Bell, 1969 **The Farther Frontier** Lysle E. Meyer, 1992 A surprising number of Americans were involved with the so called Dark Continent during the period when Western penetration led to conquest and colonial rule The six Americans discussed are Thomas Jefferson Bowen who established the first American mission posts in Yorubaland writer explorer Paul du Chaillu soldier explorer Charles Chaille Long diplomat Henry Shelton Sanford mining engineer John Hays Hammond and taxidermist Carl Akeley Illustrated *African Americans and Africa* Nemata Amelia Blyden, 2019-05-28 An introduction to the complex relationship between African Americans and the African continent What is an African American and how does this identity relate to the African continent Rising immigration levels globalization and the United States first African American president have all sparked new dialogue around the question This book provides an introduction to the relationship between African Americans and Africa from the era of slavery to the present mapping several overlapping diasporas The diversity of African American identities through relationships with region ethnicity slavery and immigration are all examined to investigate questions fundamental to the study of African American history and culture **New Directions in the Study of African American Recolonization** Beverly Tomek, Matthew J. Hetrick, 2022-10-18 Beginning in 1816 the American Colonization Society worked to send American blacks to resettle in Africa From inception however its foundational ethos has been debated These debates continued long after the effective end of the ACS during WWI through the Civil Rights movement to today when even historians among the Press s own authors respectfully hold opposing views In this volume Beverly Tomek and Matthew Hetrick gather essays from scholars with different opinions and divergent methodologies offering not only new research to address some of the old questions about American colonization and missionary activities but also new questions to spur further debate **Colonization and Its Discontents** Beverly C. Tomek, 2012-09-24 Pennsylvania contained the largest concentration of early America s abolitionist leaders and organizations making it a necessary and illustrative stage from which to understand how national conversations about the place of free blacks in early America originated and evolved and importantly the role that colonization supporting the emigration of free and emancipated blacks to Africa played in national and international antislavery movements Beverly C Tomek s meticulous exploration of the archives of the American Colonization Society Pennsylvania s abolitionist societies and colonizationist leaders both black and white enables her to boldly and innovatively demonstrate that in Philadelphia at least the American Colonization Society often worked closely with other antislavery groups to further the goals of the abolitionist movement In *Colonization and Its Discontents* Tomek brings a much needed examination of the complexity of the colonization movement by describing in depth the difference between

those who supported colonization for political and social reasons and those who supported it for religious and humanitarian reasons Finally she puts the black perspective on emigration into the broader picture instead of treating black nationalism as an isolated phenomenon and examines its role in influencing the black abolitionist agenda The Grammar of Good Intentions Susan M. Ryan (Ph. D.),2003 Susan M Ryan explores antebellum Americans preoccupation with the language and practice of benevolence Drawing on a variety of cultural and literary texts she traces how people working and writing within social reform movements and their outspoken opponents helped solidify racial and class ideologies that ultimately marginalized even the most deserving poor The links between race and the relations of benevolence occasioned much soul searching among antebellum Americans Ryan explains In a period of heated public debate over issues such as slavery Indian removal and non Protestant immigration the categories of blackness Indianness and a generic foreignness came to signify for many whites need itself Ryan puts familiar literary works such as Herman Melville s The Confidence Man Frederick Douglass s My Bondage and My Freedom and Harriet Beecher Stowe s Uncle Tom s Cabin back into dialogue with a broad range of print materials the reports of charity societies African American and Native American newspapers juvenile fiction travel writing cartoons sermons and tract literature In the process she dispels the myth that authors usually classified as literary were responding to a simple and unquestioned cult of benevolence Rather she contends they were participating in the complex and often rancorous debates occurring within the broader culture over how good intentions should be expressed and enacted Ryan s inquiry into the antebellum culture of benevolence has implications for contemporary U S society resonating especially with recent debates over welfare reform the politics of compassionate conservatism and representations of welfare queens and violent urban youth As Ryan writes The conversations that this book reconstructs remind us of our ongoing participation in the national ritual of laying claim to good intentions **A Nation within a Nation** Komozi

Sociological Association Book Award Robert E Park has long been recognized as one of the most influential thinkers in early American sociology yet virtually all of his works appearing before 1913 were published in popular magazines and were dismissed as nonsociological muckraking In *Militarism Imperialism and Racial Accommodation An Analysis and Interpretation of the Early Writings of Robert E Park* Stanford M Lyman examines and reprints many of these little known works including Park s essays on German military organization his expos s of the atrocities committed by Belgium s Leopold II in the Congo State his studies of the black community in Winston Salem North Carolina and of Booker T Washington s agricultural education program at Tuskegee Alabama Lyman shows clearly that Park s essays written outside the academy formulated a far more complex perspective on modern modes of evil than any proposed by his contemporaries thereby influencing sociological debates for decades to come By writing his essays on topical subjects and by publishing them for a public audience Park dramatized his profound belief that the struggle to achieve racial accommodation and to establish a true and lasting democracy is a concern for all

Critique of Black Reason Achille Mbembe,2017-03-02 In *Critique of Black Reason* eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness from the Atlantic slave trade to the present to critically reevaluate history racism and the future of humanity Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world s center of gravity while mapping the relations among colonialism slavery and contemporary financial and extractive capital Tracing the conjunction of Blackness with the biological fiction of race he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion With *Critique of Black Reason* Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future

Power, Culture and Modernity in Nigeria Oluwatoyin Oduntan,2018-05-23 In this book Oluwatoyin Oduntan offers a critical intervention in the scholarly fields of Nigerian and West African history as well as towards understanding the intellectual ideas by which modern African society was formed and how it functions The book traces the shifting dynamics between various segments of the African elite by critically analyzing existing historical accounts traditions and archival documents First it explores the lost world of native intellectual thoughts as the perspective through which Africans experienced the colonial encounter It thereby makes Africans central to contemporary debates about the meanings and legitimacy of colonial empires and about the African cultural experience It shows that the resettlement of liberated and Westernized Africans in Abeokuta and after them European missionaries merchants and colonial agents from the 1840s did not dismantle preexisting power structures and social relations Rather educated Africans and Europeans entered into and added their voices to ongoing processes of defining culture and power By rendering a continuing narrative of change and adaptation which connects the pre colonial to the post colonial *Power Culture and Modernity in Nigeria* leads
