Racism on Trial Ian F. Meier, Margo Gutiérrez, 2003-12-30 Mexican Americans are rapidly becoming the largest minority in the United States playing a vital role in the culture of the American Southwest and beyond This A to Z guide offers comprehensive coverage of the Mexican American experience Entries range from figures such as Corky Gonzales Joan Baez and Nancy Lopez to general entries on bilingual education assimilation border culture and southwestern agriculture Court cases politics and events such as the Delano Grape Strike all receive full coverage while the definitions and significance of terms such as coyote and Tejano are provided in shorter entries Taking a historical approach this book's topics date back to the 1848 Treaty of Guadalupe Hidalgo a radical turning point for Mexican Americans as they lost their lands and found themselves thrust into an alien social and legal system The entries trace Mexican Americans experience as a small conquered minority their growing influence in the 20th century and the essential roles their culture plays in the borderlands or the

[Un]framing the "Bad Woman" Alicia Gaspar de Alba, 2014-07-15 What the women I write about have in common is that they are all rebels with a cause and I see myself represented in their mirror, asserts Alicia Gaspar de Alba. Looking back across a career in which she has written novels, poems and scholarly works about Sor Juana Inés de la Cruz, La Malinche, Coyolxauhqui, the murdered women of Juárez, the Salem witches and Chicana lesbian feminists, Gaspar de Alba realized that what links these historically and socially diverse figures is that they all fall into the category of bad women as defined by their place, culture and time, and all have been punished as well as remembered for rebelling against the frames imposed on them by capitalist patriarchal discourses. In *Unframing the Bad Woman*, Gaspar de Alba revisits and expands several of her published articles and presents three new essays to analyze how specific brown female bodies have been framed by racial, social, cultural, sexual, national, regional, historical and religious discourses of identity, as well as how Chicanas can be liberated from these frames. Employing interdisciplinary methodologies of activist scholarship that draw from art, literature, history, politics, popular culture and feminist theory, she shows how the bad women who interest her are transgressive bodies that refuse to cooperate with patriarchal dictates about what constitutes a good woman and that queer alter the male-centric and heteronormative history, politics and consciousness of Chicano/Mexicano culture. By unframing these bad women and rewriting their stories within a revolutionary frame, Gaspar de Alba offers her compatriots and fellow luchadoras empowering models of struggle, resistance and rebirth.
