Searching for Seekers Mary J. Scifres, 1998 Seekers are those who have had little or no exposure to the faith and for whom traditional worship is often uninviting and uninspired While not in tune with the language and structures of traditional church they are grasped by a deep longing for connection with God and people of faith Containing sample services for different kinds of Seeker friendly worship services this book will provide pastors and other church leaders with a thoughtful yet practical introduction to who Seekers are and how the church might best minister to them The Younger Evangelicals Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture The Younger Evangelicals explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely The Younger Evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context One Church, Four Generations Gary L. McIntosh, 2002-04 Offers insight into the four generations found in modern churches and gives practical suggestions for effective ministry to each generation *Ancient-Future Evangelism (Ancient-Future)* Robert E. Webber, 2003-11-01 Following his well received Ancient Future Faith Robert Webber presents a new model for evangelism and discipleship the first in a series of four books applying his theoretical ideas to practical situations Part 1 of Ancient Future Evangelism surveys evangelism and Christian formation throughout the church and then translates the process for twenty first century Christians Webber presents evangelism as four distinct stages and suggests three accompanying rites of passage that can be easily adapted to any church tradition Part 2 underscores how the four fold process of faith formation is interwoven with three theological principles Christ as victor over evil the church as witness to God s salvation and worship as a witness to God s mission accomplished in Jesus Ancient Future Evangelism will appeal to both emerging evangelicals as well as traditional church leaders It relates faith to Christian practice by drawing wisdom from the past and translating those insights into the present and future life of the church *Teaching the Faith, Forming the Faithful* Gary A. Introducing the Uncommon Lectionary Thomas G. Bandy,2010-09-01 Lays out the plan for a collection of readings from Scripture designed for the needs of seekers and the unchurched The church has used lectionaries lists of scriptures to be read on particular Sundays throughout the year across its long history Yet most lectionaries are inward looking they presuppose hearers who are familiar with the biblical story and accustomed to gearing their lives around the Christian year Yet in the increasingly pagan world of North America the church s task is to reach out to those who are spiritually hungry yet unfamiliar with the Christian story In this important new work Tom Bandy has given those who plan and lead worship a new lectionary specifically geared to the needs of seekers He lays out a plan for a trip through the central biblical narratives the purpose of which is to provide seekers with a basic understanding of the gospel and to call disciples to a deeper experience of Christian faith
