Staff, 2006-01-10 **Recreating Your Self** Nancy J. Napier, 1991-10-01 For people who were emotionally and physically wounded as children the journey to adulthood is a constant struggle with shame self criticism and fear Napier shows these adult children how to use self hypnosis to resolve the effects of abuse build a healing relationship with the child within and give back the hand me downs that are causing pain **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004

Paperbound Books in Print 1995 Reed Reference Publishing, Reference Reed, 1995-12 *Change Your Life With Self Hypnosis* Michael Hadfield, 2013-09-09 Change Your Life with Self Hypnosis really could change your life Unlike most books on self hypnosis this is not a recipe book where you turn to the chapter about your problem and then struggle to bring about the changes your heart desires This book is a step by step approach that leads you to a Mastery of Self Hypnosis It takes you through the basics ensuring you understand fully how easy it is to take yourself into a self hypnotic trance before introducing you to the ideas and methods of introducing psychological physical and spiritual changes in your BodyMind The approach is straightforward with four sections These sections teach you the skills you need and then approach problems of Mind Body and finally Spirit Skills In The Skills section teaches you the important differences between hypnosis and self hypnosis You are introduced to two simple foolproof methods of taking yourself into a trance A lack of an ability to visualise frequently discourages people from engaging in beneficial activities like guided meditations and other mind training activities The author explains how everyone can do what is necessary to create the mental images you need in order to change your life for the better Another area that frequently causes failure with self hypnosis and affirmations is the wording of the self suggestions The problems are explained and you are shown how easily you can create powerful mind and behaviour altering suggestions to re program your subconscious mind Mind In this section the author looks at four basic problem areas that prevent life being lived to the full confidence self esteem anxiety and how to resolve relationship difficulties by working on yourself Phobias are also covered including agoraphobia social phobia Although phobias do not affect a most people they can be severely disabling and so solutions are provided here Body In The Body section teaches you how to use your mind to influence your body Frequently Western medicine lets us down in those very areas where we most need help This section gives you some general guidance on how to use self hypnosis for self healing It then covers in detail some common problem

areas that you may need help with physical pain excess weight smoking blood pressure and sleep Spirit Here the author lifts the bar a little so that you can begin to stretch yourself and fully appreciate the power of your own mind The earlier sections dealt with fixing problems that prevented you from living a normal healthy life In Spirit he moves on to demonstrate how you can use your mastery of self hypnosis to begin the process of creating the life you want rather than the life you have Here you will find an introduction to the idea that we create our own reality along with techniques to increase happiness wealth and freedom in your life *Through the Open Door* Kevin Hogan, Mary Lee LaBay, 2012-06-07 This should be a high priority purchase Library Journal In a radical departure from other self hypnosis and self improvement books internationally known hypnotherapists Kevin Hogan and Mary Lee LaBay contend that you can make lasting changes in your life by following simple step by step blueprints for achievement personal mastery and emotional control The authors share expertise gathered from a lifetime of research and successful therapeutic work to teach you how to improve IQ and memory raise self esteem eliminate fear control pain and build lasting self confidence Ultimate Happiness Self-Hypnosis Collection J.D. Rockefeller, 2015-10-01 This is the SCRIPT version for the audiobook Ultimate Happiness Self Hypnosis Collection Self Esteem Confidence Coming out of Depression Positive Thinking A lack of self esteem and confidence can hinder your ability to move forward in life and reach your full potential It can also lead to depression and to developing negative thinking patterns However with the help of self hypnosis you can develop positive thinking and regain the confidence and self esteem necessary to propel your life forward and reach all your dreams aspirations and desires Instead you can help yourself improve your quality of your life with hypnotherapy The self hypnosis audiobook version of this script will help you Increase your Self Esteem Increase your Confidence Come out of depression Develop Positive Thinking A lack of self esteem confidence and depressed mood does not have to be a norm for you If any of these symptoms bother you it's time to take control of your life and put self hypnosis to work for you Soon you will feel energized revitalized and with a positive outlook on life which will give you all the confidence and mental strength you need to take your life into new heights and conquer your most ambitious goals
