The Rape of Nanking Zhang Sheng, 2021-11-08 The Massacre of Nanking took place in 1937 during the War of the Japanese Invasion of China 75 years after the event we are finally able to analyze and study what happened in Nanking on three levels as an historical event as a legal case and as an object in the Chinese people's collective consciousness

Nanking 1937 Robert Sabella, Feifei Li, David Liu, 2015-06-03 In recent years the international community has begun to scrutinize and in many cases condemn the atrocities that took place at Nanking in late 1937 This is all part of a larger worldwide movement in which both nations and multinational groups are attempting to reach closure regarding past atrocities and inhumanities As represented by the contributors to this book these activities have an importance reaching far beyond aggressors or victims beyond admission or vindication but rather are a search for the common causes of all human atrocities and for solutions that would set humanity on a path toward a more peaceful and harmonious international community

a time when the world did not notice the glaring truth about the differences between Hitler's symbol swastikas and their alterations. People of the future will not believe that people of today were so blind and ignorant. It will be Dr. Curry's revolutionary paradigm shift. The same path of doubt, dissemination, and eventual widespread acceptance will occur regarding Dr. Curry's discovery that the Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. It will be another revolutionary paradigm shift. Dead Writers Club. **Nanking** Masahiro Yamamoto, 2000-08-30. The December 1937 incident that has come to be known as the Rape of Nanking is without doubt a tragedy that will not soon be forgotten. While acknowledging that a tremendous loss of life occurred, this study challenges the current prevailing notion that the incident was a deliberate planned effort on the part of the Japanese military and analyzes events to produce an accurate estimate of the scale of the atrocities. Drawing on Chinese, Japanese, and English sources, Yamamoto determines that what happened at Nanking were unfortunate atrocities of conventional war with precedents in both Eastern and Western military history. He concludes that post-war events such as the war crimes trials and the impact of the Holocaust in Europe affected public opinion regarding Nanking and led to a dramatic reinterpretation of events. The Rape of Nanking consisted of two distinct phases: the mass execution of prisoners of war as well as conscription-age men who appeared to be combatants and the delinquent acts of individual soldiers. The first phase, which occurred immediately after Nanking's fall and which claimed most of the atrocity victims, was the result of the Japanese military's attempt to clear the city of Chinese soldiers thought to be in plain clothes. The second phase, which lasted approximately six weeks, was horrible but resulted in a much smaller number of fatalities. It was characterized by numerous criminal acts ranging from rape and murder to arson and theft committed by unrestrained Japanese soldiers. The root cause for both phases was the Japanese military's bureaucratic inefficiency and command irresponsibility. While both Chinese and American contemporary sources initially attributed the incident to these causes, subsequent Japanese atrocities against both military and civilian Allied personnel during World War II and evidence presented at war crimes trials would come to reshape perceptions of the Nanking events as an Asian counterpart to the Nazi Holocaust. **Charities in the Non-Western World** Rajeswary Ampalavanar Brown, Justin Pierce, 2013-12-04. Urbanizing China in War and Peace Toby Lincoln, 2015-05-31 Urbanizing China in War and Peace rewrites the history of rural urban relations in the first half of the twentieth century by arguing that urbanization is a total societal transformation and as important a factor as revolution nationalism or modernity in the history of modern China Linking the global and the local in space and time China's urbanization was not only driven by industrial capitalism and the expansion of the state but also shaped how these forces influenced daily life in the city and the countryside Although the conflict that beset China after the Japanese invasion in 1937 affected the development of cities towns and villages it did not derail previous changes To truly understand how China has emerged as the world's largest urban society we must consider such continuities across the first half of the twentieth century during periods of war as well as peace The book focuses on Wuxi a city that lies a hundred miles to the west of Shanghai In the early twentieth century local industrialists were responsible for it quickly becoming the largest industrial city in China outside treaty ports They built factories roads and other infrastructure outside the old city walls and in surrounding towns and villages Chapters examine the county's transformation as recorded in guidebooks and travel magazines of the time and the role of the state in the early 1920s and into the Nanjing Decade when new administrative laws led to the continued expansion of the city under both municipal and county officials They explore the revival of the silk industry during the Japanese occupation and the industry's role in driving urbanization as well as efforts by Chinese leaders to carry out prewar development plans despite lockdowns and qingxiang

clean the countryside campaigns In the midst of the barbed wire and watch towers plans to shape the built environment in Wuxi County and the region as a whole persisted and were carried out Ambitious and well researched Urbanizing China in War and Peace will appeal to scholars and students of Chinese urban history the Anti Japanese War of Resistance and the Republican period Its engagement with issues of urbanization in general will interest urban historians of other times and places

Superstitious Regimes Rebecca Nodostup,2010-07-01 We live in a world shaped by secularism the separation of numinous power from political authority and religion from the political social and economic realms of public life Not only has progress toward modernity often been equated with secularization but when religion is admitted into modernity it has been distinguished from superstition That such ideas are continually contested does not undercut their extraordinary influence These divisions underpin this investigation of the role of religion in the construction of modernity and political power during the Nanjing Decade 1927 1937 of Nationalist rule in China This book explores the modern recategorization of religious practices and people and examines how state power affected the religious lives and physical order of local communities It also looks at how politicians conceived of their own ritual role in an era when authority was meant to derive from popular sovereignty The claims of secular nationalism and mobilizational politics prompted the Nationalists to conceive of the world of religious association as a dangerous realm of superstition that would destroy the nation This is the first superstitious regime of the book s title It also convinced them that national feeling and faith in the party state would replace those ties the second superstitious regime

The Nanjing Massacre and Sino-Japanese Relations Zhaoqi Cheng,2020-10-17 Based on extensive research on the International Military Tribunal for the Far East this book closely examines the claims and controversy surrounding the Nanjing Massacre a period of murder in 1937 1938 committed by Japanese troops against the residents of Nanjing Nanking after the capture of the then capital of the Republic of China during the Second Sino Japanese War Focusing on weighing up arguments denying Nanjing Massacre this book considers the Japanese Illusion school of thought which contests the truth of the Nanjing Massacre claims including the death toll and the scale of the violence The Nanjing Massacre remains a controversial issue in Sino Japanese relations despite the normalization of bilateral relations and this book goes to great lengths to examine the events through comparative narratives investigating different perspectives and contributing to the debate from the extensive research of the Tokyo Trial Research Centre at Shanghai as well as volumes of Chinese and Japanese historical documents

In a Sea of Bitterness R. Keith Schoppa,2011-11-30 The Japanese invasion of Shanghai in 1937 led 30 million Chinese to flee their homes in terror and live in the words of artist and writer Feng Zikai in a sea of bitterness as refugees Keith Schoppa paints a comprehensive picture of the refugee experience in one province Zhejiang where the Japanese launched notorious campaigns

The Nanjing Massacre: A Japanese Journalist Confronts Japan's National Shame Katsuichi Honda, Frank Gibney, Karen Sandness,2015-02-24 This book is based on four visits to China between 1971 and 1989 by Honda Katsuichi an investigative journalist for Asahi Shimbun His aim is to show in pitiless detail the horrors of the Japanese Army s seizure and capture of Nanjing in December 1937 Unvarnished accounts of the testimony Chinese victims and Japanese perpetrators to the rape and slaughter are juxtaposed with public relations announcements of the Japanese Army as printed in various Japanese newspapers of the time The bland announcements of triumphant victories stand in bitter contrast to the atrocities that actually took place on the scene The story unfolds with horrible detail as we watch the triumphant progress of the Japanese army whose troops were bent on rape and killing in the so called heat of battle Yet by recalling the testimony of Japanese soldiers and reporters who were on the scene as well as reproducing dispatches by Japanese Army authorities at the time Honda makes it clear that the atrocities were part of a studied effort directed by the Japanese high command to impress the Chinese people with the power of its army and the folly of resistance to it the estimate of 300 000 killed in these military operations is no exaggeration Honda has worked with other Japanese journalists and scholars who have attempted to reveal the truth of the Nanjing massacre provoked by the efforts of right wing Japanese including sadly many government officials to whitewash the whole incident even to the point of contending that a massacre never happened This gripping account of the atrocities and cover up joins other exposes Chinese and now German in keeping alive the memory of this shameful event
