Marks, 2006-03-30 Diana Marks looks at children's and young adult book awards in depth. The history, award criteria, and a biography of the person behind each of the well-known awards is included. Also of interest are lists of the winners in each category, teaching and exploration activities, reproducible teaching aides, and a timeline of events leading up to the establishment of the award. Information about well-known awards is accompanied by information on the lesser-known Pura Belpré, Jane Addams, etc. Information is formatted in quick, easy-to-read tables and charts suitable for classroom duplication. Although some of this information is available online, this is a one-stop handbook that contains lesser-known awards and offers activities for enriching the study of each award, whether well-known or not. Grades K-8. *Children's Book Prizes* Ruth Allen, 2019-01-22 First published in 1998, this book is the first comprehensive survey of the awards made to children's books in the English-speaking world. The Volume covers nearly forty different prizes, including well-known and established ones such as the Newbery Award, prizes instigated by the commercial sector such as the Smarties Prize, as well as nationally sponsored awards and prizes for illustrators. Detailed lists are provided of the winning titles and where appropriate the runners-up in each year that the award has been given. Ruth Allen also presents some fascinating and often entertaining insights into the motivations behind awards and how they are viewed by authors, illustrators, publishers, librarians, booksellers, and potential purchasers. The various criteria applied by judges of these awards are also examined with an assessment of whether they have always achieved the right result. This Volume is both a useful guide for adults wishing to buy good books for children and an important tool for those researching the history of the children's book industry. **The Corn Grows Ripe** Dorothy Rhoads, 1993-06-01 A Newbery Honor Book.
