Lost Souls Niamh Malone, 2024-09-13 I grew up not knowing whether I was related to the ancestors my grandmother lived with or not My mother repeatedly told me stories that her mother had handed down to her about an aristocratic lady who was related to us and had eloped with a groomsman near where my mother bought a house As I grew older the stories left me with no real sense of identity of who I was I felt like a part of me was always missing and where did I belong When my mother died the house was sold a few years later my daughter moved to Galway for college it felt right for me to move back to the area again Ironically I found a cottage to rent very quickly just a few fields away from where my mother s house was It felt like fate I just knew that this was the right time to go on a self discovery journey for me and my ancestors Once the thought was in my head it would not go away A few days later transgenerational trauma popped into my head and disappeared again My phone seemed to have a mind of its own and words cropped up trapped in a timeline karma not released negativity building up toxicity to the land reason trapped there and ancestral healing All I needed to do was to take that first step forward and then wait the universe would let me know what to do next

The Lost Science M. G. Bucholtz B. Sc Mba, 2013-06 Can the movements of Jupiter Saturn and Uranus affect market cycles Are prices swings on the Dow Jones Industrial Average and the S P 500 a reflection of lunar and planetary placements Many people are surprised to find that changes in price trends on the financial markets are a reflection of the changing psychological emotions of market participants Our emotions are impacted by the varying gravitational pulls and energy levels in our planetary cosmos Scientific techniques such as square root mathematics the Golden Mean the Golden Sequence and astrological phenomena

like lunar events planetary transits and planetary aspects can thus be used to identify short term changes in price trend and long term market cycles In the early part of the 20th century many successful traders on Wall Street including the venerable W D Gann and the mysterious Louise McWhirter understood that emotion was intimately linked to the forces of nature They used these scientific techniques and astrological phenomena to predict changes to price trend and to profit from the markets The Lost Science will acquaint you with an extensive range of astrological and mathematical phenomena From the Golden Mean and Fibonacci Sequence through planetary transit lines and square roots to an examination of lunar astrology planetary aspects and market cycles the numerous illustrated examples in this book will assist you to deepen your understanding of the financial markets and make better informed and more timely trading and investing decisions
