Seasons of Strength Evelyn Eaton Whitehead, James D. Whitehead, 1984 *Seasons of Strength* Evelyn E. Whitehead, James D. Whitehead, 1995 *Seasons of Strength* Evelyn Eaton Whitehead, James D. Whitehead, 1986 **The Developing Christian** Peter Feldmeier, 2007 In *The Developing Christian* Peter Feldmeier wrestles with the interconnections between normal human development and spiritual growth Beginning with the basic principles of Christian spirituality he goes on to investigate human maturing through the stages of life with each stage's typical challenges and opportunities Particular attention is given to moral and ego development In this context of human maturation he investigates spiritual progress particularly as it relates to prayer work and primary relationships Touchstone voices from the theological tradition including St John of the Cross Teilhard de Chardin and James Fowler These are augmented with an array of wisdom figures from contemplative prophetic and pastoral expressions of holiness **BOOK JACKET** **Equipped for the Work of Ministry** Catholic Church, 1996 Inspired by and based on Pope John Paul II's apostolic exhortation *I Will Give You Shepherds Pastores Dabo Vobis* *Radical Grace* J. Harold Ellens, 2007-10-30 The esteemed editor who brought us the acclaimed set *The Destructive Power of Religion* turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people But Ellens grounds his brighter perspective in this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy *Stewardshift* Bob Sitze, 2016-01-10 The collective groan that greets stewardship campaigns in most churches can be quelled This book offers theoretical and practical propositions by which lay and clergy leaders can ensure the sustainability of stewardship ministries to help their congregations flourish Bob Sitze invites stewardship leaders into a broader conversation of how shifted biblical and secular stewardship concepts practice and identity can be incorporated into a congregation's life and help bring about lasting change The book has two sections Part 1 Scriptural Stewardshifts reinterprets familiar biblical passages on stewardship introduces new ones and helps congregations expand their use of the Bible in their life and stewardship work Part 2 Secular Stewardshifts examines the resources that are available to congregations from the continuing revelation that is occurring in the secular world including brain science

financial planning philanthropy community organizing and other areas The book is written in a friendly style with reflection questions so what moments and engaging sidebars

Beloved Dust Robert Davis Hughes, III, 2008-08-15 There has been an explosion of interest in classical Christian spirituality over the past 50 years While a great deal of work has been done on the history of Christian spirituality there has been no full scale theological and pastoral treatment of Christian spiritual life since before the Second Vatican Council Beloved Dust takes a realistic contemporary view of human being as entirely physical dust and shows it immersed in three great tides of the Holy Spirit the traditional threefold rhythm of conversion transfiguration and glory What is unique about Robert Hughes s approach is the effort to root spiritual theology in the doctrine of the Spirit an outgrowth of the renewed interest in the Trinity among both Catholics Karl Rahner and Protestants Robert Jenson Also striking is Hughes s emphasis on ordinary life Here as a married Episcopal priest theologian who brings a distinctly Protestant perspective to a traditionally Catholic enterprise for so long the preserve of celibate priests What he achieves is a new presentation of the traditional teaching in the light of contemporary knowledge and practice
