Political Brokers Cloth:

The Politics of Privilege Gail Bossenga, 2002-05-09 This study analyzes the political and fiscal origins of the French Revolution by looking at the relationship between the royal government and privileged corporate bodies at local level Utilizing a neo Tocquevillian approach it argues that the monarchy undermined its own attempts at reform by extending central authority while at the same time it continued to rely upon corporate structures and monopolies to finance the state The unresolvable institutional conflicts had the effect of politicising members of the privileged elite and eventually led many of them to embrace a rhetoric of citizenship accountability and civic equality that had far reaching and unanticipated consequences When Lille s bourgeoisie consolidated a municipal revolution in 1789 they followed a programme that was politically liberal but economically conservative Arranged as a series of case studies the book illuminates the structure of political power in the Flemish provincial estates the growth of royal taxation the problem of municipal credit the role of venal officeholders and the relationship of the revolutionary bourgeoisie to monopolies of the guilds *Secrets of the Cloth* Carlton James, 2019-04-10 James Carlos George and Arthur met as fraternity brothers in college Back then they were hazy representations of the men they would one day become By some sort of miracle each of the four develops as a strong leader pulled to the power of the church In adulthood they reach the pinnacle of career success as influential mega church pastors However things are not what they seem These four friends hold more authority than any men rightly should The full package they have charisma good looks money and Ivy League resumes To the average layman these church overseers are the epitome of what a spiritual guru should be but to the keen observer they are more feared than loved To those enlightened by truth the reality of their identities is clear James Carlos George and Arthur are not men of the cloth but gangsters who run both their churches and the streets with dictatorial glee With rumors of ties to the Illuminati circulating these four prominent pastors are now catapulted from the crime riddled streets of Jacksonville Florida to the forefront of a secret national movement that threatens lives and even souls **The City of London in International Politics at the Accession of Elizabeth Tudor** George Daniel Ramsay, 1975 **Power-brokers and the Yorkist State, 1461-1485** Alexander R. Brondarbit, 2020 Examination of the role played by key figures around the monarchy in the Wars of the Roses *A Diplomat in Environmentalist's Clothing* Raymond M. Robinson, 2014-04-15 A multilayered memoir of a life well lived told in words that are informative entertaining funny and truly inspiring In *A Diplomat in Environmentalist's Clothing* Ray Robinson relates how as Canada s youngest diplomat he rose to become arguably his country s most influential environmental official serving throughout the first two decades of the contemporary environmental era Robinson s account also details his central role in cleaning up the Great Lakes battling acid rain getting lead out of gasoline and writing the Canadian Environmental Assessment Act The book is also a romantic though sometimes troubled personal tale The illegitimate descendant of an aristocratic family with a thousand year history Robinson nearly died at birth in London England before being taken as an

infant to be raised by his single mother on Canada's West Coast. Adventures abound including facing the feared Soviet KGB, evading murderous attacks in a South American jungle, saving the life of a Canadian correspondent and helping transform a very poor Bogota neighbourhood. After an unprecedented Parliamentary send-off, Robinson left for Vancouver, British Columbia, in 1991. Only fifty-four, he chose to end his Ottawa career and give full-time care to his wife, Ardith. Woven throughout this book are his experiences of a home life that has been dominated for nearly half a century by a battle with family schizophrenia and more recently Alzheimer's, which tested the marital vow of in sickness and in health almost beyond the limit. A series of crises in far-off New Zealand forty-five years ago led to a dramatic spiritual transformation that enabled him and his wife to fulfill that vow and recently celebrate fifty-five years of marriage. Robinson also provides constructive comment on the inside workings of Canada's Government and Parliament with many anecdotes of working up close with fourteen different Cabinet ministers, insightful comparisons between Canada and the U.S. based on his many visits to Washington DC, in an official capacity, informed commentary on some of the most important events of the last half of the twentieth century: the harsh realities of the NATO-Soviet Cold War, the Cuban missile crisis, and spilling into this century the always-daunting impediments to peace in the Middle East.

Stages of Loss George Oppitz-Trotman, 2020-07-29

Stages of Loss supplies an original and deeply researched account of travel and festivity in early modern Europe, complicating, revising, and sometimes entirely rewriting received accounts of the emergence and development of professional theatre. It offers a history of English actors travelling and performing abroad in early modern Europe and Germany, in particular during the sixteenth and seventeenth centuries. These players, known as English Comedians, were among the first professional actors to perform in central and northern European courts and cities. The vital contributions made by them to the development of a European theatre institution have long been neglected, owing to the pre-eminence of national theatre histories and the difficulty of researching an inherently evanescent phenomenon across large distances. These contributions are here introduced in their proper contexts for the first time. Stages of Loss explores connections, real and perceived, between diminishment of national value and the material wealth transported by itinerant players; representations of loss, waste, and profligacy within the drama they performed; and the extent to which theatrical practice and the process of canonization have led to archival and interpretive losses in theatre history. Situating the English Comedians in a variety of economic, social, religious, and political contexts, it explores trends and continuities in the reception of their itinerant theatre, showing how their incorporation into modern theatre history has been shaped by derogatory assessments of travelling theatre and itinerant people in the seventeenth and eighteenth centuries. Stages of Loss reveals that the Western theatre institution took shape partly as a means of accommodating, controlling, evaluating, and concealing the work of migrant strangers.

Chinese Daigou: An Ethnography of Brokerage Practices and Mobility Politics in Globalized China Zhuoxiao Xie, 2024-12-02

This book is an ethnography of Chinese daigou cross-border shopping on the behalf of mainland Chinese customers and their

mobilities practices Daigou practitioners predominantly women engage in selling purchasing and delivering goods between mainland China and overseas regions With the rise of the platform economy and mobile technologies daigou has evolved into a niche market contributing to the her economy and consumerism in China This ethnography provides a comprehensive exploration of the gendered technological practices of mobile communication and mobility politics between mainland China and Hong Kong depicting micro entrepreneurship place making and border crossing activities in three intersecting scenes Theoretically this book synthesizes the literature on mobilities science and technological studies service labor and mobile communication It offers a fresh perspective by focusing on the mobile communication that both produces and is produced by mobilities of people data objects and technologies The study expands theories of mobility politics by developing a heuristic model of brokerage theorizing the communication processes through which daigou as brokers influence manage or facilitate multiple forms and meanings of mobilities in globalized China From a feminist science and technology perspective the book examines how daigou scenarios embed gender specific concepts into technological practices reinforcing entrenched unequal gender relations in service labor and family contexts It interrogates the mechanisms of unequal mobilities associated with the logic of brokerage which strengthens the differentiation of gender technology and labor among different parties These brokerage processes multiply the discrepancies in mobilities exacerbating gaps in structural relationships and becoming significant mechanisms of inequality

Sartorial Politics in Early Modern Europe Erin Griffey, 2025-10-01 For women at the early modern courts clothing and jewellery were essential elements in their political arsenal enabling them to signal their dynastic value to promote loyalty to their marital court and to advance political agendas This is the first collection of essays to examine how elite women in early modern Europe marshalled clothing and jewellery for political ends With essays encompassing women who traversed courts in Denmark England France Germany Habsburg Austria Italy Portugal Spain and Sweden the contributions cover a broad range of elite women from different courts and religious backgrounds as well as varying noble ranks

The Saturday Review of Politics, Literature, Science and Art, 1856

Business, Race, and Politics in British India, c.1850-1960 Maria Misra, 1999-04-29 This is a study of the political and economic activities of an important group of British businessmen in India between 1850 and 1960 Though denounced by Indian nationalists as the economic arm of the British Raj the firms of these Managing Agents seemed unassailable before the First World War However during the inter war period they rapidly lost their commanding position to both Indian and other foreign competitors Dr Misra argues that the failure of these firms was in part the consequence of their particular and ultimately self defeating attitudes towards business politics and race She casts new light on British colonial society in India and makes an important contribution to current debates on the nature of the British Empire and the causes of Britain's relative economic decline

Making It at Any Cost Matías Dewey, 2020-06-09

La Salada is South America's largest marketplace for fraudulently labeled clothing a sprawling and dangerous bazaar on the fringes of Buenos Aires where counterfeit goods are bought and sold armed thieves roam the nearby streets and corrupt police and politicians turn a blind eye to widespread unlawful behaviors Despite conditions traditionally considered inhospitable to economic growth including acute interpersonal distrust pervasive personal insecurity and rampant violence business in La Salada is booming under an established order completely detached from the state Mat as Dewey dives deep into the world of La Salada to examine how market exchanges function outside the law and how agreements and norms develop in the economy for counterfeit clothing Drawing on seven months of ethnographic research and more than a hundred interviews Dewey argues that aspirations for a better future shape garment workers everyday practices from their home based sweatshops to the market stalls The book unearths a new configuration of garment production and commercialization detached from global supply chains submerged in the shadows of informality and illegality and rooted in aspiration and opportunity **The Publishers Weekly** ,1924
