Irish on the Inside Tom Hayden, 2003 Tom Hayden explores the losses wrought by Irish American conformism in his own life and beyond **The Back Of Beyond** James Charles Roy, 2009-02-18 James Charles Roy a noted authority on Irish history and travel escorts a disparate group of Americans through the lonely backwaters of ancient Ireland Visions of a glorious enterprise evaporate as he sees a dejected and weary handful of aged American tourists disembark at Shannon Airport Fortified by Guinness Roy hurls himself into sharing with them the joys and wonders of Ireland's twisted byways Determined to avoid cliché Roy leads his group to obscure Celtic coronation sites monasteries and remote abbeys as he spins a narrative that pulls Ireland's chaotic story into coherence His unsuspecting charges begin to shed their hesitations relishing their guide's idiosyncratic approach to Ireland Black comedy aside Roy touches an emotional chord how the economic phenomenon known as the Celtic Tiger has transformed Old Ireland into a high tech power At the tour's end Roy embarks alone for the inaccessible Ardoilean a seventh century Celtic hermitage in County Galway His vision of an Ireland lost forever is an emotional tour de force **The Soul of Ireland** W. J. Lockington, 1920 **The Soul of Ireland** Joe Mulholland, 2006 Bringing together 37 leading public figures in Ireland this book addresses major issues facing the nation today Irish Stereotype in American Cinema Piotr Szczypa, 2021-08-04 Discussing the role of violence in the Irish stereotype this book is a fascinating story of the changing perception of the Irish in America as told by American cinema From *Levi and Cohen* Irish Comedians 1903 to *The Irishman* 2019 some of the productions analyzed here are timeless classics others have almost been forgotten What they have in common is the presence of violence as the key ingredient in the construction of Irish characters In his insightful study Piotr Szczypa employs imagological perspective to investigate the evolution of their portrayal in American films showing not only how the Irish have adjusted to America but also how America has embraced Irishness

Psyche's Exile: an empirical odyssey in search of the soul Jerry Kroth, 2011 *Psyche's Exile* an empirical odyssey in search of the soul Psyche means soul in Greek and psychology literally means the study of the soul For over a century American psychology has gone in precisely the opposite direction Soul mind and mind brain with no exceptions This reductionist paradigm is challenged in this book as Professor Kroth reviews eight politically incorrect forbidden databases in his empirical pursuit of the immortal soul of the ages near death experiences deathbed visions precognitive dreams premonitions synchronicity telepathy states of possession just to name a few The journey leads to a fascinating rediscovery of the soul Reviews *Psyche's Exile* is an absolute treasure trove of carefully collected experiential and experimental data spanning the research areas of anthropology sociology religion spirituality psychology and physics Although we are still some human evolutionary time away from experimentally proving the existence of the human soul there is certainly enough good data available at present to make it a viable working hypothesis Dr Kroth is dedicated to his craft as a professional explorer of nature in its many forms For myself I wouldn't hesitate to recommend this book to my scientific colleagues and my friends

Nelson,2023-10-30 This is a story of religious and democratic covenants and controversies in the foundations of the American nation and in the soul of its colleges and universities Its powers are religion and politics in America the creeds and convictions constituting the beliefs and theologies of citizens and religious people Critically overlapping and entangled democratic beliefs and convictions distinctly define the American body politic and are in the foundation of the nation and its colleges and universities In that story an unmistakable feature and idea is that the religion of the Republic in America is intertwined with and parallel to a symbiotic religion of the academy in its colleges and universities The nation and its colleges share the same space history and religious and democratic heralds and heroes Democratic and political theories and philosophies and competing and cooperating religious faiths and impulses have been
