O'Connell,2016-09-29 *The Life and Songs of Stephen Foster* offers an engaging reassessment of the life politics and legacy of the misunderstood father of American music Once revered the world over Foster s plantation songs like *Old Folks at Home* and *My Old Kentucky Home* fell from grace in the wake of the Civil Rights Movement due to their controversial lyrics Foster embraced the minstrel tradition for a brief time refining it and infusing his songs with sympathy for slaves before abandoning the genre for respectable parlor music The youngest child in a large family he grew up in the shadows of a successful older brother and his president brother in law James Buchanan and walked a fine line between the family s conservative politics and his own pro Lincoln sentiments Foster lived most of his life just outside of industrial smoke filled Pittsburgh and wrote

songs set in a pastoral South unsullied by the grime of industry but tarnished by the injustice of slavery Rather than defining Foster by his now controversial minstrel songs JoAnne O Connell reveals a prolific composer who concealed his true feelings in his lyrics and wrote in diverse styles to satisfy the changing tastes of his generation In a trenchant reevaluation of his NewYork Bowery years O Connell illustrates how Foster purposely abandoned the style for which he was famous to write lighthearted songs for newly popular variety stages and music halls In the last years of his life Foster s new direction in songwriting stood in the vanguard of vaudeville and musical comedy to pave the way for the future of American popular music His stylistic flexibility in the face of evolving audience preferences not only proves his versatility as a composer but also reveals important changes in the American music and publishing industries An intimate biography of a complex controversial and now neglected composer *The Life and Songs of Stephen Foster* is an important story about the father of American music This invaluable portrait of the political economic social racial and gender issues of antebellum and Civil War America will appeal to history and music lovers of all generations **Songs of the Survivors** Yvonne Vaz Ezdani,2007 Published in November 2007 by Frederick Noronha on behalf of Goa 1556 <http://goa1556.goa.india.org> Stories of World War II continue to absorb the interest of the readers and there are many books on the subject In 1942 Goa was a neutral Portuguese colony in western India and largely unaffected by the war But there were many Goans living in Burma when the first surprise bombings of Rangoon by Japanese planes took place This book tells the story of Goans in the Burma of those days It is a collection of stories based on the horrors of the Japanese invasion in Burma between 1942 and 1945 and the subsequent exodus of thousands of refugees who fled to India *Art Song* Carol Kimball,2013-05-01 Book *Art Song Linking Poetry and Music* is a follow up to author Carol Kimball s bestselling *Song A Guide to Art Song Style and Literature* Rather than a general survey of art song literature the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings Topics covered include poetry basics for singers exercises for singers in working with poetry insights into composers musical settings of poetry building recital programs performance suggestions and recommended literature for college and university classical voice majors The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions *Art Song Linking Poetry and Music* is extremely useful as an unofficial text for college university vocal literature classes as an excellent resource for singers and voice teachers and of interest to all those who are fascinated by the rich legacy of the art song genre **129 Songs** Charles Ives,2004-01-01 lxxi 527 pp The MUSA series is copublished with the American Musicological Society **A Composer's Insight: Leslie Bassett** Timothy Salzman,2003 This is a five volume series on major contemporary composers and their works for wind band Included in this initial volume are rare behind the notes perspectives acquired from personal interviews with each composer An excellent resource for conductors composers or enthusiasts interested in acquiring a richer musical understanding of the composers training compositional
