,2004 **Dimensiones de la exclusión psicosocial.** Pedro Enrique Rodríguez R,2021-07-16 Este libro es un intento por explorar algunas implicaciones teóricas y prácticas de la exclusión psicosocial en psicología Para ello toma como punto de partida una paradoja en la que siendo reconocida como el principal factor de riesgo en salud mental la atención a la exclusión psicosocial ha sido más bien periférica en la agenda de la disciplina lo que ofrece una oportunidad para explorar no solo su importancia prioritaria en la actualidad de los países de América Latina y el mundo sino también su potencial para repensar algunos importantes problemas teóricos y prácticos Para ello la primera parte explora diversos elementos de la tradición occidental ante la precariedad revisa aportes históricos y propone un conjunto de elementos para una formulación contemporánea de la exclusión psicosocial destacando sus posibles beneficios para la comprensión de un proceso mucho más dinámico y complejo que la mera noción de pobreza o carencia material En la segunda parte se presentan hallazgos investigativos en los que se pueden apreciar algunos de sus procesos psicológicos más relevantes tales como el papel decisivo de los vínculos como estructuradores de la experiencia así como las consecuencias subjetivas del sufrimiento y la inequidad También se analizan ciertas diferencias y similitudes en el funcionamiento y la respuesta a dispositivos de intervención con personas provenientes de contextos de plena inclusión El libro finaliza con la propuesta de un modelo de intervención que podrá ser de utilidad para el abordaje individual comunitario y social **América Latina** Miguel Panadero Moya,Francisco Cebrián Abellán,1999 **Social Programmes, Poverty Eradication and Labour Inclusion** Laís Wendel Abramo,Simone Cecchini,Beatriz Morales,2019 Diverse social programmes including conditional cash transfer programmes labour and production inclusion programmes and social pensions are being implemented in Latin American and Caribbean countries with the aim of ending poverty and reducing inequalities throughout the life cycle This book offers an up to date analysis of these programmes and the way they relate to labour inclusion and analyses ongoing debates regarding the possible incentives and disincentives they create in terms of the labour supply formalization and child labour among the target population Considering that poverty is a structural problem of highly unequal societies the thesis that poverty is due to a lack of effort on the part of the poor is argued to be an expression of the strong prejudice against those living in poverty the great majority of whom work or are actively seeking employment but are hampered by the large decent work deficits existing in the region From an integrated and rights based perspective public policies should simultaneously address the twofold challenge of social and labour inclusion in order to achieve basic thresholds of well being by ensuring income universal access to good quality social services and opportunities for decent work El capital social y la pobreza en Guatemala ,2005 Dialogos sobre pobreza y derechos humanos Marcel Arévalo,Óscar López Rivera,2007 *Through the Eyes of Women* Cecilia Menjivar,2001 This volume examines the effects of neoliberal reforms on daily life in Latin America and the Caribbean as seen through the eyes of women The authors situate women in their sociocultural milieus so that women's perceptions and assessments are examined through a lens that includes the lives of other women men and other members of the women's

families work settings communities and political and religious organizations Although women in this book are presented as social actors pursuing diverse personal goals their experiences views and objectives are embedded within broader forces in the economy polity culture and legal systems that organize their lives Cecilia Menjivar a sociologist is Associate Professor in the School of Justice Studies at Arizona State University She has written on the social processes of migration social networks gender relations family dynamics transnational spaces and religious communities among Central Americans in the United States including the book *Fragmented Ties Salvadoran Immigrant Networks in America* UC Press 2000 She is co editing a book with Nestor Rodriguez on state terror in Latin America and writing a monograph that examines comparatively the social networks of indigenous and ladina women in Guatemala
