Lost Worlds Kevin Foster, 2009-09-07 Think of Latin America and what do you see Escape Adventure Chaos Oblivion Lost Worlds explores how these stereotypes came into being and what they tell us about ourselves Examining a range of texts from Southey's epics to Naipaul's essays from Conan Doyle's gentlemen adventurers to Kerouac's restless hipsters this book reveals the role that Latin America has played in British US and Australian endeavours in the nineteenth and twentieth centuries Over the last 200 years Latin America has served the West as an imaginary realm where its highest hopes and deepest anxieties might be realised *All-Time Nines* Don Cox, 2016-02-03 Who was the best baseball team of all time This timeless question can most effectively be answered through comprehensive analysis of baseball statistics Over the course of a season winning teams tend to score more runs while allowing fewer than their opponents The greater the difference in runs per game the more a team can be expected to win Comparing this data for the top five percent of Major League nines from 1901 through 2014 this book argues that runs above league average is the best statistic for ranking teams The author sorts 220 teams by era franchise and skills hitting fielding baserunning pitching evaluates their strengths and weaknesses and assigns numerical values to each player's skills to demonstrate how they contributed to team performance *Alien Sex* Gerard Loughlin, 2008-04-15 Gerard Loughlin is one of the leading theologians working at the interface between religion and contemporary culture In this exceptional work he uses cinema and the films it shows to think about the church and the visions of desire it displays Discusses various films including the Alien quartet Christopher Nolan's Memento Stanley Kubrick's 2001 A Space Odyssey and A Clockwork Orange Nicolas Roeg's The Man Who Fell to Earth and Derek Jarman's The Garden Draws on a wide range of authors both ancient and modern religious and secular from Plato to Levinas from Karl Barth and Hans Urs von Balthasar to Andr  Bazin and Leo Bersani Uses cinema to think about the church as an ecclesiasticinema and films to think about sexual desire as erotic dispossession as a way into the life of God Written from a radically orthodox Christian perspective at once both Catholic and critical Kubrick Robert P. Kolker, Nathan Abrams, 2024-02-06 The definitive biography of the creator of 2001 A Space Odyssey The Shining and A Clockwork Orange presenting the most in depth portrait yet of the groundbreaking film maker The enigmatic and elusive filmmaker Stanley Kubrick has not been treated to a full length biography in over twenty years Stanley Kubrick An Odyssey fills that gap This definitive book is based on access to the latest research especially Kubrick's archive at the University of the Arts London as well as other private papers plus new interviews with family members and those who worked with him It offers comprehensive and in depth coverage of Kubrick's personal private public and working life Stanley Kubrick An Odyssey investigates not only the making of Kubrick's films but also about those he wanted but failed to make like Burning Secret Napoleon Aryan Papers and A I Revealingly this immersive biography will puncture the controversial myths about the reclusive filmmaker who created some of the most important
