

A photograph of a busy street in Chinatown, New York City. In the foreground, several people are walking across a crosswalk. In the background, a large banner stretches across the street, celebrating the 46th anniversary of the People's Republic of China. The banner features the Chinese text '庆祝中华人民共和国成立四十六周年!' and the English text 'CELEBRATING THE 46TH ANNIVERSARY OF THE PEOPLE'S REPUBLIC OF CHINA'. The street is lined with traditional Chinese buildings and modern skyscrapers are visible in the distance.

Reconstructing Chinatown Ethnic Enclaves And Global Change:

Reconstructing Chinatown Jan Lin, An exploration of this fascinating community as a window on globalization In the American popular imagination Chinatown is a mysterious and dangerous place clannish and dilapidated filled with sweatshops vice and organized crime In this well written and engaging volume Jan Lin presents a real world picture of New York City s Chinatown countering this orientalist view by looking at the human dimensions and the larger forces of globalization that make this vital neighborhood both unique and broadly instructive Using interviews with residents firsthand observation archival research and U S census data Lin delivers an informed reliable picture of Chinatown today Lin claims that to understand contemporary ethnic neighborhoods like this one we must dispense with notions of monolithic community When he looks at Chinatown Lin sees a neighborhood that is being rebuilt both literally and economically Rather than a clannish and unified peer group he sees substantial class inequality and internal social conflict There is also social change most visibly manifested in dramatic episodes of collective action by sweatshop workers and community activists and in the growing influence of Chinatown s denizens in electoral politics Popular portrayals of Chinatown also reflect a new global reality as American cities change with the international economy traditional assumptions about immigrant incorporation into U S society alter as well Lin describes the public disquiet and official response regarding immigration sweatshops and the influx of Asian capital He outlines the ways that local state and federal governments have directed and gained from globalization in Chinatown through banking deregulation and urban redevelopment policy Finally Lin puts forth Chinatown as a central enclave in the world city of New York arguing that globalization brings similar structural processes of urban change to diverse locations In the end Lin moves beyond the myth of Chinatown clarifying the meaning of globalization and its myriad effects within the local context

Lin describes the public disquiet and official response regarding immigration shops and the influx of Asian capital. He outlines the ways that local state and federal governments have directed and gained from globalization in Chinatown through banking deregulation and urban redevelopment policy. Finally, Lin puts forth Chinatown as a central enclave in the world city of New York, arguing that globalization brings similar structural processes of urban change to diverse locations. In the end, Lin moves beyond the myth of Chinatown, clarifying the meaning of globalization and its myriad effects within the local context.

Reconstructing Chinatown Jan Lin, 1998 In the American popular imagination, Chinatown is a mysterious and dangerous place, clannish and dilapidated, filled with sweatshops, vice, and organized crime. In this well-written and engaging volume, Jan Lin presents a real-world picture of New York City's Chinatown, countering this Orientalist view by looking at the human dimensions and the larger forces of globalization that make this vital neighborhood both unique and broadly instructive.

The Power of Urban Ethnic Places Jan Lin, 2010-10-18 The Power of Ethnic Places discusses the growing visibility of ethnic heritage places in U.S. society. The book examines a spectrum of case studies of Chinese, Latino, and African American communities in the U.S., disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization. Instead, the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society, we as a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring.

Encyclopedia of Urban Studies Ray Hutchison, 2009-09-15 The United Nations estimates that by 2030 more than two thirds of the total world population will live in urban areas. Most of this increase will take place not in Europe or in the United States but in the megacities and newly emerging urban regions of what used to be called the developing world. Urban studies is an expansive and growing field covering many disciplines and professional fields, each with its own schedule of conferences, journals, and publication series. These two volumes address the specific theories, key studies, and important figures that have influenced not just the individual discipline but also the field of urban studies more generally. The Encyclopedia of Urban Studies is intended to present an overview of current work in the field and to serve as a guide for further reading in the field. Key Features: Includes important work and traditions from each of the urban disciplines, including urban anthropology, urban economics, urban geography, urban history, urban politics, urban psychology, and urban sociology.

Addresses both the growth and expansion of urban areas urbanization and the nature and quality of urban life urbanism
Demonstrates the international and interdisciplinary nature of the field with contributions from scholars in many different countries
Confronts a number of important issues ranging from individual problems of poverty to societal problems of provision of adequate housing and social exclusion
Provides entries on a number of cities including those in different historical periods and regions of the world and those that have been important in the development of urban studies
Key Themes Disciplinary Approaches in Urban Studies Urban Studies Topical Areas Urban Issues Urban Planning Urban Theory Urban Transportation Urban Culture Places Cities Persons
The Encyclopedia of Urban Studies serves as an introduction to topics of significance in urban studies for an audience that includes undergraduate students beginning graduate students of urban studies and the related urban disciplines a broader public that has an interest in the new urban world and even established teachers and scholars who are exploring new areas of study

America's Changing Neighborhoods Reed Ueda, 2017-09-21
A unique panoramic survey of ethnic groups throughout the United States that explores the diverse communities in every region state and big city Race ethnicity and immigrants lives and identity these are all key topics that Americans need to study in order to fully understand U S culture society politics economics and history Learning about place through our own historical and contemporary neighborhoods is an ideal way to better grasp the important role of race and ethnicity in the United States This reference work comprehensively covers both historical and contemporary ethnic and immigrant neighborhoods through A Z entries that explore the places and people in every major U S region and neighborhood
America's Changing Neighborhoods: An Exploration of Diversity uniquely combines the history of ethnic groups with the history of communities offering an interdisciplinary examination of the nation's makeup It gives readers perspective and insight into ethnicity and race based on the geography of enclaves across the nation in regions and in specific cities or localized areas within a city Among the entries are nearly 200 neighborhood biographies that provide histories of local communities and their ethnic groups Images sidebars cross references at the end of each entry and cross indexing of entries serve readers conducting preliminary as well as in depth research The book's state by state entries also offer population data and an appendix of ancestry statistics from the U S Census Bureau details ethnic and racial diversity

Asian America Huping Ling, 2009-04-29
The last half century witnessed a dramatic change in the geographic ethnographic and socioeconomic structure of Asian American communities While traditional enclaves were strengthened by waves of recent immigrants native born Asian Americans also created new urban and suburban areas Asian America is the first comprehensive look at post 1960s Asian American communities in the United States and Canada From Chinese Americans in Chicagoland to Vietnamese Americans in Orange County this multi disciplinary collection spans a wide comparative and panoramic scope Contributors from an array of academic fields focus on global views of Asian American communities as well as on territorial and cultural boundaries Presenting groundbreaking perspectives Asian America revises worn assumptions

and examines current challenges Asian American communities face in the twenty first century **Cities and Society** Nancy Kleniewski,2008-04-15 This distinctive anthology contains classic and first rate contemporary writings that have had a major impact on the field of urban studies The expert and well known scholars who have written these essays cover central topics that have evolved over the past 25 years Brings together 20 of the most important classic and contemporary readings on cities and society in one accessible volume Offers an international focus as well as case studies all by leading experts in the field Includes an analytical introduction by the editor Provides coverage of current trends theoretical perspectives and policy issues Features diverse topics such as space housing globalization the economy and social inequalities Chinese in Dubai Yuting Wang,2020-09-07 Chinese in Dubai offers the first book length study of the experiences of overseas Chinese living in the most prominent global city in the Arabian Gulf and the broader Middle East region Evolving around three themes money pride and spirituality this book delineates the changing shape of Chinese spaces in metropolitan Dubai explicates how a frontier mentality affects intergroup relations identity construction and religious experiences in the Chinese diaspora It documents how the Chinese make sense of their struggles sufferings prosperity and success in relation to Dubai s fast changing social environment This book is a timely endeavour to gauge the implications of a rising China and the shifting patterns of the international economic and political order for the global Chinese diaspora **From Chinatown to Every Town** Zai Liang,2023-02-07 From Chinatown to Every Town explores the recent history of Chinese immigration within the United States and the fundamental changes in spatial settlement that have relocated many low skilled Chinese immigrants from New York City s Chinatown to new immigrant destinations Using a mixed method approach over a decade in Chinatown and six destination states sociologist Zai Liang specifically examines how the expansion and growing popularity of Chinese restaurants has shifted settlement to more rural and faraway areas Liang s study demonstrates that key players such as employment agencies Chinatown buses and restaurant supply shops facilitate the spatial dispersion of immigrants while simultaneously maintaining vital links between Chinatown in Manhattan and new immigrant destinations Mapping Modern Mahayana Jens Reinke,2021-01-18 This book presents a multi sided ethnographic study of the global development of the Taiwanese Buddhist order Fo Guang Shan It explores the order s modern Buddhist social engagements by examining three globally dispersed field sites Los Angeles in the United States of America Bronkhorstspruit in South Africa and Yixing in the People s Republic of China The data collected at these field sites is embedded within the context of broader theoretical discussions on Buddhism modernity globalization and the nation state By examining how one particular modern Buddhist religiosity that developed in a specific place moves into a global context the book provides a fresh view of what constitutes both modern and contemporary Buddhism while also exploring the social cultural and religious fabrics that underlie the spatial configurations of globalization **Chinatown Unbound** , Kay Anderson,Ien Ang,Andrea Del Bono,Donald McNeill,, Alexandra Wong,2019-01-25 Chinatowns are familiar places in almost all major cities in the world In popular Western

wisdom the restaurants pagodas and red lanterns are intrinsically equated with a self contained immigrant Chinese district an alien enclave of the East in the West By the 1980s when these Western societies had largely given up their racially discriminatory immigration policies and opened up to Asian immigration the dominant conception of Chinatown was no longer that of an abject ethnic ghetto rather Chinatown was now seen as a positive expression of multicultural heritage and difference By the early 21st century however these spatial and cultural constructions of Chinatown as an other space whether negative or positive have been thoroughly destabilised by the impacts of accelerating globalisation and transnational migration This book provides a timely and much needed paradigm shift in this regard through an in depth case study of Sydney s Chinatown It speaks to the growing multilateral connections that link Australia and Asia and especially China together not just economically but also socially and culturally as a consequence of increasing transnational flows of people money ideas and things Further the book elicits a particular sense of a place in Sydney s Chinatown that of an interconnected world in which Western and Asian realms inhabit each other and in which the orientalist legacy is being reconfigured in new deployments and more complex delimitations As such Chinatown Unbound engages with and contributes to making sense of the epochal shift in the global balance of power towards Asia especially China Tourism, Ethnic Diversity and the City Jan Rath,2007-05-07 Informative and enlightening Rath fills a gap in existing research in terms of how immigration relates to urban tourism and investigates the new theoretical insights using revealing international case studies *Koreatowns* Jinwon Kim,Soo Mee Kim,Stephen Cho Suh,2020-06-30 This collection defines Koreatowns as spatial configurations that concentrate elements of Korea demographically economically politically and culturally The contributors provide exploratory accounts and critical evaluations of Koreatowns in different countries throughout the world Ranging from familiar settings such as Los Angeles and New York City to more unfamiliar locales such as Singapore Beijing Mexico U S Mexico borderlands and the American Midwest this collection not only examines the social characteristics and contours of these spaces but also the types of discourses and symbols that they exude **Global Philadelphia** Ayumi Takenaka,Mary Johnson Osirim,2010 The racial and ethnic composition of Philadelphia continues to diversify as a new wave of immigrants largely from Asia and Latin America reshape the city s demographic landscape Moreover in a globalized economy immigration is the key to a city s survival and competitiveness The contributors to Global Philadelphia examine how Philadelphia has affected its immigrants lives and how these immigrants in turn have shaped Philadelphia Providing a detailed historical ethnographic and sociological look at Philadelphia s immigrant communities this volume examine **Landscapes of the Ethnic Economy** David H. Kaplan,2006-10-26 Immigration has expanded dramatically in both traditional and emerging receiving nations This worldwide boom has profoundly altered urban areas as new arrivals have transformed inner cities and suburbs alike into bastions of new ethnic economic activity Examining the essential role of space in assisting and modifying ethnic business activity this book considers how ethnic economies are reshaping the urban landscape in the United States Britain Australia

Canada Germany and Italy Each chapter explores the significance of urban space and local context in the development of an ethnic economy and how in turn ethnic economies have helped to recreate urban neighborhoods With its international scope and rich case studies this book will be invaluable for scholars and students alike in the fields of ethnic studies urban studies economic development geography and sociology Public Spaces Joao Teixeira Lopes,Ray Hutchison,2016-11-17 This volume is about the plurality and complexity of modern urban public spaces The authors move far beyond the nostalgia of traditional streets squares and gardens to mobilize contemporary sociological knowledge based on the mediated relations between spatial morphology and everyday life in cities across several continents **Rethinking Global Urbanism** Xiangming Chen,Ahmed Kanna,2012-05-31 Arguing that the focus in global urban studies on cities such as New York London Tokyo in the global North Mexico City and Shanghai in the developing world and other major nodes of the world economy has skewed the concept of the global city toward economics this volume gathers a diverse group of contributors to focus on smaller and less economically dominant cities It highlights other important and relatively ignored themes such as cultural globalization alternative geographies of the global and the influence of deeper urban histories particularly those relating to colonialism in order to advance an alternative view of the global city **Chinese Americans in the Heartland** Huping Ling,2022-09-16 The term Heartland in American cultural context conventionally tends to provoke imageries of corn fields flat landscape hog farms and rural communities along with ideas of conservatism homogeneity and isolation But as the Midwestern and Southern states experienced more rapid population growth than that in California Hawaii and New York in the recent decades the Heartland region has emerged as a growing interest of Asian American studies Focused on the Heartland cities of Chicago Illinois and St Louis Missouri this book draws rich evidences from various government records personal stories and interviews and media reports and sheds light on the commonalities and uniqueness of the region as compared to the Asian American communities on the East and West Coast and Hawaii Some of the poignant stories such as the Three Moy Brothers Alla Lee and Save Sam Wah Laundry told in the book are powerful reflections of Asian American history
