

# REDISCOVERING THE ORIGINAL CHRIST TEACHINGS

The background of the entire image is a vibrant, ethereal scene. In the center, a group of about seven or eight people, depicted in a classical, painterly style, are standing in a circle with their backs to the viewer. They are wearing long, dark robes. Their hands are joined together, and they are surrounded by a brilliant, golden-yellow light that radiates outwards. This light creates a sense of divine presence and spiritual energy. Swirling around the central group are wisps of smoke or energy in shades of blue, green, and orange, giving the impression of a cosmic or mystical event. The overall composition is balanced and visually striking, with the text overlaid on the upper portion.

Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches *The Historical Christ* Bp.
