Los Angeles Dodgers Media Guide 1984

Myron J. Smith

Los Angeles Dodgers Media Guide 1984:

The Dodgers Encyclopedia William McNeil, 2000-09-25 The Dodgers Encyclopedia is the definitive book on Los Angeles and Brooklyn Dodgers baseball. It traces the history of one of Major League Baseball's most successful organizations from the misty beginnings of its predecessors in rural Brooklyn more than 140 years ago through their formative years in the major leagues as a member of the American Association from 1884 through 1889 to a full-fledged representative of the National League since 1890. It covers the exciting and often-tense years in Brooklyn through 1957 as well as a long and successful sojourn in Southern California during the last half of the 20th century. **Baseball's Other All-Stars** William F.

McNeil, 2000-03-15 Baseball is played in all corners of the world so it is no surprise to learn that some of the greatest hardballers of all time never played on a U.S. major league diamond. Who knows what major league records would have been shattered had Sadaharu Oh of Japan, Josh Gibson of the Negro Leagues, Martín Dihigo of Cuba, Francisco Coimbre of Puerto Rico, and Hector Espino of Mexico played in the United States. This work is a survey of the greatest baseball players who never played in the U.S. major leagues. The greatest players from the various professional leagues outside organized baseball in the United States are reviewed and all-star teams are selected for each league. Finally, the author selects an all-world all-star team from the individual all-star teams from Japan, Mexico, Cuba, Puerto Rico, the Dominican Republic, and the Negro Leagues. **The Giants and the Dodgers** Andrew Goldblatt, 2015-10-05 The Giant-Dodger rivalry was considered the best in baseball by 1890 and remains the game's oldest and most storied rivalry today. It's remarkable how often both teams have been good; how rarely they've both been bad; and how tenaciously the underdog has battled in between. Through 12 decades and in two sets of cities 3,000 miles apart, Giant and Dodger partisans have rooted so passionately against each other that just as during the Civil War, conflicting loyalties have divided neighbors and even families. This is the definitive account of the rivalry from its roots in amateur contests between New York and Brooklyn teams in the 1840s to its present incarnation in California's world-class cities. All the greats are here: Ward Ebbets, McGraw, Mathewson, Terry, Durocher, Reese, Robinson, Mays, Koufax, Drysdale, Marichal, Lasorda, Bonds. The book also examines the cities that have hosted the rivalry and devotes a special section to the move to California. The author argues compellingly that contrary to popular wisdom, the rivalry's best years came after the move. **Dodgers!** Jim Alexander, 2022-07-20 In the 1880s, a Brooklyn baseball manager plotted to steal

pitching signs and alert batters with a hidden electrical wire. In 1951, the Brooklyn Dodgers were robbed of a pennant via a sign-stealing scheme involving a center field office, a telescope, and a button connected to the bullpen phone. In 2017, the Los Angeles Dodgers were robbed of a World Series championship via a sign-stealing system involving a TV camera, a monitor, a trash can, and a bat. History has often repeated itself around the Dodgers franchise. From their beginnings as the Brooklyn Atlantics to their move from Flatbush to L.A. and into the 21st Century, the Dodgers have seen heartbreaking losses and stirring triumphs, broken the color barrier, turned the game into a true coast-to-coast sport, and produced many Hall of

Fame players. This book is a comprehensive history of the Dodgers franchise, from its beginnings in Brooklyn to its current status as one of the most successful and popular teams in Major League Baseball. It covers the team's early years, its move to Los Angeles, and its many championships and memorable moments. The book is written in a clear, engaging style that makes it accessible to both fans and newcomers alike. It is a must-read for anyone who loves baseball and the Dodgers.

Famers This is their story **Past Time** Jules Tygiel,2000 Discusses baseball s history and the game s relationship to American society from the 1850s until the present day Mover and Shaker Andy McCue,2014-05-01 One of the most influential and controversial team owners in professional sports history Walter O Malley 1903 79 is best remembered and still reviled by many for moving the Dodgers from Brooklyn to Los Angeles Yet much of the O Malley story leading up to the Dodgers move is unknown or created from myth and there is substantially more to the man When he entered the public eye the self constructed family background and early life he presented was gilded Later his personal story was distorted by some New York sportswriters who hated him for moving the Dodgers In *Mover and Shaker* Andy McCue presents for the first time an objective complete and nuanced account of O Malley s life He also departs from the overly sentimentalized accounts of O Malley as either villain or angel and reveals him first and foremost as a rational hardheaded businessman who was a major force in baseball for three decades and whose management and marketing practices radically changed the shape of the game

New Arrivals in Californiana ,1984 **Major League Baseball Players of the 1970s** Bill Ballew,2023-08-02 In the 1970s after a decade of stagnant fan interest that seemed to signal the demise of Major League Baseball the game saw growth and change In 1972 the players became the first in professional sports to go on strike Four years later contractual changes allowed those with six years in the majors to become free agents leading to an unprecedented increase in salaries Developments in the play of the game included new ballparks with faster fields and artificial turf and the introduction of the designated hitter in 1973 Eminent personalities emerged from the dugout including many African Americans and Latinos Focusing on the stars who debuted from 1970 through 1979 this book covers the highs and lows of more than 1 300 players who gave fans the most exciting decade baseball has ever seen **Unforgettable!** Richard B. Perelman,Mark Meyers,1995

Miracle in Chavez Ravine William F. McNeil,2008-06-25 After winning the 1981 World Series and raising the expectations of management and fans the Los Angeles Dodgers followed up with six years of disappointing finishes By the time they ended the 1987 season 17 games behind the hated Giants general manager Fred Claire had seen enough Over the winter Claire radically restructured the team bringing in fiery players like outfielder Kirk Gibson closer Jay Howell and shortstop Alfredo Griffin to spark the team out of complacency Led by Gibson and pitcher Orel Hershiser the upstart Dodgers outlasted Houston in a race for the NL West title and edged a star studded Mets team in the league championship series But their best most dramatic moments came in the World Series when the Dodgers shocked everyone by bashing the A s of McGwire and Canseco in five games In the first book length history of the 1988 Dodgers author Bill McNeil covers the story from all angles Family Firms in Transition Alan L. Carsrud,Malin Brännback,2011-09-15 Many of the challenges faced by family owned businesses develop after the firm has reached a stage of maturity when the first generation is faced with issues concerning the role of their children in the business and the long term future of the enterprise This collection of case studies from around the world demonstrates how governance of both the business and the family or lack thereof impacts succession

of leadership in the firm and the inheritance of ownership and wealth It is the role of governance and how it impacts both family and firm that link these family business cases together with succession and inheritance These topics have been clustered together because the social systems of the family and the management system of the firm have significant impacts on the success or failure of succession plans All the planning in the world for succession and inheritance will not succeed if the firm does not have a well established and functional governance system Likewise if the family does not understand its role in the governance of the firm and the mechanisms for making sound decisions succession choices may not be accepted by family members Most family firms fail because of succession issues not economic ones This volume features nine in depth cases of family owned business from a variety of industries to illuminate the dynamics of governance succession and inheritance Each case illustrates the complexity of issues and through interactive exercises and questions offers readers approaches to solutions which may include less than optimal compromises or even selling the business as the only viable option The examples and insights will prove valuable for students and members of entrepreneurial and family owned firms as well as consultants investors and other professional advisors

Malloy's Sports Collectibles Value Guide Roderick A. Malloy, 1993 This book provides a comprehensive price listing of non card sports collectibles available A wide range of sports are represented including motor racing baseball golf hockey horse racing the Olympics soccer tennis and wrestling There are 15 categories of collectibles ranging from autographs to toys for each sport
