## **Search For Thomas F Ward Teacher Of Frederick Delius:**

*The Search for Thomas F. Ward, Teacher of Frederick Delius* Don C. Gillespie, 1996 Gillespie traces Ward's life from his Catholic musical upbringing as an orphan in Brooklyn to many parts of Florida to his death in Houston offering new information about art and folk music in both Brooklyn and Florida in the late nineteenth century **Frederick Delius** Mary Christison Huismann, 2012-07-26 Frederick Delius is among the most celebrated English composers of the 20th century. Widely studied and performed, his works are considered models of the British impressionist school and continue to fascinate students and scholars centuries later. This research guide serves as a ready reference for students and scholars but will also be interesting to read and useful for anyone who wants to know where to begin to learn more about this important composer.

*The Music of Frederick Delius* Jeremy Dibble, 2021 This book examines Delius's individual approaches to genre, form, harmony, orchestration, and literary texts which gave the composer's musical style such a unique voice. Frederick Delius (1862-1934) music has proved impervious to analytical definition. Delius's approaches to genre, form, harmony, orchestration, and literary texts are all highly individual, not to say eccentric, in their deliberate aim to avoid conformity. Rarely does Delius follow a conventional line, and though one can readily point to important influences, the larger Gestalt of each work has a syntax and coherence for which conventional analytical methods are mostly inadequate. Delius's musical style has also defied one of the most essential critical tools of his musical epoch: that of national identity. His style bears no relation either to the Victorian or Edwardian aesthetic of British music spearheaded by Parry, Stanford, and Elgar before the First World War, nor to the more overtly nationalist folk-song orientated pastoralism of post-war Britain in such composers as Vaughan Williams and Holst. In contrast, Delius acknowledged himself a stateless individual and considered that his music refused to belong to any national school or movement. To test these claims, the book explores a number of important factors: Delius's musical education at the Leipzig Conservatorium and the works he produced there; Delius's musical voice, notably his harmonic and melodic style, and the close structural relationship between these two factors. The book also explores the question of Delius and genre, in which the investigation of form is central, especially in opera, the symphonic poem, the choral work, where words are seminal to the creation of structural design, and the sonata and concerto to which Delius brought his own individual solution. Other significant factors are Delius's cosmopolitan use of texts, operatic plots, and picturesque impressions; his relationship to Nietzsche's writings and the genre of dance; and the role of his earlier works (1888-1896) in which it is possible to plot a course of stylistic change with reference to the influences of Grieg, Sinding, Florent Schmitt, Wagner, Strauss, and Debussy. In Britain, in such composers as Vaughan Williams and Holst, in contrast, Delius acknowledged himself a stateless individual and considered that his music refused to belong to any national school or movement. To test these claims, the book explores a number of important factors: Delius's musical education at the Leipzig Conservatorium and the works he produced there; Delius's musical voice, notably his harmonic and melodic style, and the close structural relationship between these two factors.

The book also explores the question of Delius and genre in which the investigation of form is central especially in opera the symphonic poem the choral work where words are seminal to the creation of structural design and the sonata and concerto to which Delius brought his own individual solution Other significant factors are Delius's cosmopolitan use of texts operatic plots and picturesque impressions his relationship to Nietzsche's writings and the genre of dance and the role of his earlier works 1888 1896 in which it is possible to plot a course of stylistic change with reference to the influences of Grieg Sinding Florent Schmitt Wagner Strauss and Debussy 1896 in which it is possible to plot a course of stylistic change with reference to the influences of Grieg Sinding Florent Schmitt Wagner Strauss and Debussy r Britain in such composers as Vaughan Williams and Holst In contrast Delius acknowledged himself a stateless individual and considered that his music refused to belong to any national school or movement To test these claims the book explores a number of important factors Delius's musical education at the Leipzig Conservatorium and the works he produced there Delius's musical voice notably his harmonic and melodic style and the close structural relationship between these two factors The book also explores the question of Delius and genre in which the investigation of form is central especially in opera the symphonic poem the choral work where words are seminal to the creation of structural design and the sonata and concerto to which Delius brought his own individual solution Other significant factors are Delius's cosmopolitan use of texts operatic plots and picturesque impressions his relationship to Nietzsche's writings and the genre of dance and the role of his earlier works 1888 1896 in which it is possible to plot a course of stylistic change with reference to the influences of Grieg Sinding Florent Schmitt Wagner Strauss and Debussy r Britain in such composers as Vaughan Williams and Holst In contrast Delius acknowledged himself a stateless individual and considered that his music refused to belong to any national school or movement To test these claims the book explores a number of important factors Delius's musical education at the Leipzig Conservatorium and the works he produced there Delius's musical voice notably his harmonic and melodic style and the close structural relationship between these two factors The book also explores the question of Delius and genre in which the investigation of form is central especially in opera the symphonic poem the choral work where words are seminal to the creation of structural design and the sonata and concerto to which Delius brought his own individual solution Other significant factors are Delius's cosmopolitan use of texts operatic plots and picturesque impressions his relationship to Nietzsche's writings and the genre of dance and the role of his earlier works 1888 1896 in which it is possible to plot a course of stylistic change with reference to the influences of Grieg Sinding Florent Schmitt Wagner Strauss and Debussy 1896 in which it is possible to plot a course of stylistic change with reference to the influences of Grieg Sinding Florent Schmitt Wagner Strauss and Debussy r Britain in such composers as Vaughan Williams and Holst In contrast Delius acknowledged himself a stateless individual and considered that his music refused to belong to any national school or movement To test these claims
