## Search For The Fallen:

Search for the Fallen Patrick F. Briggs, 2006-02-01 A planet surrounded by a tachyon energy field With dangerous political factions teeming inside And an ancient darkness uncovered Native Karran Dr Kalansi Halan and her close knit team are forced to abandon her late mentors digsite and are recruited by the ministry of defense to find two lost battleships lost in the end of the Selenac War In the quest to find the barest of clues she and her team would not only face renegades but professional mercenaries and an ancient horror from the past Not even the depths of the oceans would be enough to hide them from their pursuing enemies and the planet itself would shake with a frightening sky to match Kalansi also finds herself in a struggle with a strange amulet as it exerts its influence over her drawing alarm from those close by and unlikely allies She would soon discover a terrible truth and a battle at the south pole will set into motion events that no one could even imagine

**Search for the Starblade** Keith Taylor , The champion of ancient Ireland on a quest for blood and magic A WARRIOR S QUEST The swordplay of Oghmal brother to the Queen of the Danans is celebrated throughout the isle of Tirtangir Yet nowhere can he find a weapon worthy of his warrior s prowess Legend has it that a blade fashioned from a fallen star will be indestructible and will defeat all sorceries and spells For such a star stone Oghmal must leave the shores of ancient Ireland and journey in search of an enchanted island one which appears only at sunset shining beneath the sea or floating in the sky at sunrise There the secret lies and peril beyond imagining PRAISE FOR KEITH TAYLOR S BARD SERIES For lovers of magic history and or swashbuckling adventure BARD is an exciting novel Science Fiction Review *Searching for a Leftist Constitutionalism* Ronald Car, 2024-07-12 Is there a viable leftist constitutionalism that we can juxtapose with liberal constitutionalism or is there really no alternative If the left is considered an a priori enemy of the principle of the rule of law the equal chance condition proves illusory Accordingly those asking for changes to social institutions will deem constitutionalism undemocratic Hence in our times of silent de constitutionalization at the global level and rising populism and democratic backsliding at the national level this book offers a valuable opportunity to reconsider one of the founding principles of liberal constitutionalism the Rechtsstaat It re examines the controversies that accompanied the affirmation of the concept in a long term perspective from 1848 to the post World War II constitutional debates Since 1848 the German left has challenged the dominant liberal view of legitimacy mainly by adopting Marx s critique of the ideology of law and the state Thus the left has had to challenge not only the established order but also the mainstream political and legal culture generated by the liberal discourse on rights In search of constitutional viability the left has oscillated between two tendencies On the one hand it has denounced the discourse on rights as an ideological smokescreen used by the ruling class to keep us from paying more attention to the actual level of democracy within the parties the governmental bodies and in everyday social relations On the other hand the left has attempted to adjust its platform to the mainstream idea of constitutional legitimacy by devising its own sozialer Rechtsstaat However the break even point has proven hard to find If the acceptance of

liberal principles was seen as less than wholehearted leftist constitutional proposals aroused suspicions of a coverup for an unconstitutional rule Unrechtsstaat On the other hand when the left has accepted liberal constitutional principles in full its potential to challenge the social status quo has ultimately proven to be disappointing The controversy culminated in a desperate and largely unknown attempt to devise a constitutional compromise between Liberalism and Socialism in East Berlin in the wake of the Cold War Although doomed to fail and devoid of democratic credibility the debates of the East German constitutional commission in 1948 offer important insights into a century of experiences trials and errors in constitution making seen from the leftist perspective Bitter Search for Giants Herman Lloyd Bruebaker, 2018-05-01 When naval commander Victor Cushman was assigned to assist the Peruvian intelligence he never knew they would be searching for seventy thousand year old oblong skulls But what he did learn was that people were dying along the way He soon discovered their search for oblong skulls was more than a routine matter Its conclusion would affect the future of mankind

Transnational Death Samira Saramo, Eerika Koskinen-Koivisto, Hanna Snellman, 2019-09-24 With so much of the global population living on the move away from their homelands and in diasporic communities death and mourning practices are inevitably impacted Transnational Death brings together eleven cutting edge articles from the emerging field of transnational death studies By highlighting European Asian North American and Middle Eastern perspectives the collection provides timely and fresh analysis and reflection on people s changing experiences with death in the context of migration over time First beginning with a thematic assessment of the field of transnational death studies readers then have the opportunity to delve into case studies that examine experiences with death and mourning at a distance from the viewpoints of Family Community and Commemoration The chapters highlight complicated issues confronting migrants their families and communities including negotiations of burial preferences and challenges of corpse repatriation the financial costs of providing end of life care travel at times of death and arranging culturally appropriate funerals and religious services as well as the emotional and sociocultural weight of mourning and commemoration from afar Overall Transnational Death provides new insights on identity and belonging community reciprocity transnational communication and spaces of mourning and commemoration
