Palestinian Identity The Construction Of Modern National Consciousness:

Palestinian Identity Rashid Khalidi, 2010 Reprint of work originally published in 1997 New introduction by the author

Palestinian Identity Rashid Khalidi, 1997 Khalidi critically assesses the narratives that make up Palestinian history and identity and examines the ways in which the Palestinian national consciousness has come full circle Palestinian Identity Rashid Khalidi, 2010 **Routledge Handbook on Zionism** Colin Shindler, 2024-06-28 This Handbook the first of its kind provides an in depth examination of the evolution ideology history and culture of Zionism and its various movements Distancing itself from the slogans and cliches of advocacy the volume provides much needed context and background on the emergence of Zionism The Handbook is divided into eight parts with contributions from some forty of the world s leading scholars on Zionism to elucidate its various strands These include underrepresented areas such as Zionism in the Arab World before the establishment of the State of Israel Zionism and Marxism the emergence of the Zionist Right the language war between Hebrew and Yiddish the struggle for Jewish women s suffrage the poetry of Lea Goldberg and Zionism in emerging new Jewish communities in locations like Papua New Guinea Guatemala and Zimbabwe Another section on Zionism in repressive states stretches from an examination of Zionism in Hitler s Germany to the Ayatollahs Iran today from subterranean Zionism in Stalin s Russia to apartheid South Africa The volume concludes by examining current issues including the relationship between evangelicals and Zionism in the US and the representation of Zionism in the age of the internet Providing a sweeping overview of Zionism in its many forms the volume will appeal to students researchers and general readers interested in Jewish studies in the Middle East and beyond as well as those seeking to understand the roots of contemporary Israel *Arab Christians in British Mandate Palestine* Noah Haiduc-Dale, 2013-03-18 Recent conflict in the Middle East has caused some observers to ask if Muslims and Christians can ever coexist History suggests that relations between those two groups are not predetermined but are the product of particular social and political circumstances This book examines Muslim Christian relations during an earlier period of political and social upheaval and explores the process of establishing new forms of national and religious identification Palestine s Arab Christian minority actively engaged with the Palestinian nationalist movement throughout the period of British rule 1917 1948 Relations between Muslim and Christian Arabs were sometimes strained yet in Palestine as in other parts of the world communalism became a specific response to political circumstances While Arab Christians first adopted an Arab nationalist identity a series of outside pressures including British policies the rise of a religious conflict between Jews and Muslims and an increase in Islamic identification among some Arabs led Christians to adhere to more politicized religious groupings by the 1940s Yet despite that shift Christians remained fully nationalist insisting that they could be both Arab and Christian *The breakup of India and Palestine* Victor Kattan, Amit Ranjan, 2023-08-15 This book is the first study of political and legal thinking about the partitions of India and Palestine in 1947 The chapters in the volume authored by leading scholars of partition draw attention

to the pathways of peoples geographic spaces colonial policies laws and institutions that connect them from the vantage point of those most engaged by the process political actors party activists jurists diplomats philosophers and international representatives from the Middle East South Asia and beyond Additionally the volume investigates some of the underlying causes of partition in both places such as the hardening of religious fault lines majoritarian politics and the failure to construct viable forms of government in deeply divided societies *Scaling Identities* Guntram H. Herb, David H. Kaplan, 2017-10-04 This comprehensive book examines the crucial connections between national identity territory and scale Providing a powerful theoretical and organizational framework the volume identifies four ways in which scale operates dynamically in the formation and maintenance of national identity Consolidating identities considers the strategies necessary to keep all parts within the fold through educational systems minority policies immigration controls and other forms of traditional state power Magnifying identities examines the consequences of shifting the scale up and unifying territories that have a sense of a larger supranational identity Connecting identities assesses how nations can bridge physical distance water barriers or sovereign boundaries Fragmenting identities looks into the disintegration of national identities and those forces that have the potential to unravel a nation or block its effective formation Nationalism and national identity remain critical flashpoints in the geopolitical order as we have seen in the development of a quasi independent Kurdistan in Northern Iraq the resurgence of Native American identities in response to the Dakota Access Pipeline and the Chinese crackdown on its minority regions Offering a rich set of case studies from around the world this essential book affirms the global importance of national identity and scale *Histories of the Modern Middle East* I. Modern Palestine Ilan Pappé, 2004 Ilan Pappé writes the story of Palestine a land inhabited by two peoples It begins with the Ottomans in the early 1800s and traces a path through the arrival of the early Zionists at the end of that century through the British mandate at the beginning of the twentieth century the establishment of the state of Israel in 1948 and the subsequent wars and conflicts which culminated in the intifadas of 1987 and 2000 While these events provide the background to the narrative and explain the construction of Zionist and Palestinian nationalism at centre stage are those who lived through these times men women and children Jews and Arabs It is a story of coexistence as well as oppression occupation and exile Ilan Pappé is well known as a revisionist historian of Israel Lucid and typically forthright his account is a unique contribution to the history of this troubled land

June 1967 in Personal Stories of Palestinians and Israelis Regina F. Bendix, Aziz Haidar, Hagar Salamon, 2022 The clash of June 1967 called by Israelis the Six Day War and by Palestinians the Naksa setback is a critical milestone within the longstanding Israeli Palestinian conflict Despite all the scholarly attention ever since there remain unheard voices and untold stories It is the personal stories of people in the region that are at the center of this book How do they remember 1967 How were their lives affected even changed dramatically as a result of that short war Listening to their stories as told some 50 years later an incomplete tapestry of memories and understandings emerge This book is the product of a research collaboration among Palestinian Israeli and European folklorists cultural anthropologists and sociologists The personal stories were collected in the framework of interviews with men and women from all walks of life on the days before during and after this dramatic confrontation The book is comprised of eleven chapters based on a corpus of several hundred conversations as well as eight representative interviews Together they afford insight into differential memories and sensations visions of euphoria and despair newly revived hopes pain and disappointment disillusionment and repentance

Palestinian Refugees and Identity Luigi Achilli, 2015-06-22 After the creation of the State of Israel in 1948 Palestinian refugees fled over the border into Jordan which in 1950 formally annexed the West Bank In the wake of the 1967 War another wave of Palestinians sought refuge in the Hashemite kingdom Today 42 per cent of registered Palestinian refugees live in Jordan As a result of this historical context one might expect Palestinian refugee camps to be highly politicised spaces Yet Luigi Achilli argues in this book that there is in fact a relative absence of political activity Instead what is prevalent is a desire to live an ordinary life It is within the framework of the performing and creating everyday life working praying relaxing watching football matches surfing the internet or idling in barber shops that Achilli examines nationalism and identity Palestinian refugees have been traditionally depicted by the Western media as inherently political beings ready to fight and resist all attempts to quash their nationalist struggle But except for occasional political demonstrations and events neither the political turmoil in Gaza and the West Bank nor the uprisings throughout the Middle East of 2011 have roused refugees out of what they described as the ordinary course of daily life in the camp Achilli argues instead that refugee daily life in many ways revolves around the practice of suspending the political The performative

and reiterative dimensions of ordinary activities have not however precluded refugees from feeling an affinity for many of the meanings ideals and values of Palestinian nationalism Achilli holds that it is through the desire for an ordinary life that these Palestinian refugees are able to assert their own meanings and understandings of national identity against the more inflexible interpretations provided by the political systems in Gaza and the West Bank Examining the concepts of everyday Islam as well as the construction of masculine identity in the camps Achilli offers vital analysis of the complexities and ambiguities of camp dwellers experience of the political in ordinary times Palestinian Refugees Robert Bowker,2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process The Routledge Handbook of the History of the Middle East Mandates Cyrus Schayegh,Andrew Arsan,2015-06-05 The Routledge Handbook of the History of the Middle East Mandates provides an overview of the social political economic and cultural histories of the Middle East in the decades between the end of the First World War and the late 1940s when Britain and France abandoned their Mandates It also situates the history of the Mandates in their wider imperial international and global contexts incorporating them into broader narratives of the interwar decades In 27 thematically organised chapters the volume looks at various aspects of the Mandates such as The impact of the First World War and the development of a new state system The impact of the League of Nations and international governance Differing historical perspectives on the impact of the Mandates system Techniques and practices of government The political social economic and cultural experiences of the people living in and connected to the Mandates This book provides the reader with a guide to both the history of the Middle East Mandates and their complex relation with the broader structures of imperial and international life It will be a valuable resource for all scholars of this period of Middle Eastern and world history **Palestinian Art** Gannit Ankori,2006-04-15 Explores the significance and complexity of contemporary Palestinian art and is devoted to the subject in English This book outlines the history and development of Palestinian art from its early roots in folk art and traditional Christian and Islamic painting through its nationalistic phase to the diverse and hybrid forms it takes *Spiritual Homelands* Asher D. Biemann,Richard I. Cohen,Sarah E. Wobick-Segev,2019-12-02 Homeland Exile Imagined Homelands are features of the modern experience and relate to the cultural and historical dilemmas of loss nostalgia utopia travel longing and are central for Jews and others This book is an exploration into a world of boundary crossings and of desired places and alternate identities into a world of adopted kin and invented allegiances **Diasporas of the Modern Middle East** Anthony Gorman,2015-05-29 Approaching the Middle East through the lens of Diaspora Studies the 11 detailed case studies in this volume explore the experiences of different diasporic groups in and of the region and look at the changing conceptions and practice of diaspora in the context of the modern Middle East **Refugee Crises, 1945-2000** Jan C. Jansen,Simone Lässig,2020-10-01 This timely study examines responses to mass refugee movements by a range of actors from local communities to supranational organizations Bringing together ten case

studies from around the world encompassing the global North and South alike Refugee Crises 1945 2000 explores a broad spectrum of types of migration and of international and domestic contexts Whilst the driving forces and numbers of people involved and the backgrounds national religious social of the migrants vary considerably this book highlights a common factor that each receiving country was confronted with the crucial question of how to deal with the arrival of a large number of people seeking refuge They could not simply be sent away but they were also widely seen in the receiving countries as an unpredictable challenge to stability and social cohesion Taking a long term perspective this is an eloquent contribution to the intense public debate about the impact of refugee migration on state stability societal cohesion and as an impetus for social change

Catastrophe and Exile in the Modern Palestinian Imagination I. Saloul, 2012-05-17 Catastrophe and Exile in the Modern Palestinian Imagination explores the cultural memory of al Nakba 1948 Israeli independence or The Catastrophe as it is known in Palestine and its significance to the modern Palestinian imagination Ihab Saloul addresses central concepts to debates over identity such as nostalgia and trauma notions of home and forced travel and geopolitical continuity of loss of place Through an integrated method of close narrative and discursive analysis of diverse literary texts films and personal narratives this study offers an analytical account of the preservation of cultural optimism in the face of the ongoing catastrophe as well as the ways in which aesthetics and politics intersect in contemporary Palestinian culture

The Modern Middle East Mehran Kamrava, 2005-01-31 The first succinct and authoritative overview of the making of the modern Middle East this lucid book brings a valuable mix of historical perspectives and contemporary analysis to a wide audience of readers seeking expert knowledge about this troubled and fascinating region Giving a rich perspective on the region's historical and political evolution the book traces the influence of factors such as religion culture and economics and illuminates events and topics currently in the news With its broad thematic sweep and its balanced presentation of contentious issues it is essential reading for general readers and students who want to better understand the world today Mehran Kamrava sets the stage with a concise discussion of the evolution of Islam and the religion's profound role in the region He then looks at in turn the rise and fall of the Ottomans the trials of independence and state building the emergence and fiery spread of nationalism the two Arab Israeli wars of 1967 and 1973 the Iranian Revolution and the two Gulf Wars and beyond including discussion of the invasion of Iraq by the United States After tracing the consequences of these historical events for a host of political phenomena Kamrava gives detailed attention to three pivotal issues the challenges of economic development the Palestinian Israeli conflict and the question of democracy He also examines issues that will shape the future population growth environmental pollution and water scarcity
