Los Angeles and Northern Orange County Inge, Arline, 2006

Early Downtown Los Angeles Cory Stargel, Sarah

Stargel, 2009 Growing south from the plaza where the city of Los Angeles was founded as a tiny pueblo in 1781 the area now known as downtown L A was first developed in the late 1800s as a residential neighborhood complete with churches and schools As the population surged at the turn of the 20th century the downtown area was transformed into a busy business and entertainment center of shops banks hotels and theaters The explosion of the postcard craze in the early 1900s coincided with this period of downtown s tremendous growth toward a formidable metropolis This collection of vintage postcards offers a glimpse into the changing city through the 1940s **A. P. Giannini: Banker of America** Felice A. Bonadio, 2024-02-07 It

is rare for a banker to win national acclaim or even recognition J P Morgan apart it is hard to think of a banker who achieved this kind of status A P Giannini had it on the West Coast but even though he remained a regional banker his influence was national Felice A Bonadio describes him as the Henry Ford of banking While recognizing that Giannini was no saint Mr

Bonadio accepts him at his own valuation as the people's banker. There is no question that in creating the world's largest bank he greatly benefited California much of the state's explosive growth in this century having been financed by Bank of America. And as Mr Bonadio points out by extending easy credit more broadly than anyone else he expanded the boundaries of life for millions. To do so was his dream and the realization of it justifies the effort Mr Bonadio has put into this book.

William L O'Neill The New York Times

Giannini who began his career as a wholesaler of fruit and vegetables became a financial giant. As early as 1920 his San Francisco bank had 220 000 depositors. Competing bankers joined fundamentalist Protestant groups in charging him with fomenting a Catholic Italian plot to take over the West's financial institutions. Giannini's 410 branch banking octopus did indeed engage in such tactics. The author uncovered internal bank memos documenting quite ruthless attempts to capture the bank accounts of immigrant school children and women family members. The investments which the Bank of America backed included the movie business. In addition to becoming Walt Disney's first financial sponsor Giannini helped to subsidize the building of the Golden Gate bridge. Bonadio gives one a real sense of what it meant for the warm hearted but sometimes volatile Giannini to help finance such huge enterprises. Bonadio's narrative is direct and forceful. The description of Giannini's personal character moves the story along skillfully.

Andrew Rolle Italian Americana

By starting a bank and nurturing it into the biggest bank in the world Amadeo Peter Gianninni became possibly the most spectacular entrepreneur of the early part of the twentieth century. His story is inspiring and of interest to anyone who wants to understand the history of the West or the development of financial institutions in the United States. This book should be a part of every complete library on the history of the west or financial history.

Lynne Pierson Doti The Journal of Economic History

Until this biography appeared we have had to rely on a very old and limited account of the Bank of America.

Felice A Bonadio has made what appears to be thorough use of the bank's archives to go far beyond that old account. He adds much to our knowledge of Giannini's enterprises which included not only his early ventures as a produce merchant but also his major involvement with the film industry throughout the 1920s and 30s. Bonadio writes well and knows how to tell a story.

Richard M Abrams Pacific Historical Review

Bonadio's accomplishment rests on the careful presentation of archival resources and of a large secondary literature. The clarity of the story is reinforced through the use of extensive quotes, a well documented business biography.

Gunther Barth Montana Magazine of Western History

Those interested in the reconstruction of one financier's view of his world will find in Bonadio's book much to think about.

Part personal narrative, part investigation of the city as both idea and environment. *Sidewalking* is many things: a discussion of Los Angeles as urban space, a history of the city's built environment, a meditation on the author's relationship to the city and a rumination on the art of urban walking.
