J. Kleinberg, Eileen Boris, Vicki Ruíz, 2007 In the last several decades U S women s history has come of age Not only have historians challenged the national narrative on the basis of their rich explorations of the personal the social the economic and the political but they have also entered into dialogues with each other over the meaning of women s history itself In this collection of seventeen original essays on women s lives from the colonial period to the present contributors take the competing forces of race gender class sexuality religion and region into

account Among many other examples they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants how race and gender inequality pervaded the welfare state and how color and class shaped Mexican American women s mobilization for civil and labor rights *The Leaving Season* Kelly McMasters,2023-05-09 One of the most beautifully written books I ve ever read Kelly McMasters is a literary giant Zibby Owens Good Morning America A memoir in intimate essays navigating marriage and motherhood art and ambition grief and nostalgia and the elusive concept of home Kelly McMasters found herself in her midthirties living her fantasy she d moved with her husband a painter from New York City to rural Pennsylvania where their children roamed idyllic acres in rainboots and diapers The pastoral landscape and the bookshop they opened were restorative at first for her and her marriage But soon she was quietly plotting her escape In *The Leaving Season* McMasters chronicles the heady rush of falling in love and carving out a life in the city the slow dissolution of her relationship in an isolated farmhouse and the complexities of making a new home for herself and her children as a single parent She delves into the tricky and often devastating balance between seeing and being seen loss and longing desire and doubt and the paradox of leaving what you love in order to survive Whether considering masculinity in the countryside through the life of a freemartin calf the vulnerability of new motherhood in the wake of a car crash or the power of community pulsing through an independent bookshop *The Leaving Season* finds in every ending a new beginning **A Season of Singing** Sarah M.
