## **Seat At The Table A Struggle For Disarmament:**

**A Seat at the Table - the Struggle for Disarmament** Eedson Louis M. Burns, 1972      The Struggle for Disarmament  
E.L.M. Burns (Lt.-Gen.), 1972      *The Struggle for Disarmament* Eedson Louis Millard Burns, 1972      **Canada's**  
**Department of External Affairs, Volume 2** John Hilliker, Donald Barry, 1995-04-04 In 1946 with its own minister for the first time the Department of External Affairs embarked on a period of impressive growth and assumed responsibility for a broader range of foreign policy issues than ever before Under the expert guidance of Lester Pearson for a decade the department enjoyed popular and parliamentary consensus about international interests The election of the Diefenbaker government in 1957 deprived the department of Pearson's experienced ministerial direction and exposed it to new priorities and new ways of doing things At this time foreign policy consensus began to erode As well there was pressure to respond to the administrative revolution inaugurated by the Royal Commission on Government Organization the Glassco Commission appointed in 1960 After Pearson returned to office as prime minister in 1963 questioning by the public and also by the governing party and the cabinet became more fervent Coming of Age concludes in 1968 as indications of a challenge to the principles underlying Canadian foreign policy emerged from a new generation of ministers a challenge that would produce major changes after Pierre Trudeau became prime minister      *Security with Nuclear Weapons?* Regina Cowen Karp, 1991  
SIPRI Stockholm International Peace Research Institute is an independent institute for scientific research which aims to further an understanding of the conditions for peaceful solutions to international conflicts and for a stable peace Over the past twenty years SIPRI has concentrated on problems of armaments disarmament and arms regulation SIPRI is financed mainly by the Swedish Parliament Its staff the Governing Board and the Scientific Council are international The prospect of large reductions of nuclear weapons poses fundamental questions about the purpose of nuclear weapons Why have some states chosen to acquire nuclear weapons How and why have these decisions been maintained over time Why have some states elected to approach but not cross the nuclear threshold This book examines the commonalities and differences in political approaches to nuclear weapons both within and among three groups of states nuclear non nuclear and threshold The chapters explore the evolution of thinking about nuclear weapons and the role these weapons play in national security planning The book transcends traditional East West approaches to analysis of nuclear issues by giving equal prominence to the issues of nuclear proliferation and non nuclearism The book also provides a comprehensive analysis of how current approaches to nuclear weapons have evolved both within and among the countries under study      *Mike's World* Asa McKercher, Galen Roger Perras, 2017-10-06 Although fifty years have passed since Lester Pearson stepped down as prime minister he still influences debates about Canada's role in the world Known as Mike to his friends he has been credited with charting a Pearsonian course in which Canada took on a global role as a helpful fixer seeking to mediate disputes and promote international cooperation Mike's World explores the myths surrounding Pearsonianism to explain why he remains

such a touchstone for understanding Canadian foreign policy Leading and emerging scholars dig deeply into Pearson's diplomatic and political career especially during the 1960s and his time as prime minister Topics range from peacekeeping and Arctic sovereignty to environmental diplomacy and human rights policy They show that competing forces of idealism and pragmatism were key drivers of Pearsonian foreign policy and how global events often influenced politics and society within Canada itself Situating Pearson within his times and as a lens through which to analyze Canadians' views of global affairs this nuanced collection wrestles with the contradictions of Pearson and Pearsonianism and ultimately with the resulting myths surrounding Canada's role in the world

Friends and Enemies J.L. Granatstein, 2024-03-01 Friends and Enemies presents a collection of essays on Canadian foreign policy written by J L Granatstein one of the leading political and military historians in the country The essays cover a period primarily from the Second World War through to the early 2000s and examine policy under prime ministers Mackenzie King Louis St Laurent John Diefenbaker Lester Pearson and Pierre Trudeau Based on interviews and extensive archival research the essays reveal how Granatstein's views shifted as he reacted to altered conditions in Canada Canadian alliances and the world situation

Success and Failure in Arms Control Negotiations April Carter, 1989 Governments have been negotiating about disarmament or more limited forms of arms control for forty years Despite these negotiations weapons of increasing deadliness and sophistication continue to be developed Through the use of case studies of particular negotiations Partial and Comprehensive Test Ban SALT I and II INF and START and MBFR CFE the book explores both the reasons for success and the obstacles leading to failure and assesses the importance of different types of explanation Dr Carter not only analyses the reasons why negotiations fail she also examines the conditions under which they are likely to succeed The result is a balanced comprehensive treatment of the problems and prospects for arms control

**Corps Commanders** Douglas E. Delaney, 2012-01-01 The five British and Canadian generals depicted in *Corps Commanders* were a surprisingly eclectic lot one a consummate actor one a quiet gentleman one a master bureaucrat one a brainy sort with little will and the last a brain with will to spare And yet they all fit readily into British Commonwealth armies and fought their corps in similar fashion All three Canadians controlled British formations and served under British army commanders and the two Britons worked for and led Canadians as well Such inter army adjustments were relatively simple because they all spoke the same language a common method for solving military problems and communicating solutions Like all senior commanders in the British Commonwealth they learned the language of the staff colleges at Camberley and Quetta and so did the staff officers that served them This allowed a gunner from Montreal to understand a guardsman from London with ease no small advantage when coordinating coalition battles involving tens of thousands of troops In probing how these corps commanders fought Douglas E Delaney has produced an invaluable study for anyone interested in coalition warfare interoperability or how men managed large formations in war

Kennedy, Macmillan and the Nuclear Test-Ban Debate, 1961-63 K. Oliver, 1997-11-24 Drawing upon newly released official and private papers this book provides an intimate

account of Anglo American debates over one of the most grave and politically sensitive foreign policy issues of the early 1960s It examines the roles played by John F Kennedy and Harold Macmillan in the test ban negotiations between 1961 and 1963 It also describes the way in which contrasting domestic political imperatives and conceptions of how the Cold War could best be won created tensions between the two allies Nevertheless they retained a broad unity of perspective and purpose eventually producing the imaginative diplomacy that resulted in the signing of the Limited Nuclear Test Ban Treaty in August 1963      **Canadian Foreign Policy, 1966-1976** Blanchette,1980-11-15 This volume demonstrates Canada s continuing involvement with the United Nations and nato the shifting emphasis away from some traditional concerns and the Canadian perspective      *Kennedy's Quest for Victory : American Foreign Policy, 1961-1963* Thomas G. Paterson Professor of History University of Connecticut,1989-02-16 Also available in paperback Please see page 00 for a full description

**Beyond Afghanistan** James Fergusson,Francis Furtado,2016-07-22 For over a decade Canada s participation in the war in Afghanistan dominated media headlines government discussions academic studies and the public international security debate often to the exclusion of issues that have traditionally shaped Canadian approaches to security and defence policy Now that the mission in Afghanistan is over what issues should define Canada s international security agenda This collection of essays written by leading observers of Canadian policy seeks to answer this question by investigating how Canada will likely respond to new threats and security challenges in light of the experience gained in Afghanistan Topics include the future place of NATO in defence and security policy emerging regions of concern and interest and nuclear weapons and arms control including missile defence and the military use of space      **Going Along to Get Along: Diplomatic Pressure and**

**Interstate Socialization at the United Nations** Naif Al-Mulla,2024-12-16 *Going Along to Get Along* Diplomatic Pressure and Interstate Socialization by Naif Al Mulla explores how diplomatic pressure shapes global governance at the United Nations Through rigorous analysis and empirical examples the book demonstrates how diplomatic pressure influences foreign policy positions and by extension global multilateral outcomes The work challenges assumptions and provides fresh insight showcasing the cumulative effect of proactive diplomacy Ideal for postgraduates scholars and policymakers it offers a comprehensive understanding of how interstate coalitions can strategically mobilize diplomatic pressure to gain wide acceptance of a cause with far reaching implications from the United Nations to capitals worldwide      *Warrior Nation* Ian McKay,Jamie Swift,2012-05-26 Once known for peacekeeping Canada is becoming a militarized nation whose apostles the New Warriors are fighting to shift public opinion New Warrior zealots seek to transform postwar Canada s central myth symbols Peaceable kingdom Just society Multicultural tolerance Reasoned public debate Their replacements A warrior nation Authoritarian leadership Permanent political polarization The tales cast a vivid light on a story that is crucial to Canada s future yet they are also compelling history Swashbuckling marauder William Stairs the Royal Military College graduate who helped make the Congo safe for European pillage Vimy Ridge veteran and Second World War general Tommy Burns leader of

the UN's first big peacekeeping operation a soldier who would come to call imperialism the monster of the age Governor General John Buchan a concentration camp developer and race theorist who is exalted in the Harper government's new Citizenship Guide And that uniquely Canadian paradox Lester Pearson Warrior Nation is an essential read for those concerned by the relentless effort to conscript Canadian history      **Canadian Foreign Policy, 1955-1965**

Blanchette, 1977-01-15 This volume documents the decade in which Canada's influence on world affairs was at its apex and contains speeches and writings of Lester B Pearson Sydney Smith Howard C Green and Paul Martin      **Arms Limitation and the United Nations** Canadian Institute of Strategic Studies, 1982      *The Road to Peace* Ernie Regehr, Simon Rosenblum, 1988-01-01 In 1988 as the Berlin Wall began to quake and the United States and the Soviet Union prepared to slash their nuclear arsenals Canada's government remained firmly tied to a Cold War vision of the world In this book Regehr and Rosenblum assessed the international strategic situation at the very moment that the superpowers nuclear standoff began to melt away Against the backdrop of significant undertakings to halt the drift towards annihilation the authors find much to criticize in Canadian defence policy complicity in reckless American war fighting strategies undue adherence to organizations such as NATO and NORAD whose justifications were fast disappearing a retrograde approach to defending Arctic sovereignty *The Road to Peace* is a compelling document that vividly conveys the heady atmosphere of the Cold War's apogee      **United Nations Juridical Yearbook** United Nations, 1972      **Department of State News Letter** United States. Department of State, 1974
