## Search For Shangri La:

**The Search For Shangri-La** Charles Allen, 2015-11-05 The idea of a hidden refuge a paradise far from the stresses of modern life has universal appeal In 1932 the writer James Hilton coined the word Shangri La to describe such a place when he gave that name to a hidden valley in the Himalayas in his novel LOST HORIZON In THE SEARCH FOR SHANGRI LA acclaimed traveller and writer Charles Allen explores the myth behind the story He tracks down the sources that Hilton drew upon in writing his popular romance and then sets out to discover what lies behind the legend that inspired him In the course of a lively and amusing account of his four journeys into Tibet Allen also gives us a controversial new reading of the country s early history shattering our notions of Tibet as a Buddhist paradise and restoring the mysterious pre Buddhist religion of Bon to its rightful place in Tibetan culture He also locates the lost kingdom of Shang shung and in doing so the original Shangri La itself in an astounding gorge beyond the Himalayas full of extraordinary ruins     Searching for Shangri-La Laurence Brahm, 2017-04-01 In 2002 author filmmaker and economist Laurence Brahm inspired by James Hilton s novel Lost Horizon and his own quest for meaning began his search for Shangri la Some say that Shangri la can be found in sacred Tibet or maybe in wild Qinghai others believe it can be found in artistic Yunnan in the southwest of China The author discovered the spiritual truth that Shangri la is not a place rather it is a state of mind As Brahm hitchhiked through western China well off the beaten track he recorded the interior changes and illuminations he experienced as his consciousness expanded far beyond the everyday cares of his years of urban life in Beijing The insights of his journey and his meetings with others who searched for their own versions of Shangri la helped him to understand that the archetypal goal he sought was actually a state of consciousness Shangri la may be found in a cup of caf latte or yak butter tea 8212if we search carefully enough and with mindfulness and compassion Searching for Shangri la is the first book of the Himalayan Trilogy The reader will discover the need for fresh economic paradigms that call for compassionate capital the empowerment of people and prioritization of the environment Spirituality can be more powerful than materialism The need for sustainability has rarely been so beautifully and eloquently defended     In Search of Shangri-La Michael McRae, 2004     **Shangri-La** Michael Buckley, 2008-11-25 Appealing to the adventure traveler or armchair reader who simply wishes to browse and dream this guide promises to lead them into the glorious reality and breathtaking landscapes of the Himalayas     **In Search of Shangri-La** Bernard Jensen, 1989     Searching for Shangri-la/An alternative philosophy travelogue     **Tibet and Shangri-La** Charles River Charles River Editors, 2018-03-02 Includes pictures of important people and places Includes footnotes and a bibliography for further reading For the valley was nothing less than an enclosed paradise of amazing fertility in which the vertical difference of a few thousand feet spanned the whole gulf between temperate and tropical James Hilton Lost Horizon 1933 In 1933 British author James Hilton introduced the world to a new destination for journeys of the imagination the hidden valley of Shangri La In doing so Hilton built upon pre existing fantasies stereotypes and archetypes

many of which were centuries old but Hilton also created something new in the form of a vision which captured the imagination of his contemporaries and has remained ever since In Hilton s novel Lost Horizon Shangri La is a valley high in the north of the Himalayas where a monastery more accurately a lamasery as the inhabitants were lamas not monks dedicated to peace and study exists The precipitously steep valley is also home to a rich variety of flora and its inhabitants are renowned for their longevity The Western myth of Shangri La is part and parcel of a long term fascination with Tibet which even today is still seen as a land of mystery ancient wisdom and spiritual purity on the roof of the world all of which stands in contrast to the Western world Even when Lost Horizon was published in 1933 Shangri La was inseparable from the anxieties of its Western audiences particularly given the damage done by World War I and the looming World War II That said this does not mean that there are not authentic Tibetan roots for the legend There is no historical legend of Hilton s Shangri La since the ending la means valley and shangri is a word of Hilton s own invention but there is a relevant piece of Tibetan mythology the story of Shambhala This legendary kingdom exists outside to the north of Tibet and represents the pure land of Buddhist and harmonious living The story of Shambhala may have influenced Hilton s original work but it has undoubtedly had an influence on later writing and imaginations of the place Tibet and Shangri La The Search for a Hidden Paradise explores the history of Tibet and legend of Shangri La from the mists of Tibetan pre history and traces the history of the idea as it became fused with Buddhism and was tied to the idea of a Pure Land This book also looks at the West s encounter with Tibet in the early 20th century including both expeditions and literature that described and popularized Shangri La in Romantic poems pulp novels and popular esoteric mysticism Finally the book traces the way in which Tibetan culture has moved west and influenced the globe Along with footnotes a bibliography and pictures you will learn about Tibet and Shangri La like you never have before in no time at all [Tibet and Shangri-La: the Search for a Hidden Paradise](#) Charles River Charles River Editors,2013-09-05 Includes pictures of important people and places Includes footnotes and a bibliography for further reading For the valley was nothing less than an enclosed paradise of amazing fertility in which the vertical difference of a few thousand feet spanned the whole gulf between temperate and tropical James Hilton Lost Horizon 1933 In 1933 British author James Hilton introduced the world to a new destination for journeys of the imagination the hidden valley of Shangri La In doing so Hilton built upon pre existing fantasies stereotypes and archetypes many of which were centuries old but Hilton also created something new in the form of a vision which captured the imagination of his contemporaries and has remained ever since In Hilton s novel Lost Horizon Shangri La is a valley high in the north of the Himalayas where a monastery more accurately a lamasery as the inhabitants were lamas not monks dedicated to peace and study exists The precipitously steep valley is also home to a rich variety of flora and its inhabitants are renowned for their longevity The Western myth of Shangri La is part and parcel of a long term fascination with Tibet which even today is still seen as a land of mystery ancient wisdom and spiritual purity on the roof of the world all of which stands in contrast to the

Western world Even when *Lost Horizon* was published in 1933 Shangri La was inseparable from the anxieties of its Western audiences particularly given the damage done by World War I and the looming World War II That said this does not mean that there are not authentic Tibetan roots for the legend There is no historical legend of Hilton s Shangri La since the ending la means valley and shangri is a word of Hilton s own invention but there is a relevant piece of Tibetan mythology the story of Shambhala This legendary kingdom exists outside to the north of Tibet and represents the pure land of Buddhist and harmonious living The story of Shambhala may have influenced Hilton s original work but it has undoubtedly had an influence on later writing and imaginations of the place Tibet and Shangri La

*The Search for a Hidden Paradise* explores the history of Tibet and legend of Shangri La from the mists of Tibetan pre history and traces the history of the idea as it became fused with Buddhism and was tied to the idea of a Pure Land This book also looks at the West s encounter with Tibet in the early 20th century including both expeditions and literature that described and popularized Shangri La in Romantic poems pulp novels and popular esoteric mysticism Finally the book traces the way in which Tibetan culture has moved west and influenced the globe Along with footnotes a bibliography and pictures you will learn about Tibet and Shangri La like you never have before in no time at all

**Mystifying China's Southwest Ethnic Borderlands** Yuqing Yang, 2017-12-28 The Confucian notion of Harmony with difference he er bu tong has great political and cultural resonance in contemporary China which propagates the quest for a pluralist harmony between cultural and ethnic components of society In an attempt to examine a range of responses to this state envisioned ideal of accommodating ethnic differences this book analyzes the literary and cultural discourses that surround three minority regions in Southwest China Dali which was once the location of the ancient Nanzhao and Dali Kingdoms the homeland of the matrilineal Mosuo known as the Country of Women and the Tibetan areas associated with utopian Shangri La This book borrows Foucault s concept of heterotopia to address the contradictory and often simultaneously existing views of the minority region as rich treasure house of tradition and as intractable barrier to modern development which combine to give rise to productive tensions in scholastic and artistic creations Through reconstituting and performing the myths and legends of or about minority culture the representations of the three places turn into heterotopias which are posed between the mythical and the real in different ways Functioning as a self reflective mirror they simultaneously offer images of the actual habitats of the ethnic other which have been subject to socialist projects of modernity and become a viable means by which to exert material effects on the real landscape Products of a fascination with alternative social spaces the three mystified lands all contain conceptualizations of harmony be it spiritual gender based or ecological that are conceivably absent in the imperfect actuality of the Chinese heartland In conclusion these aesthetically constructed spaces of the other negotiate and enrich the discourse of Harmony with difference reacting to ethnic politics in PRC history and creating an audience that grows attentive to the traditions of minorities

Brahm,2017-04-01 Inspired by James Hilton s 1933 novel Lost Horizon Laurence Brahm went in search of the mystical realm of Shangri la traveling along the ancient Tea Caravan Trail in Yunnan Province of southwest China Starting in the capital city of Kunming Brahm traveled from Dali to Lijiang through Yi to Lago Lake and to Zhongdian and Degin and the sacred Kawagebo Mountain Each region has its own culture and ethnic tradition and is trying to preserve the old way of life while adapting to the economic realities of modern life and tourism Along the way Laurence met various individuals 8212including the famous Chinese dancer Yang Liping 8212and learned of a movement of conscious people fighting against the onslaught of modernism to preserve their cultures and identities They shared with him stories about the misty mountains that stand majestically in this land south of the clouds and explained how such mountains are sacred to all who live in these regions
