECT

A close-up, high-contrast image of a metallic, mechanical object, possibly a robotic arm or a piece of machinery. The object is highly detailed with various bolts, rivets, and curved surfaces. A bright, glowing yellow light source is visible through the internal structure, creating a dramatic effect. The background is dark, making the metallic surfaces and the light stand out.

**Savior** Frank Camelio, 2012-09-20 Compelling High Tech Drama and International Intrigue In Frank Camelio s gripping new thriller Savior Swiss geneticist Joshua Mason has made a discovery that promises good health and long life for all humanity He wants everyone inoculated with his special serum but on his terms only Mason is also concealing the serum s full impact on humans and taking extravagant measures to hide his past Meanwhile the Supreme Trust a clandestine international cabal is funding its own genetic research with the purpose of controlling global population and demographics As Mason and the Trust move separately and secretly to shape the future their plans collide prompting an investigation by the U S National Security Agency The conflict entangles American geneticist Joyce Ching historian Jim Rogers and National Security agent Laura Andrews who face mortal dangers in pursuit of the truth As the three begin to comprehend the magnitude of Mason s findings and the Trust s grand strategy shocking revelations surface disclosures that alter history and foreshadow a precarious future Whichever future prevails Savior will make readers ask themselves Given the choice would I take Mason s serum

The Project-State and Its Rivals Charles S. Maier, 2023-05-16 A new and original history of the forces that shaped the twentieth and twenty first centuries We thought we knew the story of the twentieth century For many in the West after the two world conflicts and the long cold war the verdict was clear democratic values had prevailed over

dictatorship But if the twentieth century meant the triumph of liberalism as many intellectuals proclaimed why have the era's darker impulses ethnic nationalism racist violence and populist authoritarianism revived *The Project State and Its Rivals* offers a radical alternative interpretation that takes us from the transforming challenges of the world wars to our own time Instead of the traditional narrative of domestic politics and international relations Charles S Maier looks to the political and economic impulses that propelled societies through a century when territorial states and transnational forces both claimed power engaging sometimes as rivals and sometimes as allies Maier focuses on recurring institutional constellations project states including both democracies and dictatorships that sought not just to retain power but to transform their societies new forms of imperial domination global networks of finance and the international associations foundations and NGOs that tried to shape public life through allegedly apolitical appeals to science and ethics In this account which draws on the author's studies over half a century Maier invites a rethinking of the long twentieth century His history of state entanglements with capital the decline of public projects and the fragility of governance explains the fraying of our own civic culture but also allows hope for its recovery
