shares a collection of short stories that entertain and inspire Some of the wisdom she shares includes If you are a believer in Jesus Christ then God is your loving heavenly father Come to him with your pain Come to him with your problems Wait and see Let s refuse to hide and slink into our holes Let s go to church Let s find community We can help others as they help us God made each of us so very different We each have our strengths and we each have our weaknesses We are happiest when we avoid comparison and can rejoice in other s strengths Stories that Preach is not a Bible study but simply a book designed provoke thoughts beyond the stressful ones that usually mark our days **What It Is to Exist** Patrick Zoll,2022-10-24 One important task of metaphysics is to answer the question of what it is for an object to exist The first part of this book offers a systematic reconstruction and critique of contemporary views on existence The upshot of this part is that the contemporary debate has reached an impasse because none of the considered views is able to formulate a satisfactory answer to this fundamental metaphysical question The second part reconstructs Thomas Aquinas s view on existence esse and argues that it contributes a new perspective which allows us to see why the contemporary debate has reached this impasse It has come to this point because it has taken a premise for granted which Aquinas s view rejects namely that the existence of an object consists in something s having a property A decisive contribution of Aquinas s theory of esse is that it makes use of the ideas of metaphysical participation and composition In this way it can be explained how an object can have esse without being the case that esse is a property of it This book brings together a reconstruction from the history of philosophy with a systematic study on existence and is therefore relevant for scholars interested in contemporary or medieval theories of existence
