The Autism of Gxd Ruth M. Dunster, 2022-12-02 The Autism of Gxd An Atheological Love Story is truly a love story the story of Ruth Dunster's autistic search for an authentic personal and theological Gxd In this it resembles Augustine's Confessions as a theological autobiography It becomes atheological however as Dunster reckons with what Denys Turner terms The Darkness of God This awareness leads her through the poetry of Medieval mystics to the mythic death of God theology of Thomas J. J. Altizer The

search for faith is nonetheless very real in this strange territory Dunster hears her autistic Gxd speaking in art poetry novels and music and this further leads her into the territory of Literature Theology and the Arts where in Blanchot's words the answer is the poem's absence Indeed Dunster calls the book a strange poem or even a hymn Weaving an autistic mythology out of a rigorous survey of clinical autism this book abounds in challenge and paradox It offers a fascinating view into how an autistic poet becomes a theologian and what more mainstream theologies might learn from this disabled Gxd *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
