countries **The Gothic Worlds of Peter Straub** John C. Tibbetts, 2016-08-16 Horror novelist Peter Straub creates highly personalized fiction with an allusiveness and ambiguity that deny the genre's explicit nature. For him the Gothic style is to be created and recreated in a changing world. Faustian pacts, buried secrets, haunted places, ghosts, vampires, and succubi take on strange new shapes and effects. Stephen King describes Straub's style as a synthesis of horror and beauty. Drawing on interviews with Straub and featuring an exclusive interview with King, this study explores the work of the author who has been called a writer of rare wit and intelligence in a field beset with cynical potboilers. Ghosts in Popular Culture and Legend June Michele Pulliam, Anthony J. Fonseca, 2016-09-26 With entries that range from specific works to authors, folklore, and popular culture including music, film, television, urban legend, and gaming, this book provides a single volume resource on all things ghostly in the United States and in other countries. The concept of ghosts has been an ongoing and universal element in human culture as far back as recorded history can document. In more modern popular culture and entertainment, ghosts are a popular mainstay from *A Christmas Carol* and *Casper the Friendly Ghost* to *The Amityville Horror*, *Ghostbusters*, *Poltergeist*, *The Sixth Sense*, and *Ghost Whisperer*. This book comprehensively examines ghost and spirit phenomena in all its incarnations to provide readers with a holistic perspective on the subject. It presents insightful information about the contribution of a specific work or author to establish or further the evolution of ghost lore rather than concentrating solely on the film, literature, music, or folklore itself. The book focuses on ghosts in western culture but also provides information about spirit phenomena and lore in international settings as many of the trends in popular culture dealing with ghosts and spirits are informed by authors and filmmakers from Germany, Japan, Korea, and the United Kingdom. The writers and editors are experts and scholars in the field and enthusiastic fans of ghost lore, ghost films, ghost hunting, and urban legends, resulting in entries that are informative and engaging and make this the most complete and current resource on ghost and spirit lore available.

Representations of Child Soldiers in Contemporary African Narratives Ademola Adesola, 2024-09-11 In *Representations of Child Soldiers in Contemporary African Narratives*, Ademola Adesola examines the dominant factors that writers privilege in their portrayals of child soldiering in sub-Saharan Africa. In his textual interpretive analyses of selected novels in the African child soldier genre, Adesola contends that critical discussions of African child soldier literature have depended on the interpretive frameworks supplied by Western humanitarian discourses which oversimplify and dehistoricize experiences of war in Africa. The author argues that such reductive decontextualization of war realities serve to champion a narrow vision of war in African contexts centered on a moral and humanitarian urge for Western intervention. Regardless of whether the *casus belli* legitimating those wars are genuine or not, those conflicts and children's involvement in them are understood within the same racist, colonial, and ethnocentric stereotypes about Africa that have been privileged in Western thought and the Western moral, political, imagination for centuries. Thus, in studying African child soldier narratives, this book provides an alternative reading of novels

whose settings feature African ethnopolitical conflicts such as in Sierra Leone Liberia Congo Brazzaville Nigeria notable for their exploitation of children for military ends The author maintains that these works are significant in the varying ways they reify and challenge the Western ideas of child and childhood as well as privilege child soldiers as social actors whose intricate makeups disavow being simply understood as innocent victims or irredeemable perpetrators of atrocities
