Digital Roots Gabriele Balbi, Nelson Ribeiro, Valérie Schafer, Christian Schwarzenegger, 2021-09-07 As media environments and communication practices evolve over time so do theoretical concepts This book analyzes some of the most well known and fiercely discussed concepts of the digital age from a historical perspective showing how many of them have pre digital roots and how they have changed and still are constantly changing in the digital era Written by leading authors in media and communication studies the chapters historicize 16 concepts that have become central in the digital media literature focusing on three main areas The first part Technologies and Connections historicises concepts like network media convergence multimedia interactivity and artificial intelligence The second one is related to Agency and Politics and explores global governance datafication fake news echo chambers digital media activism The last one Users and Practices is finally devoted to telepresence digital loneliness amateurism user generated content fandom and authenticity The book aims to shed light on how concepts emerge and are co shaped circulated used and reappropriated in different contexts It argues for the need for a conceptual media and communication history that will reveal new developments without concealing continuities and it demonstrates how the analogue digital dichotomy is often a misleading one

Split Screen Nation Susan Courtney, 2017 Analyzing an eclectic history of film and related media Split Screen Nation argues that popular visions of the American West and the American South must be thought in relation to one another if we are to fully understand the marks both have left on popular ways of imagining the U S

Early Film Culture in Hong Kong, Taiwan, and Republican China Emilie Yueh-yu Yeh, 2018-03-22 This volume features new work on cinema in early twentieth century Hong Kong Taiwan and Republican China Looking beyond relatively well studied cities like Shanghai these essays foreground cinema s relationship with imperialism and colonialism and emphasize the rapid development of cinema as a sociocultural institution These essays examine where films were screened how cinema going as a social activity adapted from and integrated with existing social norms and practices the extent to which Cantonese opera and other regional performance traditions were models for the development of cinematic conventions the role foreign films played in the development of cinema as an industry in the Republican era and much more

Portable Moving Images Ricardo Cedeño Montaña, 2017-08-21 This media history explores a series of portable small cameras playback devices and storage units that have made the production of film and video available to everyone Covering several storage formats from 8mm films of the 1900s through the analogue videotapes

of the 1970s to the compression algorithms of the 2000s this work examines the effects that the shrinkage of complex machines media formats and processing operations has had on the dissemination of moving images Using an archaeological approach to technical standards of media the author provides a genealogy of portable storage formats for film analog video and digitally encoded video This book is a step forward in decoding the storage media formats which up to now have been the domain of highly specialised technicians

Hollywood Outsiders Anne Morey, 2003 An innovative approach to the relationship between filmmaking and society during Hollywood's golden age The 1910s and 1920s witnessed the inception of a particular brand of negotiation between filmdom and its public in the United States Hollywood its proponents and its critics sought to establish new connections between audience and industry suggesting means by which Hollywood outsiders could become insiders Hollywood Outsiders looks at how four disparate entities the Palmer Photoplay correspondence school of screenwriting juvenile series fiction about youngsters involved in the film industry film appreciation and character education programs for high school students and Catholic and Protestant efforts to use and influence filmmaking conceived of these connections and thus of the relationship of Hollywood to the individual and society Anne Morey's exploration of the diverse discourses generated by these different conjunctions leads to a fresh and compelling interpretation of Hollywood's place in American cultural history In its analysis of how four distinct groups each addressing constituencies of various ages and degrees of social authority defined their interest in the film industry Hollywood Outsiders combines concrete discussions of cultural politics with a broader argument about how outsiders viewed the film industry as a vehicle of self validation and of democratic ideals
