J. Marshall, 2015-12-14 The Mandate of Heaven was originally given to King Wen in the 11th century BC King Wen is credited with founding the Zhou dynasty after he received the Mandate from Heaven to attack and overthrow the Shang dynasty King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes This book validates King Wen's association with the Changes It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen's capital of Feng by his son King Wu shortly after King Wen had died before he had a chance to launch the full invasion The sense of this eclipse as an actual event has been overlooked for three millennia It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told It shows how the earliest layer of the Book of Changes the Zhouyi has preserved a hidden history of the Conquest *Feng Shui Made Easy, Revised Edition* William Spear, 2011-03-08 Credited as bringing feng shui to the Western mainstream this influential classic offers a uniquely holistic approach to feng shui one focused on initiating change from the inside and out Discover the foundational principles of the ancient Chinese practice of feng shui and how you can apply them to your relationships community and home with the most user friendly translation of feng shui The New York Times While most of the early English language books on feng shui are dauntingly mystical or rely on complex calculations or culturally specific design practices Feng Shui Made Easy takes a more holistic approach clearly explaining the fundamentals while guiding readers on an inner journey of understanding Thoughtfully written and beautifully illustrated the book is structured around an architecture of consciousness that is really the inner landscape The book explores each house of the bagua the chart representing one's journey through life relationships with parents loved ones and community creativity spirituality and connectedness to the source of life and the symbolism of the corresponding I Ching trigram Feng Shui Made Easy helps readers discover the nature of these connections as well as learn what obstructions must be removed to change fixed patterns of behavior and restore balance harmony and inner peace a process that when combined with external adjustments results in increased success and lasting change in all areas of life This revised edition expands on the author's intuitive approach with new sections on health children's environments and ecological concerns and sustainable practices The author also corrects misconceptions about feng shui and uses fascinating case studies to share valuable insights he gained from interactions with his clients and readers *The Yijing* Joseph Alan Adler, 2022 Despite its enduring popularity

both in China and worldwide the Yijing is often poorly understood As a divinatory text it has a devoted following in the western hemisphere even as it represents a foundational text of both Confucianism and Daoism A fascination with the Yijing has been evident among western scholars since the Enlightenment as well as in notable modern literary and artistic figures This book provides an introduction for the general reader to this classic sacred text Joseph A Adler explains its multi layered structure its origins its history of interpretation from the early first millennium BCE up to the present day its function of divination its significance in the history of Chinese thought and its modern transformations He explores why the Yijing has been considered the most profound expression of traditional Chinese thought and what meaning it can have for contemporary readers
