Chasing Adonis Tim Bergling, 2013-04-03 What is it about some men that makes them an object of our deepest desires And how far are we willing to go in pursuit of those desires Chasing Adonis Gay Men the Pursuit of Perfection delves into one of the most central mysteries of gay life What is it gay men find attractive in other men and why How much is nature how much is nurture or maybe just clever marketing This unique book examines steroid use body image disorders gym culture Internet hook ups obsession stalking porn erotic Web sites strip clubs and everything else that makes gay men act a little bit nutty when they meet someone who drives them crazy Frank sexy and controversial it uses a light touch to examine a serious subject how gay society objectifies the male body Tim Bergling author of Sissyphobia Gay Men and Effeminate Behavior and Reeling in the Years Gay Men's Perspectives on Age and Ageism surveys gay men about their individual concepts of beauty and desire and about the almost unattainable Adonis standard many of them set for themselves Teenagers senior citizens and the guys stuck in the middle discuss the idea of perfection how much it changes or evolves over time and whether the exterior package

outweighs what's inside From the author It never ceases to amaze me just how powerful the d word desire can be how it can take control of our lives and shut everything out sometimes for just a few moments sometimes for days or weeks at a time depending on how badly we're smitten Ask just about anybody and they can likely pull up a story from their past or their present when they've done something incredibly stupid or ill advised or maybe just something completely out of character in pursuit of their heart's desire Chasing Adonis examines obsession and rejection self esteem issues the allure of youth preferences in body shapes types and sizes designer genes vs first impressions assessing body parts narcissism or comfort level why men chase after guys who look like them AIDS and HIV gay porn adult book stores and the Internet the Calvin Klein ad campaign featuring Marky Mark Wahlberg the Abercrombie Fitch ads Tom of Finland gay icons weight training and fitness clubs steroids and plastic surgery circuit parties body dysmorphia and much more Chasing Adonis Gay Men and the Pursuit of Perfection is an entertaining and enlightening read for gay men of all ages **Out**, 2004-04 Out is a fashion style celebrity and opinion magazine for the modern gay man Side by Side Andrew Gottlieb, 2014-04-04 How would you react if your brother or sister came out to you I'm proud to have been the first to know My conservative upbringing contributed to the notion that John's behavior was sinful The first thought I had about it was that my brother had somehow been misdirected involving himself in the wrong crowd How could he be gay I was convinced we all had to help him overcome this problem I equated being gay with having a mental disorder and thought maybe we should send him to a therapist I love Beth very much I am proud of her thankful for her and can't imagine life without her In this first of its kind book Andrew Gottlieb the author of Out of the Twilight Fathers of Gay Men Speak and Sons Talk About Their Gay Fathers Life Curves continues his landmark exploration at the intersection of sexuality and family studies Here he turns his thoughtful gaze to the powerful bonds of brotherhood and sisterhood to address questions such as How are we affected by the knowledge that a sibling feels same sex attraction and how does that knowledge impact on our relationships with our brother or sister How do brothers and sisters of gay lesbian people cope with stigma and homophobia What if there's already a non heterosexual sibling in the family how does he or she react when another sibling comes out Do each of their roles change Besides the fact that Lee didn't conform to my notion of what a lesbian was I of course always looked and acted the part I wondered how this would affect my role as the lesbian of the family Would this rock the boat Would two lesbians in the family be one lesbian too many In their own words 18 men and women share their thoughts and feelings about their gay brothers and sisters What they have to say is revealing about themselves about the nature of sibling relationships and about their role as peacemakers Gay men and lesbian women often disclose their sexuality to their siblings before anyone else in their families Side by Side examines the impact of a brother or sister coming out and of the way that a gay person's siblings are sometimes placed in the position of being a social moral bridge between the generations Clearly Tina has been a major force in my life and it doesn't just end with me My three children and husband have all learned by Tina's example we all do what we can to bring fairness and

equality to everyone With a smile on my face I occasionally say to Tina Look what you ve done to me Without her I would never be where I am or who I am The contributors to Side by Side come from varying religious and economic backgrounds In plain language that is easily accessible to most adolescents and adults they candidly relate the experience of what it was like to find out about their sibling s homosexuality and how that knowledge affected them over time Some of their perspectives may surprise you Many will move you You ll also find a list of suggested readings and a list of organizations offering support and information for siblings of gay lesbian bisexual and transgender people **Gay and Lesbian Elders** Nancy J.

Knauer,2016-04-15 The approximately two million gay and lesbian elders in the United States are an underserved and understudied population At a time when gay men and lesbians enjoy an unprecedented degree of social acceptance and legal protection many elders face the daily challenges of aging isolated from family detached from the larger gay and lesbian community and ignored by mainstream aging initiatives Drawing on materials from law history and social theory this book integrates practical proposals for reform with larger issues of sexuality and identity Beginning with a summary of existing demographic data and offering a historical overview of pre Stonewall views of homosexuality author Nancy J Knauer goes on to address the invisibility of this community She examines the multiple double binds central to their identity formation including ageism among gays and lesbians and homophobia among seniors Further the book focuses on specific legal concerns such as estate planning housing discrimination and financial insecurity and how they impact this community uniquely Integrating theory with practical questions of policy and advancing a new understanding of the construction of sexuality and identity this book advocates meaningful new reforms designed to ensure equity and dignity in aging regardless of sexual orientation **Men, Masculinities, and Aging** Edward H. Thompson,Jr.,2018-09-18 Men Masculinities and Aging

introduces readers to the gendered nature of aging men s lives Edward H Thompson noted for his work on men and aging explores the intersections of ethnicities class geographies generations and masculinities The book offers a fresh perspective on men s experiences with bodily aging growing older in an ageist society and navigating the virtual absence of cultural guidelines for being an aging man The book also provides a sociological theory framework on how men navigate their social aging as they experience later life and very late life Turning points such as grandfathering the changeover from work to retirement and the onset of health problems or becoming a career are discussed at length as Thompson frames these natural occurrences as now ordinary experiences as aging masculinities are no longer rarities The book will provide educators students researchers and practitioners a means to question standard assumptions about aging men and discuss what underlies most later life masculinities **Aging Masculinities in Contemporary U.S. Fiction** Josep M.

Armengol,2021-07-26 This book focuses on representations of aging masculinities in contemporary U S fiction including shifting perceptions of physical and sexual prowess depression and loss but also greater wisdom and confidence legacy as well as new affective patterns The collection also incorporates factors such as race sexuality and religion The volume

includes studies amongst others on Philip Roth Paul Auster Toni Morrison Ernest Gaines and Edmund White Ultimately this study proves that men s aging experiences as described in contemporary U S literature and culture are as complex and varied as those of their female counterparts

Queering Masculinities in Language and Culture Paul Baker, Giuseppe Balirano, 2017-12-08 How do we learn what it means to be a man And how do we learn to question what it means to be a man This collection comprises a set of original interdisciplinary chapters on the linguistic and cultural representations of queer masculinities in a range of new and older media television film online forums news reporting advertising and fiction This innovative work examines new and emerging forms of gender hybridisation in relation to complex socialisation and immigration contexts including the role of EU institutions in ascertaining asylum seekers sexual orientation and the European laws on gender policy The book employs numerous analytical approaches including critical discourse analysis corpus linguistics multimodal analysis literary criticism and anthropological and social research The authors show how such texts can disrupt question or complicate traditional notions of what it means to be a man queering the idea that men possess fixed identities or desires instead arguing that masculinity is constantly changing and negotiated through the cultural and political overlapping contexts in which it is regularly produced These nuanced analyses will bring fresh insights for students and scholars of gender masculinity and queer studies linguistics anthropology and semiotics

Masculinities and Literary Studies Josep M. Armengol, Marta Bosch Vilarrubias, Àngels Carabí, Teresa Requena, 2017-02-03 As more and more work is being done in the name of the ever growing field of study of literary representations of masculinities it seems timely to not only review its development and main contributions to the larger field of masculinity studies but also to look at its latest advances and new directions These are precisely the two main aims of *Masculinities and Literary Studies* which seeks to explore the conjunction between these two fields while exploring some of the latest developments and new directions resulting from such intersections If much of the existing masculinity scholarship has traditionally been grounded in a specific discipline this volume also seeks to provide an innovative methodological approach to the subject of literary masculinities by proving the applicability of the latest interdisciplinary masculinity scholarship namely sociology social work psychology economics political science ecology etc to the literary analysis thus crossing the traditional boundary between the Social Sciences and the Humanities in new and profound ways Presenting the latest advances in masculinity scholarship this interdisciplinary book will appeal to gender and masculinity scholars from a wide variety of fields including sociology and social work psychology philosophy political science and cultural and literary studies
