instruction Requiring students to read difficult texts without proper instructional support and insisting students focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction in the looming shadow of political pressures Readicide provides teachers literacy coaches and administrators with specific steps to reverse the downward spiral in reading steps that will help prevent the loss of another generation of readers *Successful Single-Sex Classrooms* Michael Gurian, Kathy Stevens, Peggy Daniels, 2010-12-08 This book is an essential resource for educators who are teaching or leading schools with single gender classes whether they re in public private or Catholic schools It is a soup to nuts guide covering everything from curriculum planning and classroom design to school policies and parent teacher communication Whether contemplating this new educational trend or already working within one of the 12 000 single gender schools this practical guide shows educators how they can make the most of a unique educational opportunity Positioned at the forefront of brain based learning Michael Gurian s work translates and distills the latest scientific research into key points which can be immediately integrated into an educator s existing practice The research underlines the importance of single sex learning and supports the creation and implementation of new strategies for accommodating the brain differences of boys and girls at both the school and classroom level **Catalog of Copyright**

Department of Bibliography, 1978 **Read Or Die** Daphne Russell, 2018-05-16 I look forward to the day I see yellow caution tape stretched around my students neighborhoods the chalk outline of apathy on the ground crushed by the weight of a thousand books Until then I treat each day as if books are EpiPens and every student has a shellfish allergy with a mouth full of shrimp Most of the students in Daphne Russell s reading class have never read an entire book and they can t relate to Harry Potter and his magic wand Abel is twenty eight days behind everyone else and he needs enough books inside him to get his lungs to work again mend his shattered heart and kick the shit out of apathy In her memoir Read or Die Russell documents her daily battle as a middle school teacher in Tucson Arizona fighting against predetermined trajectories of less than beliefs with an arsenal of hard covers and tattered pages A talented and caring teacher Russell offers a moving portrayal that combines rich autobiographical details with firsthand insight into the world of education Read or Die is not only a compelling story but also offers revealing and meaningful insights into education in America from a seasoned insider
